A charge of \$10 shall be made by the department for the recording of authorization for each such change of name or change of location.

(7) No license issued under this chapter shall be assignable, nor shall the department authorize the use of any name by an agency which is so similar to that of a public officer or agency, or that used by any

**149.03 Bond required.**—There shall be filed for each agency license a bond in the form of a surety, by a reputable company engaged in the bonding business, authorized to do business in the state, in due form to the Governor of the state, for the penal sum of \$3,000 with one or more sureties, to be approved by the department, and conditioned that the applicant conform to and not violate any of the duties, terms, conditions, provisions or requirements of this chapter. If any person shall be aggrieved by the misconduct of any such licensed agency, such person may maintain an action in his own name upon the bond of said employment agency, in any court having jurisdiction of the amount claimed. All such claims shall be assignable, and the assignee shall be entitled to the same upon the bond of such licensed agency or otherwise, as the person aggrieved would have been entitled to if such claim had not been assigned. Any claim or claims so assigned may be enforced in the name of such assignee. Any remedies given by this section shall not be exclusive of any other remedy which would otherwise exist.

No such licensed agency, or its employees, shall knowingly make any false entry in applicant files or receipt files. Each individual card or document in said files shall be preserved and not destroyed for a period of 3 years from date of last entry thereon. Every employment agent shall keep true and accurate work records containing such information as this chapter provides and as the department may prescribe. Such records shall be open to inspection and be subject to being copied by the department or its authorized representatives at any reasonable time and as often as may be necessary. The department may require monthly reports from each licensed agency, stating number of applicants and number of placements handled for the month. Such number of placements shall be broken down in the following classifications: clerical, industrial, hotel and restaurant, and domestic. Forms for such reports shall be furnished by the department. The department shall furnish each licensed agency a statistical report combining the above information from all agencies with same information from files of the Florida state employment services of the Division of Employment Security of the Department of Labor and Employment Security.

July 1, 1980, except for the possible effect of laws affecting this section prior to that date.

**1449.05 Registration fees, when permitted; investigation; revocation of permit; referral.—**

(1) No such licensed agency shall charge a registration fee without having first obtained a permit to charge such registration fee from the department. Any such licensed person desiring to charge such registration fee shall make application in writing to the department, and shall set out in the application the type of applicants from whom it is intended to accept a registration fee, the amount of the fee to be charged, and shall furnish any other information on the subject that the department may deem necessary to enable it to determine whether permit shall be granted.

(2) The department may make investigation, upon receipt of the application, as to the truthfulness of said application and the necessity of the charge of a registration fee; and if it is shown that the applicant's method of doing business is of such a nature that a permit to charge a registration fee is necessary, and that the record of the applicant's past method of charging a registration fee has been reasonable and fair, then the department may grant a permit to such applicant, which permit shall remain in force until revoked for cause. No permit shall be granted until after 10 days from the date of filing of the application.

(3) When a permit is granted such licensed agency may charge a registration fee not to exceed \$2. In all cases a complete record of all such registration fees and references of applicants shall be kept on file. For such registration fee a receipt shall be given to said applicant for help or employment, and shall state therein the name of such applicant, date and amount of payment, the character of position or help applied for, and the name and address of such agency. If no position has been furnished by said licensed agency to the said applicant, then said registration fee shall be returned to the said applicant on demand after 30 days and within 6 months from date of the receipt thereof, less the amount that has been actually expended by said licensed agency in checking the references of said applicant, and an itemized amount of such expenditures shall be presented to said applicant on request at the time of returning the unused portion of such registration fee.

(4) Any such permit granted by the department may be revoked by it, in the same manner as prescribed herein for the revocation of licenses.

(5) No such licensed agency shall, as a condition to registering or obtaining employment for any applicant, require such applicant to subscribe to any publication, post card service, advertisement, or resume service. Each licensed agency shall be permitted to accept an advance fee in the form of a deposit. All such advance deposit fees taken, shall be deposited in the escrow account. No funds are to be withdrawn from the escrow account by the agency before the date of the applicant's acceptance of employment. Whenever an applicant fails to secure or refuses to accept a position furnished by the agency no fee shall have been earned, and any advance fee on deposit with the escrow agent shall be refunded in full to the applicant within three business days after

request. If an applicant accepts a position through the efforts of the licensed agency and fails to report for work at the prescribed time, or quits, then said applicant shall owe the licensed agency the full placement fee for the said job and shall forfeit the total amount deposited with the licensed agency. In the event the applicant has an advance fee on deposit with the licensed agency of an amount exceeding the total fee of said position, then such overpayment of fee shall be refunded to the applicant within 3 days after request.

(6) Each applicant sent to an employer for an interview shall be furnished with a referral card containing the following information: The name and address of the employer doing the interviewing, the position for which the applicant is being interviewed, the salary offered, who is paying the cost of transportation for the interview, and a space must be provided whereby the interviewer can sign his or her name, after noting thereon whether the applicant has been engaged.

(7) In addition to the receipt herein provided to be given for a registration fee, it shall be the duty of such licensed agency to give to every applicant for employment or help from whom other fee or fees shall be received, an additional receipt in which shall be stated the name of the applicant, the amount of the fee, date of payment. All such receipts shall be in duplicate, numbered consecutively, shall contain the name and address of such agency. The duplicate receipt shall be kept on file in the agency for at least 1 year from date thereof.

(8) If the employer pays the fee, and the employee fails to remain in the position for the period of 14 days, such licensee shall refund to the employer all fees, less an amount equal to 25 percent of the total fee, within 3 days after said licensed agency has been notified of the employee's failure to remain in the employment.

(9) If the applicant is discharged at any time within 30 calendar days for any reason other than intoxication, dishonesty, unexcused tardiness, unexcused absenteeism, insubordination, misrepresentation of abilities, education or skills, or otherwise fails to remain in the position for a period of 30 calendar days through no fault of his own, such licensed agency shall refund to the employee all fees paid to said agency, less an amount equal to 25 percent of the total fee. All refunds shall be in cash or negotiable check and shall be made within 3 days of the time such licensed agency has been notified of the employee's failure to remain in the employment.

**1449.06 Attempts to induce employees to leave employment or to obtain their discharge.—**

No such licensed agent shall by himself or by his employees, solicit, persuade or induce any employee to leave any employment in which said licensed agency or his agent has placed said employee; nor shall any such licensed agent, or any of his employees, solicit, persuade or induce any employer to discharge any employee; nor shall any such licensed agent or his

#### **1449.07 Contract or railroad laborers; statements required.—**

(1) Whenever such licensed agent, or anyone acting for him agrees to send one or more persons to work as contract or railroad laborers, outside the city in which such agency is located, the said licensed agency shall give to each of such laborers, in a language with which such laborers are familiar, a statement containing the following items: "Name and nature of the work to be performed," "Wages offered," "Destination of the person employed," "Terms of transportation and probable duration of the employment," and duplicate of such a statement shall be kept on file in the office of such licensed agency sending out such laborers.

#### **1449.08 Theatrical employment agency; regulation, etc.—**

(1) Any such licensed agency conducting a theatrical employment agency, before making any engagement except an emergency engagement for an employee with any employer, shall prepare and file in such agency a written statement verified by such licensed agent, setting forth how long said employer has been engaged in the theatrical business, whether or not such employer, while financially interested in a theatrical business, has failed to pay salaries, or "left stranded" any company, group or employees during the 2 years preceding the date of application; and further, shall set forth the names of at least two persons as references. If such employer is a corporation, such statement shall set forth the names of the officers and directors thereof, the length of time such corporation or any of its officers have been engaged in the theatrical business, and the amount of the paid up capital stock.

(2) If the employer conducts a cabaret or night club, the agent shall include in such statement the name and address of the owner or owners, and whether they have failed to pay salaries to employees at any time within the past 2 years. If any allegation in such written verified statement is made upon information or belief, the person verifying this statement shall set forth the sources of his information or belief. Such statements so on file shall be kept for at least 1 year and exhibited to

every employee whose services are sought by any such employers.

(3) If any cabaret or night club employs entertainers through any source other than from a Florida licensed theatrical employment agency, said cabaret or night club shall file with the department a sworn statement containing the information required above to be filed in said agency, together with a certified copy of the contract for such entertainment. The department may, if it believes there is a doubt as to the financial stability of such employer or that there is a possibility of leaving stranded any entertainer, require a bond approved by the department to assure the payment of salaries, performance of contract and compliance with this chapter.

#### **INTERSTATE MIGRANT LABOR COMPACT**

##### **ARTICLE I**

##### **PURPOSE AND POLICY.—**

A. It is the purpose of this compact to:

1. Establish and maintain close cooperation and understanding of migrant labor programs among executive, legislative, and local government bodies and lay leadership on a nationwide basis at the state and local levels.

2. Provide a forum for the discussion, development, crystallization, and recommendation of public policy alternatives in a continuing effort to meet the problems arising from the interstate flow of migrant labor.

3. Provide a clearinghouse of information on matters relating to migrant labor problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both governmental and lay groups in the field may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy for migrant labor.

4. Facilitate the improvement of state and local programs, so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advancement, and provides means whereby the party states can coordinate programs, devise agreements for consistent application of programs, and increase the effectiveness of programs.

B. It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement, and administration of migrant labor programs in a manner which will accord with the needs and advantages of diversity among localities and states.

C. Further, it is the policy of this compact that the party states recognize that each of them has an interest in the quality of the programs offered in each of the other states, as well as in the excellence of its own programs, because of the highly mobile character of the migrant labor force as a group, and because the products and services contributing to the health, welfare, and economic advancement of each state are supplied in part by persons working in this group.

## ARTICLE II

## STATE DEFINED.—

As used in this compact, "state" means a state, territory, or possession of the United States, District of Columbia, or the Commonwealth of Puerto Rico.

## ARTICLE III

## THE COMMISSION.—

A. The interstate migrant labor commission, hereinafter called "the commission," is hereby established. The commission shall consist of five members representing each party state. One of such members representing each state shall be the governor or his representative; one shall be a member of the upper house of the state legislature, appointed by the presiding officer thereof; one shall be a member of the lower house of the state legislature, appointed by the presiding officer; and two shall be appointed by the governor, one of whom may be a local government official from an area of the state concerned with migrant labor problems. The guiding principle for the composition of the membership of the commission shall be that the members, by virtue of their training, experience, knowledge, or affiliations be in a position collectively to reflect broadly the interests of the state and local government in migrant labor affairs.

B. The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be taken only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to subcommittees appointed for specific purposes.

C. The commission shall elect annually from among its members a chairman, who shall be a governor or member of a party state legislature, a vice-chairman, and treasurer.

D. The commission shall appoint an executive director who shall serve at the pleasure of the commission. The executive director together with the treasurer and other officers of the commission shall be bonded in the amount as the commission determines. The executive director shall serve as secretary.

E. The executive director shall have the authority to direct the staff to comply with those goals established by the commission in both the compact and the bylaws of the commission. The executive director and the staff may be furnished by the council of state governments, serving the goals of the commission and any related activities of the council of state governments. In such case the commission shall reimburse the council of state governments for all reasonable charges for the services provided. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

F. The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or

agency of two or more of the party jurisdictions or their subdivisions.

G. The commission may accept for any of its purposes and functions under this compact any donations and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency or from any person, firm, association, foundation, or corporation, and may utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph F. of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant or services borrowed, and the identity of the donor or lender.

H. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

I. The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

## ARTICLE IV

## POWERS.—

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

1. Through the available facilities of party states, collect, correlate, analyze, and interpret information and data concerning migrant labor problems and resources available for solving such problems.

2. Encourage and foster research in all aspects of migrant labor, with special reference to the desirable organization, administration, and methods to be employed in meeting the needs of such labor.

3. Develop proposals for adequate financing of programs as a whole at each of many levels.

4. Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources available from party states and any other reasonably associated agencies, associations, or institutions, public or private.

5. Formulate suggested policies and plans for the improvement of migrant labor programs as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

6. Cooperate with commissions, agencies, and committees of other states having similar responsibilities, specifically party states of this compact.

7. Establish cooperative arrangements among party states whereby migrant labor programs shall have a continuing administration, application, and

effectiveness from state to state.

8. Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

#### ARTICLE V

##### COOPERATION WITH FEDERAL GOVERNMENT.—

A. If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed five representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

B. The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common policies on migrant labor of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

#### ARTICLE VI

##### COMMITTEES.—

A. The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

B. The commission may establish such additional committees as its bylaws may provide.

#### ARTICLE VII

##### FINANCE.—

A. The commission shall advise the governor or designated officer or officers of each party state of its budget and estimate expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

B. The total amount of appropriation request under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

C. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to Article III, G. of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except when the commission makes use of funds available to it pursuant to Article III, G. hereof, the commission shall not incur any obligation prior to the allot-

ment of funds by the party states adequate to meet the same.

D. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

E. The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

F. Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

#### ARTICLE VIII

##### ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL.—

A. This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor" as used in this compact shall mean the closest equivalent official of such jurisdiction.

B. Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same; provided that in order to enter into initial effect, adoption by at least five eligible party jurisdictions shall be required.

C. Adoptions of the compact may be either by enactment or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make his state a party only until the next succeeding December 31. During any period when a state is participating in this compact through gubernatorial action, the governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his state and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

D. Except for a withdrawal effective on December 31, in accordance with paragraph C. of this article, any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

#### ARTICLE IX

##### CONSTRUCTION AND SEVERABILITY.—

A. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state

or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

- 453.16 National Railway Labor Act not affected.
- 453.17 Publicly owned and operated utilities excepted.
- 453.18 Short title.

**453.01 Declaration of policy.**—That it is hereby declared to be the public policy of the State of Florida that it is necessary and essential in the public interest to facilitate the prompt, peaceful, and just settlement of labor disputes between public utility employers and their employees which cause or threaten to cause an interruption in the supply of services necessary to the health, safety, and well-being of the citizens of Florida, and to that end to encourage the making and maintaining of agreements concerning wages, hours, and other conditions of employment through collective bargaining between public utility employers and their employees, and to provide settlement procedures for labor disputes between public utility employers and their employees in cases where the collective bargaining process has reached an impasse and stalemate, and as a result thereof the parties are unable to effect such settlement and which labor disputes, if not settled, are likely to cause interruption of the supply of a public utility service on which the community so affected is so dependent that severe hardship would be inflicted on a substantial number of persons by a cessation of such service.

*History.*—s. 1, ch. 23911, 1947.  
cf.—Ch. 447 Labor organizations.

**453.02 Definitions.**—

(1) The term "public utility employer" means an employer engaged in the business of rendering electric power, light, heat, gas, water, communication, or transportation services to the public in this state.

(2) The term "collective bargaining" means collective bargaining of or similar to the kind provided for by the federal law known as the National Labor Relations Act and as interpreted by decisions of the

Supreme Court of the United States arising under said last-mentioned act.

*History.*—s. 2, ch. 23911, 1947.  
cf.—s. 453.17 Publicly owned utilities excepted.

**453.03 Duty to make effort to settle labor disputes.**—It shall be the duty of public utility employers and their employees in public utility operations to exert every reasonable effort to settle such labor disputes by the making of agreements through collective bargaining between the parties, and by the maintaining thereof when made, and to prevent, if possible, the collective bargaining process from reaching a state of impasse and stalemate.

*History.*—s. 3, ch. 23911, 1947.

**453.04 Petition for and appointment of conciliator.**—If in any case of a labor dispute between a public utility employer and its employees, the collective bargaining process reaches an impasse and stalemate, with the result that the employer and the employees are unable to effect a settlement thereof, then either party to the dispute may petition the Governor of the State of Florida to appoint a conciliator. The party filing such a petition shall serve a true copy thereof upon the other party or parties to such labor dispute. Service shall be made by delivering such a copy (a) in the case of public utility employer, to one of its officers or a member of its collective bargaining committee and (b) in the case of a labor organization, a labor union, or a group of employees in the process of organizing, to one of the officers, business agents, organizers, or collective bargaining committeemen of such organization, union or group. In case service cannot be so made within 24 hours after the time of the actual receipt of the petition by the Governor, then such service shall be effected by mailing (registered mail—return receipt requested) such a copy to the last known principal post-office address or box of the party entitled to receive the same. In event such acceptance or delivery of such mailing is refused, then such service shall be fully and sufficiently effected by the immediate posting of a true copy of the petition on the bulletin board of at least one major place of employment of employees involved in such labor dispute. The party effecting such service shall make and file with the Governor a certificate setting forth the time and date of such service and the manner in which it was so effected. Upon the filing of such petition, the Governor shall consider the same, and if he deems advisable shall order a hearing thereon, and if in his opinion the collective bargaining process, notwithstanding good faith efforts on part of both sides to such dispute, has reached an impasse and stalemate and such dispute, if not settled, will cause or is likely to cause the interruption of the supply of a service on which the community affected is so dependent that severe hardship would be inflicted on a substantial number of persons by a cessation of such service, the Governor shall appoint a conciliator to attempt to effect the settlement of such dispute. Such conciliator shall be allowed reasonable compensation for

his services and for his necessary expenses, in an amount to be fixed by the Governor, such compensation and expenses to be shared equally by the parties to the dispute.

*History.*—s. 4, ch. 23911, 1947.

**453.05 Work interruption; prohibited.**—The conciliator so named shall expeditiously meet with the disputing parties and shall exert every reasonable effort to effect a prompt settlement of such dispute. From and after the filing of a petition with the Governor as provided for in s. 453.04, and until and unless the Governor shall determine that the failure to settle the dispute with respect to which such petition relates would not cause severe hardship to be inflicted on a substantial number of persons, there shall be no interruption of work and no strikes or slowdowns by the employees, and there shall be no lockout or other work stoppage by the employer, until such time as all procedure provided for by this chapter has been exhausted or during the effective period of any order issued by a board of arbitration pursuant to the provisions of this chapter.

*History.*—s. 5, ch. 23911, 1947.  
*cf.*—s. 447.13 Right to strike preserved.

**453.06 Inability to effect settlement; appointment of board of arbitration; compensation and expenses.**—If the conciliator so named is unable to effect a settlement of such dispute within a 30-day period after his appointment, he shall report such fact to the Governor; and the Governor may allow such conciliator up to an additional 15 days in which to attempt to effect a settlement of such dispute and make report to the Governor; and the Governor, if he believes that a continuation of the dispute will cause or is likely to cause the interruption of the supply of a service on which the community so affected is so dependent that severe hardship would be inflicted on a substantial number of persons by a cessation of such service, shall appoint a board of arbitration to hear and determine such dispute. The board of arbitration shall consist of one public member chosen by the Governor, and one member designated in writing by each of the parties to the dispute. If either party to the dispute shall fail or refuse to designate its member within 1 week after appointment of the public member, the Governor shall appoint such member in the same manner as the public member is appointed. A new board shall be chosen by the Governor for each separate dispute; but the same board may hear any number of issues or grievances which are involved at the same time in any dispute between the same employer and his employees. The public member of such board of arbitration shall be allowed reasonable compensation for his services and shall be reimbursed for traveling expenses as provided in s. 112.061, in an amount to be fixed by the Governor, and such compensation of such board of arbitration shall be shared equally by the parties to the dispute.

*History.*—s. 6, ch. 23911, 1947; s. 19, ch. 63-400.

**453.07 Arbitration board; hearings.**—The board of arbitration shall promptly hold hearings and shall have the power to administer oaths and compel the attendance of witnesses and the furnish-

ing by the parties of such information as may be necessary to a determination of the issue or issues in dispute. Both parties to the dispute shall have the opportunity to be present at the hearing, both personally and by counsel, and to present such oral and documentary evidence as the board shall deem relevant to the issue or issues in controversy.

*History.*—s. 7, ch. 23911, 1947.

**453.08 Finding and order of board.**—It shall be the duty of the board to make written findings of fact, and to promulgate a written decision and order upon the issue or issues presented in each case. In making such findings the board shall consider only, and be bound only, by the evidence submitted. When a valid contract is in effect defining the rights, duties and liabilities of the parties with respect to any matter in dispute, the board shall have power only to determine the proper interpretation and application of the contract provisions which are involved. Where wage rates or other conditions of employment under a proposed new or proposed amended contract are in dispute, the board shall establish rates of pay and conditions of employment which are comparable to the prevailing wage rates paid and conditions of employment maintained by the same or similar public utility employers, if any, in the same labor market area, and if none, in adjoining labor market areas within the state, and if none, in adjoining labor market areas in states bordering on this state, and which in addition thereto bear a generally comparable relationship to wage rates paid and conditions of employment maintained by all other employers in the same labor market area. The board shall determine in each case, based upon the evidence presented and received by the board, what constitutes in that case the labor market area involved. The board may establish separate schedules of wage rates and separate conditions of employment in each labor market area. In establishing wage rates, the board shall take into consideration the overall compensation presently received by the employees, having regard not only to wages for time actually worked but also to wages for time not worked, including (without limiting the generality of the foregoing) vacations, holiday, and other excused time, and all benefits received, including insurance and pensions, and the continuity and stability of employment by the employees.

*History.*—s. 8, ch. 23911, 1947.

**453.09 Time within which to make findings; majority decision; recording; finality of order.**—The board of arbitration shall hand down its findings, decision and order (hereinafter referred to as its order) within 60 days after its appointment; provided, however, that the Governor may for good cause extend said period for not to exceed an additional 30 days. If all three members of the board do not agree, the order of the majority shall constitute the order of the board. The board shall furnish to each of the parties a copy of its order. A certified copy thereof shall be filed in the office of the Clerk of the Circuit Court of the county wherein the dispute arose or in the office of the Clerk of the Circuit Court of any county where the employer operates or maintains an office or place of business. Unless such order is reversed upon a petition for review filed

pursuant to the provisions of s. 453.10, such order, together with such agreements as the parties may themselves have reached, shall become binding upon, and shall control the relationship between, the parties from the date such order is filed with the Clerk of the Circuit Court, as aforesaid, and shall continue effective for 1 year from that date, but such order may be changed by mutual consent or agreement of the parties. No order of the board relating to wages or rates of pay shall be retroactive to a date before the date of the termination of any contract which may have existed between the parties, or, if there was no such contract, to a date before the day on which the Governor appointed a conciliator in such dispute.

History.—s. 9, ch. 23911, 1947.

#### **453.10 Review of order; by Circuit Court.—**

Either party to the dispute may within the time provided by the Florida Appellate Rules petition the Circuit Court of any county, in which the employer operates or has an office or place of business, for a review of such order on the ground (a) that the parties were not given reasonable opportunity to be heard, or (b) that the board of arbitration exceeded its powers, or (c) that the order is unreasonable in that it is not supported by the evidence, or (d) that the order was procured by fraud, collusion, or other unlawful means or methods. A summons to the other party to the dispute shall be issued as provided by law in other civil cases; and either party shall have the same rights to a change of venue from the county, or to a change of judge, as provided by law in other civil cases. The judge of the Circuit Court, without the intervention of a jury, shall hear the evidence adduced by both parties with respect to the issue raised by such petition and may reverse said order only if he finds that (a) one of the parties was not given reasonable opportunity to be heard, or (b) that the board of arbitration exceeds its powers, or (c) that the order is unreasonable in that it is not supported by the evidence, or (d) that the order was procured by fraud, collusion, or other unlawful means or methods. The decision of the Judge of the Circuit Court shall be final, unless an appeal is taken to the Supreme Court as hereinafter provided. If the court reverses said order for one of the reasons stated herein, and no appeal is taken to the Supreme Court, the clerk of said court shall certify the court's decision to the Governor, who may either attempt further conciliation or may appoint another board of arbitration, as hereinabove provided for, in the event that the parties do not prefer first to engage in further collective bargaining in an attempt to settle such dispute.

History.—s. 10, ch. 23911, 1947; s. 1, ch. 69-267.

**453.11 Appeal to Supreme Court.—**Any interested party may appeal to the Supreme Court from the decision of the Judge of the Circuit Court within the same period of time and following the same procedure as used in appeals from the order of the board of arbitration to the Circuit Court. The Supreme Court shall give precedence to the hearing of such appeals because of the public interest involved. If the Supreme Court reverses said order, then its order shall be certified to the Governor in the same man-

ner as above provided in case of reversal by the Circuit Court.

History.—s. 10, ch. 23911, 1947.

#### **453.12 Penalty for violation by an individual.**

—Any violation of this chapter by any member of a group of employees acting in concert, or by any employer or by any officer of an employer acting for such employer, or by any other individual, shall constitute a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

History.—s. 11, ch. 23911, 1947; s. 383, ch. 71-136.

#### **453.13 Penalty for lockout strike or work stoppage.—**

Any lockout engaged in by any utility, or any strike or work stoppage engaged in by any labor organization or labor union or any concerted or simultaneous action on the part of a substantial number of the members of any labor organization or labor union, which shall result in an interruption in or suspension of operation of any utility in violation of this chapter, shall subject such utility, or labor organization or labor union to a penalty not to exceed \$10,000 per day for each day that such interruption or suspension of operation shall continue. Such penalty shall be to the state and recoverable by it in any appropriate legal action. All legal proceedings under this section against corporations or unincorporated bodies to recover any such penalty or penalties may be instituted and conducted according to the provisions of general law applicable to suits or actions against such corporations or bodies.

s. 453.17 Inapplicable to publicly owned utilities.

**453.14 Action for injunction.—**Any person adversely affected by reason of any violation of the provisions of this chapter may file an action in the Circuit Court of the county in which any such violation occurs to restrain and enjoin such violation and to compel the performance of the duties imposed by this chapter.

History.—s. 13, ch. 23911, 1947.

#### **453.15 Rights of immunities of individual employees; intent of law.—**

Nothing in this chapter shall be construed to require an individual employee to render labor or service without his consent, or to make illegal the quitting of his labor or service or the withdrawal from his place of employment unless done in concert or by agreement with others. No court shall have power to issue any process to compel an individual employee to render labor or service or to remain at his place of employment without his consent. It is the intent of this chapter only to forbid employees to leave their employment in concert or to cause a work slowdown or stoppage in concert, and to forbid an employer to lock out his employees, in any case where the resultant interruption of public service would cause hardship to a substantial number of persons.

History.—s. 14, ch. 23911, 1947.

**455.201 Professions and occupations regulated by Department of Professional Regulation; legislative intent.—**

(1) It is the intent of the Legislature that persons desiring to engage in any lawful profession regulated by the department shall be entitled to do so as a matter of right if otherwise qualified.

(2) The Legislature further believes that such professions shall be regulated only for the preservation of the health, safety, and welfare of the public under the police powers of the state. Such professions shall be regulated when:

(a) Their unregulated practice can harm or endanger the health, safety, and welfare of the public, and when the potential for such harm is recognizable and clearly outweighs any anticompetitive impact which may result from licensing.

(b) The public is not effectively protected by other means, including, but not limited to, other state statutes, local ordinances, or federal legislation.

(c) Less restrictive means of regulation are not available.

(3) The boards listed in s. 20.30(4) shall not create unreasonably restrictive and extraordinary standards that deter qualified persons from entering the various professions. No board shall take any action which tends to create or maintain an economic condition that unreasonably restricts competition, except as specifically provided by law.

(4) It is the further legislative intent that the use of the term "profession" with respect to those activities licensed and regulated by the Department of Professional Regulation shall not be deemed to mean that such activities are not occupations for other purposes in state or federal law and, accordingly, the term "profession" shall also mean "occupation."

(5) Adopt all rules necessary to administer this chapter.

(6) Establish by rules procedures by which the

department shall use the expert or technical advice of the board for the purposes of investigation, inspection, evaluation of applications, and other duties of the department.

(7) Require all proceedings of any board or panel thereof within the department and all formal or informal proceedings conducted by the department or a hearing officer with respect to licensing or discipline to be electronically recorded in a manner sufficient to assure the accurate transcription of all matters so recorded.

Unless otherwise provided by law, 51 percent or more of the members of the board shall constitute a quorum.

(4) A board member shall be compensated \$50 for each day he attends an official meeting of the board, unless otherwise provided by law, and shall be entitled to reimbursement for expenses pursuant to s. 112.061. Travel out of state shall require the prior approval of the secretary.

History.—s. 5, ch. 79-36.

**455.209 Accountability and liability of board members.—**

The Governor shall investigate any legally sufficient complaint or unfavorable written report received by him or by the secretary concerning the actions of the board or its individual members. The Governor may suspend from office any board member for malfeasance, misfeasance, neglect of duty, drunkenness, incompetence, permanent inability to perform his official duties, or commission of a felony.

(2) Each board member shall be exempt from civil liability for any act or omission when acting in his official capacity and the department or the Department of Legal Affairs in any action against any

In addition to challenges for any invalid exercise of delegated legislative authority, the hearing officer, upon such a challenge by the secretary, may declare all or part of a rule or proposed rule invalid if it:

(a) Does not protect the public from any significant and discernible harm or damages;

(b) Unreasonably restricts competition or the availability of professional services in the state or in a significant part of the state; or

(c) Unnecessarily increases the cost of professional services without a corresponding or equivalent public benefit.

However, there shall not be created a presumption of the existence of any of the conditions cited in this subsection in the event that the rule or proposed rule is challenged.

(2) In addition, either the secretary or the board shall be a substantially interested party for purposes of s. 120.54(5). The board may, as an adversely affected party, initiate and maintain an action pursuant to s. 120.68 challenging the final agency action.

**History.**—s. 5, ch. 79-36.

#### **455.213 General licensing provisions.—**

(1) Any person desiring to be licensed shall apply to the department in writing to take the licensure examination. The application shall be made on a form prepared and furnished by the department.

(2) Upon receipt of the license fee, the department shall issue a license to any person certified by the appropriate board as having met the licensure requirements imposed by law or rule.

(3) When any hearing officer conducts a hearing pursuant to the provisions of chapter 120 with respect to the issuance of a license by the department, the hearing officer shall submit his recommended order to the Department of Professional Regulation which shall thereupon issue a final order. The applicant for licensure may appeal the final order of the department in accordance with the provisions of chapter 120.

#### **455.217 Examinations.—**

(1) The Division of Administrative Services of the department shall provide services for the preparation and administration of all examinations.

(a) The division shall ensure that the examinations adequately and reliably measure an applicant's ability to practice the profession regulated by the department and shall seek the advice of the appropriate board in the preparation and administration of the examinations. After an examination has been administered, the board may reject any question which does not reliably measure the general areas of competency specified in the board's rules. The department shall use professional testing services to prepare, administer, grade, and evaluate the examinations, when such services are available and approved by the board.

(b) To the extent not otherwise specified by statute, the board shall by rule specify the general areas of competency to be covered by each examination, the relative weight to be assigned in grading each area tested, and the score necessary to achieve a passing grade. If a practical examination is deemed to be necessary, the rules shall specify the grading criteria to be used by the examiner, the relative weight to be assigned in grading each criterion, and the score necessary to achieve a passing grade.

(c) The department shall use any national examination which is available and which is approved by the board. The department may delegate to the board the duty to provide and administer the examination.

(2) The board shall make rules providing for re-examination of any applicants who have failed the examination. **History.**—s. 5, ch. 79-36.

#### **455.225 Disciplinary proceedings.—**

(1) The department shall cause to be investigated any complaint which is filed before it, or which is otherwise called to its attention, if the complaint is legally sufficient. The complaint is legally sufficient if it contains ultimate facts which show that a violation has occurred of this chapter, of any of the prac-

tice acts relating to the professions regulated by the department, or of any rule promulgated by the department or a regulatory board in the department. The department may investigate or continue to investigate, and the department and the appropriate regulatory board may take appropriate final action on, a complaint even though the original complainant withdraws his complaint or otherwise indicates his desire not to cause it to be investigated or prosecuted to completion. The department may investigate a complaint made anonymously or by a confidential informant if the complaint is legally sufficient, if the alleged violation of law or rule is substantial, and if the department has reason to believe, after preliminary inquiry, that the allegations of the complainant are true. The department may delegate, by rule, its investigative function regarding a given practice act to the regulatory board having regulatory power over the practice.

(2) The department shall expeditiously investigate complaints. When its investigation is complete, the department shall prepare and submit to the probable cause panel of the appropriate regulatory board the department's investigative report. The report shall contain the investigative findings and the recommendations of the department concerning the existence of probable cause.

(3) The determination as to whether probable cause exists shall be made by majority vote of a probable cause panel of the board, or by the department, as appropriate. Each regulatory board shall provide, by rule, that the determination of probable cause shall be made by a panel of its members or by the department. The panel, if any, shall be composed of board members, but not more than one of the panel members shall be a lay member. In aid of its duty to determine the existence of probable cause, the probable cause panel may make a reasonable request, and upon such request the department shall provide such additional investigative information as is necessary to the determination of probable cause. A request for additional investigative information shall be made within 15 days from the date of receipt by the probable cause panel of the department's investigative report. The probable cause panel or the department, as may be appropriate, shall make its determination of probable cause within 30 days after receipt by it of the department's final investigative report. The secretary may grant extensions of the 15-day and the 30-day time limits. If the probable cause panel does not find probable cause within the 30-day time limit, as may be extended, or if the probable cause panel finds no probable cause, the department may determine, within 10 days after the panel fails to determine probable cause or 10 days after the time limit has elapsed, that probable cause exists. If probable cause is found to exist, the department shall file a formal complaint against the regulated professional or subject of the investigation and prosecute the complaint pursuant to the provisions of chapter 120. However, the department may decide not to prosecute the complaint if it finds that probable cause had been improvidently found by the panel.

(4) A formal hearing before a hearing officer from the Division of Administrative Hearings of the

Department of Administration shall be held pursuant to chapter 120 unless all parties, including the <sup>2</sup>Department of Professional Regulation, agree in writing that there is no disputed issue of material fact. The hearing officer shall issue a recommended order pursuant to chapter 120. If any party raises an issue of disputed fact during an informal hearing, the hearing shall be terminated and a formal hearing pursuant to chapter 120 shall be held.

(5) The appropriate board, with those members of the panel, if any, who reviewed the investigation pursuant to subsection (3) being excused, shall determine and issue the final order in each disciplinary case. Such order shall constitute final agency action. Any consent order or agreed settlement shall be subject to the approval of the department.

(6) The department shall have standing to seek judicial review of any final order of the board, pursuant to s. 120.68.

(7) Any proceeding for the purpose of summary suspension of a license pursuant to s. 120.60(6) shall be conducted by the secretary or his designee, who shall issue the final summary order.

(8) The department shall periodically notify the person who filed the complaint of the status of the investigation, whether probable cause has been found, and the status of any civil action or administrative proceeding or appeal.

(9) The complaint and all information obtained pursuant to the department's investigation shall be exempt from s. 119.07 until 10 days after probable cause has been found to exist by the probable cause panel or by the department, or until the regulated professional or subject of the investigation waives his privilege of confidentiality, whichever occurs first.

(10) A privilege against civil liability is hereby granted to any complainant or any witness with regard to information furnished with respect to any investigation or proceeding pursuant to this act, unless the complainant or witness acted in bad faith or with malice in providing such information.

\$1,000 for each violation. In any case where the board imposes a civil penalty and the penalty is not paid within a reasonable time, such reasonable time to be prescribed in the rules of the board, the Department of Legal Affairs shall bring, upon request by the board, a civil action to recover the penalty.

(3) In addition to, or in lieu of, any other remedy or criminal prosecution, the department may file a proceeding in the name of the state seeking issuance of an injunction or a writ of mandamus against any person who violates any of the provisions of this part, or any provisions of law with respect to professions regulated by the department and any board therein, or the rules adopted pursuant thereto.

The furnishing of such copies shall not be conditioned upon payment of a disputed fee for services rendered.

(2) Such reports shall not be furnished to any person other than the patient or his legal representative, except upon written authorization of the patient. Nothing, however, shall prevent the furnishing of such reports without written authorization to any person, firm, or corporation which, with the patient's consent, shall have procured or furnished such examination or treatment or when compulsory physical examination is made pursuant to Rule

1.360, Florida Rules of Civil Procedure, in which case copies of the medical report shall be furnished both the defendant and the plaintiff.

- 456.33 Hypnosis, unlawful to practice.
- 456.34 Penalties.

**456.30 Short title.**—This chapter shall be known as the "Hypnosis Law."

*History.*—s. 2, ch. 61-506.

**456.31 Legislative intent.**—

(1) It is recognized that hypnosis has attained a significant place as another technique in the treatment of human injury, disease, and illness, both mental and physical; that the utilization of hypnotic techniques for therapeutic purposes should be restricted to certain practitioners of the healing arts who are qualified by professional training to fulfill the necessary criteria required for diagnosis and treatment of human illness, disease, or injury within the scope of their own particular field of competence; or that such hypnotic techniques should be employed by qualified individuals who work under the direction, supervision, or prescription of such practitioners.

(2) It is the intent of the Legislature to provide for certain practitioners of the healing arts, such as a trained and qualified dentist, to use hypnosis for hypnoanesthesia or for the allaying of anxiety in relation to dental work; however, under no circumstances shall it be legal or proper for the dentist or the individual to whom the dentist may refer the patient, to use hypnosis for the treatment of the neurotic difficulties of a patient. The same applies to the optometrist, podiatrist, chiropractor, osteopath, or physician of medicine.

(3) It is, therefore, the intent and purpose of this chapter to regulate the practice of hypnosis for therapeutic purposes by providing that such hypnotic techniques shall be used only by certain practitioners of the healing arts within the limits and framework of their own particular field of competence; or by qualified persons to whom a patient may be referred, in which event the referring practitioner of the healing arts shall be responsible, severally or jointly, for any injury or damages resulting to the patient because of either his own incompetence, or the incompetence of the person to whom the patient was referred.

*History.*—s. 1, ch. 61-506; s. 2, ch. 65-170.

**456.32 Definitions.**—In construing this chapter, the words, phrases, or terms, unless the context otherwise indicates, shall have the following meanings:

(1) "Hypnosis" shall mean hypnosis, hypnotism, mesmerism, post-hypnotic suggestion, or any similar act or process which produces or is intended to produce in any person any form of induced sleep or trance in which the susceptibility of the person's mind to suggestion or direction is increased or is intended to be increased, where such a condition is used or intended to be used in the treatment of any

human ill, disease, injury, or for any other therapeutic purpose.

(2) "Healing arts" shall mean the practice of medicine, surgery, psychiatry, dentistry, osteopathic medicine, chiropractic, naturopathy, podiatry, chiropody, and optometry.

(3) "Practitioner of the healing arts" shall mean a person licensed under the laws of the state to practice medicine, surgery, psychiatry, dentistry, osteopathic medicine, chiropractic, naturopathy, podiatry, chiropody, or optometry within the scope of his professional training and competence and within the purview of the statutes applicable to his respective profession, and who may refer a patient for treatment by a qualified person, who shall employ hypnotic techniques under the supervision, direction, prescription, and responsibility of such referring practitioner.

(4) "Qualified person" shall mean a person deemed by the referring practitioner to be qualified by both professional training and experience to be competent to employ hypnotic technique for therapeutic purposes, under supervision, direction, or prescription.

*History.*—s. 3, ch. 61-506; s. 2, ch. 65-170.

**456.33 Hypnosis, unlawful to practice.**—It shall be unlawful for any person to engage in the practice of hypnosis for therapeutic purposes unless such person is a practitioner of one of the healing arts, as herein defined, or acts under the supervision, direction, prescription, and responsibility of such a person.

*History.*—s. 4, ch. 61-506.

**456.34 Penalties.**—

(1) **MISDEMEANOR.**—Any person who shall violate the provisions of this chapter shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(2) **REVOCATION OF LICENSE.**—A violation of any of the provisions of this chapter by any person licensed to practice any branch of the healing arts in this state shall constitute grounds for revocation of license, and action may be taken by the respective boards in accordance with the applicable statutes.

(3) **CIVIL LIABILITY.**—Any person who shall be damaged or injured by any practitioner of the healing arts, or by any person to whom such a practitioner may refer a patient for treatment, may bring suit against the practitioner either severally, or jointly, with the person to whom the referral was made.

(4) **CONSTRUCTION IN RELATION TO OTHER LAWS.**—No civil or criminal remedy for any wrongful action shall be excluded or impaired by the provisions of this chapter.

The Board of Medical Examiners may issue this temporary certificate with the following restrictions:

Such areas shall include, but not be limited to, health manpower shortage areas designated by the United States Department of Health, Education, and Welfare.

(2) The board may administer an abbreviated oral examination to determine the physician's competency, but no written regular examination is necessary.

(3) Any certificate issued under this section shall be valid only so long as the area for which it is issued remains an area of critical need. The Board of Medical Examiners shall review the service within said area not less than annually to ascertain that the minimum requirements of the Medical Practice Act and the rules and regulations promulgated thereunder are being complied with. If it is determined that such minimum requirements are not being met, the board shall forthwith revoke such certificate.

<sup>1</sup>History.—ss. 1, 8, ch. 79-302.

Procedures for such supervision shall be established by the board.

(c) Applications adopted by the board shall indicate areas of medical specialty.

(d) The recipient of a limited license may practice only in the employ of public agencies or institutions or nonprofit agencies or institutions meeting the requirements of s. 501(c)(3) of the Internal Revenue Code, which agencies or institutions are located in the areas of critical medical need as determined by the board. Determination of medically underserved areas shall be made by the board after consultation with the Department of Health and Rehabilitative Services and statewide medical organizations, the provisions of s. 458.315 to the contrary notwithstanding; however, such determination shall include, but not be limited to, health manpower shortage areas designated by the United States Department of Health, Education, and Welfare.

Nothing herein limits in any way any policy by the board, otherwise authorized by law, to grant licenses to physicians duly licensed in other states under conditions less restrictive than the requirements of this section.

(2) The board shall notify the director of the full-time local health unit of any county in which a licensee intends to practice under the provisions of this act. The director of the full-time health unit shall assist in the supervision of any licensee within his county and shall notify the board which issued the licensee his license if he becomes aware of any actions by the licensee which would be grounds for revocation of the limited license. The board shall establish procedures for such supervision.

If it is determined that a licensee is not complying with such restrictions, the board shall revoke the license of such licensee. The renewed license shall expire 2 years after the date the license automatically reverted to inactive status.

(3) A license which has been inactive for more than 1 year may be reactivated upon application to the department. The board shall prescribe, by rule, continuing education requirements as a condition of reactivating a license. The continuing education requirements for reactivating a license shall not exceed 12 classroom hours for each year the license was inactive and in no event shall exceed 120 classroom hours<sup>2</sup> for all years. Any license which is inactive for more than 10 years shall automatically be suspended. One year prior to this suspension, the department shall give notice to the licensee. (c) Being convicted or found guilty, regardless of

adjudication, of a crime in any jurisdiction which directly relates to the practice of medicine or to the ability to practice medicine. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising.

(e) Advertising, practicing, or attempting to practice under a name other than one's own.

(f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board.

(g) Aiding, assisting, procuring, or advising any unlicensed person to practice medicine contrary to this chapter or to a rule of the department or the board.

(h) Failing to perform any statutory or legal obligation placed upon a licensed physician.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity as a licensed physician.

(j) Paying or receiving any commission, bonus, kickback, or rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. The provisions of this paragraph shall not be construed to prevent a physician from receiving a fee for professional consultation services.

(k) Exercising influence within a patient-physician relationship for purposes of engaging a patient in sexual activity. A patient shall be presumed to be incapable of giving free, full, and informed consent to sexual activity with his or her physician.

(l) Making deceptive, untrue, or fraudulent representations in the practice of medicine or employing a trick or scheme in the practice of medicine when such scheme or trick fails to conform to the generally prevailing standards of treatment in the medical community.

For the purposes of this paragraph, it shall be legally presumed that prescribing, dispensing, administering, mixing, or otherwise preparing legend drugs, including all controlled substances, inappropriately or in excessive or inappropriate quantities is not in the best interest of the patient and is not in the course of the physician's professional practice, without regard to his intent.

(r) Prescribing, dispensing, or administering any medicinal drug appearing on any schedule set forth in chapter 893 by the physician to himself, except one prescribed, dispensed, or administered to the physician by another practitioner authorized to prescribe, dispense, or administer medicinal drugs.

In enforcing this paragraph, the department shall have, upon probable cause, authority to compel a physician to submit to a mental or physical examination by physicians designated by the department. Failure of a physician to submit to such examination when so directed shall constitute an admission of the allegations against him, unless the failure was due to circumstances beyond his control, consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he can resume the competent practice of medicine with reasonable skill and safety to patients. In any proceeding under this paragraph, neither the record of proceedings nor the orders entered by the board shall be used against a physician in any other proceeding.

The board shall give great weight to the provisions of s. 768.45 when enforcing this paragraph.

(v) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he is not competent to perform.

(w) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such per-

son is not qualified by training, experience, or licensure to perform them.

(x) Violating any provision of this chapter, a rule of the board or department, or a lawful order of the board or department previously entered in a disciplinary hearing or failing to comply with a lawfully issued subpoena of the department.

(3) The board shall not reinstate the license of a physician, or cause a license to be issued to a person it has deemed unqualified, until such time as it is satisfied that he has complied with all the terms and conditions set forth in the final order and that such person is capable of safely engaging in the practice of medicine.

(4) The board shall by rule establish guidelines for the disposition of disciplinary cases involving specific types of violations. Such guidelines may include minimum and maximum fines, periods of supervision or probation, or conditions of probation or reissuance of a license.

the Boards of Medical Examiners and Osteopathic Medical Examiners, in a hearing conducted under the provisions of the Administrative Procedure Act, chapter 120, have made a formal finding that the substance is harmful.

(3) The patient, after being fully informed as to alternative methods of treatment and their potential for cure, and upon requesting the administration of amygdalin (laetrile) by his physician, shall sign a written release, releasing the physician and, when applicable, the hospital or health facility from any liability therefor.

(4) The physician shall inform the patient in writing that amygdalin (laetrile) has not been approved as a treatment or cure by the Food and Drug Administration of the United States Department of Health, Education, and Welfare.

(1) To render a handwriting sample to an agent of the department and, further, to have waived any objections to its use as evidence against him.

(2) To waive the confidentiality and authorize the release of all medical records pertaining to the mental or physical condition of the physician himself and to have waived any objection to the admissibility of the records as constituting privileged communications. **1458.347 Physician's assistants.—**

**(1) LEGISLATIVE INTENT.—**

(a) In its concern with the growing shortage and geographic maldistribution of health care services in this state, the Legislature intends to establish in this section a framework for development of a new category of health manpower, the physician's assistant.

(b) The purpose of this section is to encourage the more effective utilization of the skills of physicians by enabling them to delegate health care tasks to qualified assistants when such delegation is consistent with the patient's health and welfare.

(c) In order that maximum skills may be obtained within a minimum time period of education, the physician's assistant shall be specialized to the

extent that he can operate efficiently and effectively in the specialty areas in which he has been trained or is experienced.

(d) This section is established to encourage the utilization of physician's assistants by physicians and to allow for innovative development of programs for the education of physician's assistants.

The board shall further establish rules as to what constitutes responsible supervision of the physician's assistant.

**(3) PERFORMANCE BY PHYSICIAN'S ASSISTANT.**—Notwithstanding any other provision of law, a physician's assistant may perform medical services when such services are rendered under the supervision of a licensed physician or group of physicians certified by the board, in the specialty area or areas for which the physician's assistant is trained or experienced. #### **<sup>1</sup>460.413 Grounds for disciplinary action; action by the board.—**

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(a) Attempting to obtain, obtaining, or renewing a license to practice chiropractic by bribery, by fraudulent misrepresentations, or through an error of the department or the board.

(b) Having a license to practice chiropractic revoked, suspended, or otherwise acted against, includ-

ing the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of chiropractic or to the ability to practice chiropractic. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising.

(e) Causing to be advertised, by any means whatsoever, any advertisement which does not contain an assertion or statement which would identify himself as a chiropractic physician or identify such chiropractic clinic or related institution in which he practices or in which he is owner, in whole or in part, as a chiropractic institution.

(f) Advertising, practicing, or attempting to practice under a name other than one's own.

(g) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board.

(h) Aiding, assisting, procuring, or advising any unlicensed person to practice chiropractic contrary to this chapter or to a rule of the department or the board.

(i) Failing to perform any statutory or legal obligation placed upon a licensed chiropractic physician.

(j) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such reports or records shall include only those which are signed in the capacity of a licensed chiropractic physician.

(k) Paying or receiving any commission, bonus, kickback, or rebate or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies.

(l) Making misleading, deceptive, untrue, or fraudulent representations in the practice of chiropractic or employing a trick or scheme in the practice of chiropractic when such scheme or trick fails to conform to the generally prevailing standards of treatment in the chiropractic community.

(m) Soliciting patients either personally or through an agent, unless such solicitation falls into a category of solicitations approved by rule of the board.

(n) Failing to keep written chiropractic records justifying the course of treatment of the patient, including, but not limited to, patient histories, examination results, and test results.

(o) Exercising influence on the patient or client in such a manner as to exploit the patient or client for financial gain of the licensee or of a third party which shall include, but not be limited to, the promotion or sale of services, goods, appliances, or drugs.

(p) Performing professional services which have not been duly authorized by the patient or client or his legal representative except as provided in ss. 458.21, 768.13, and 768.46.

(q) Prescribing, dispensing, or administering any medicinal drug, performing any surgery, or practicing obstetrics.

(r) Being unable to practice chiropractic with reasonable skill and safety to patients by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. A chiropractic physician affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he can resume the competent practice of chiropractic with reasonable skill and safety to patients.

(s) Gross or repeated malpractice or the failure to practice chiropractic at a level of care, skill, and treatment which is recognized by a reasonably prudent chiropractic physician as being acceptable under similar conditions and circumstances. The board shall give great weight to the standards for malpractice in s. 768.45 in interpreting this provision.

(t) Performing any procedure or prescribing any therapy which, by the prevailing standards of chiropractic practice in the community, would constitute experimentation on human subjects, without first obtaining full, informed, and written consent.

(u) Practicing or offering to practice beyond the scope permitted by law or accepting and performing professional responsibilities which the licensee knows or has reason to know that he is not competent to perform.

(v) Delegating professional responsibilities to a person when the licensee delegating such responsibilities knows or has reason to know that such person is not qualified by training, experience, or licensure to perform them.

(z) Failing to preserve identity of funds and property of a patient. As provided by rule of the board, money or other property entrusted to a chiropractic physician for a specific purpose, including advances for costs and expenses of examination or treatment, is to be held in trust and must be applied only to that purpose. Money and other property of patients coming into the hands of a chiropractic physician are not subject to counterclaim or setoff for chiropractic physician's fees, and a refusal to account for and deliver over such money and property upon demand shall be deemed a conversion. This is not to preclude the retention of money or other property upon which the chiropractic physician has a valid lien for services or to preclude the payment of agreed fees from the proceeds of transactions for examinations or treatments. Controversies as to the amount of the fees are not grounds for disciplinary proceedings un-

less the amount demanded is clearly excessive or extortionate or the demand is fraudulent. All funds of patients paid to a chiropractic physician, other than advances for costs and expenses, shall be deposited in one or more identifiable bank accounts maintained in the state in which the chiropractic physician's office is situated, and no funds belonging to the chiropractic physician shall be deposited therein except as follows:

1. Funds reasonably sufficient to pay bank charges may be deposited therein.
2. Funds belonging in part to a patient and in part presently or potentially to the physician must be deposited therein, but the portion belonging to the physician may be withdrawn when due unless the right of the physician to receive it is disputed by the patient, in which event the disputed portion shall not be withdrawn until the dispute is finally resolved.

Every chiropractic physician shall maintain complete records of all funds, securities, and other properties of a patient coming into the possession of the physician and render appropriate accounts to the patient regarding them. In addition, every chiropractic physician shall promptly pay or deliver to the patient, as requested by the patient, the funds, securities, or other properties in the possession of the physician which the patient is entitled to receive.

(2) When the board finds any person guilty of any of the grounds set forth in subsection (1), it may enter an order imposing one or more of the following penalties:

- (a) Refusal to certify to the department an application for licensure.

- (e) Issuance of a reprimand.
- (f) Placement of the chiropractic physician on probation for a period of time and subject to such conditions as the board may specify, including requiring the chiropractic physician to submit to treatment, to attend continuing education courses, to submit to reexamination,<sup>2</sup> or to work under the supervision of another chiropractic physician.

(3) The department shall not reinstate the license of a chiropractic physician, or cause a license to be issued to a person the board has deemed unqualified, until such time as the board is satisfied that he has complied with all the terms and conditions set forth in the final order and that such person is capable of safely engaging in the practice of chiropractic.

(4) The board shall by rule establish guidelines for the disposition of disciplinary cases involving specific types of violations. Such guidelines may include minimum and maximum fines, periods of supervision or probation, or conditions of probation or reissuance of a license.

**<sup>1</sup>461.001 Legislative findings; intent; scope.—**

The Legislature finds that the practice of podiatry by unskilled and incompetent practitioners presents a danger to the public health and safety. The Legislature finds further that it is difficult for the public to make an informed choice about podiatrists and that the consequences of a wrong choice could seriously endanger their health and safety. The sole legislative purpose for enacting this chapter is to ensure that every podiatrist practicing in this state meet minimum requirements for safe practice. It is the legislative intent that podiatrists who fall below minimum competency or who otherwise present a danger to the public health be prohibited from practicing in this state.

**History.**—ss. 1, 6, ch. 79-229.

**Note.**—Section 6, ch. 79-229, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**History.**—s. 6, ch. 79-198.

#### **461.012 Violations and penalties.—**

(2) Each of the following acts constitutes a violation of this chapter and is a misdemeanor of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084:

(a) Selling or fraudulently obtaining or furnishing any podiatry diploma, license, or record of registration or aiding or abetting in the same.

(b) Making any willfully false oath or affirmation whenever an oath or affirmation is required by this chapter.

(c) Using the name or title "Podiatrist," "Doctor of Podiatry," "Doctor of Podiatric Medicine," or any other name or title which would lead the public to believe that such person is engaging in the practice of podiatry, unless such person is licensed as a podiatrist in this state.

(d) Knowingly concealing any information relative to violations of this chapter.

**History.**—ss. 1, 6, ch. 79-229.

**Note.**—Section 6, ch. 79-229, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **461.013 Grounds for disciplinary action; action by the board.—**

(1) The following acts shall constitute grounds for which the disciplinary actions specified in subsection (2) may be taken:

(a) Attempting to obtain, obtaining, or renewing a license to practice podiatry by bribery, by fraudulent misrepresentations, or through an error of the department or the board.

(b) Having a license to practice podiatry revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of podiatry or to the ability to practice podiatry. Any plea of nolo conten-

dere shall be considered a conviction for purposes of this chapter.

(d) False, deceptive, or misleading advertising.

(e) Advertising, practicing, or attempting to practice under a name other than one's own.

(f) Failing to report to the department any person who the licensee knows is in violation of this chapter or of the rules of the department or the board.

(g) Aiding, assisting, procuring, or advising any unlicensed person to practice podiatry contrary to this chapter or to rule of the department or the board.

(h) Failing to perform any statutory or legal obligation placed upon a licensed podiatrist.

(i) Making or filing a report which the licensee knows to be false, intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing such filing or inducing another person to do so. Such report or records shall include only those which are signed in the capacity of a licensed podiatrist.

(j) Paying or receiving any commission, bonus, kickback, rebate, or engaging in any split-fee arrangement in any form whatsoever with a physician, organization, agency, or person, either directly or indirectly, for patients referred to providers of health care goods and services, including, but not limited to, hospitals, nursing homes, clinical laboratories, ambulatory surgical centers, or pharmacies. This provision shall not be construed to prohibit a podiatrist from receiving consultation fees for professional services rendered.

In enforcing this paragraph the department shall, upon probable cause, have authority to compel a podiatrist to submit to a mental or physical examination by physicians designated by the department. Failure of a podiatrist to submit to such examination when directed shall constitute an admission of the allegations against him, unless the failure was due to circumstances beyond his control, consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A podiatrist affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that he can resume the competent practice of podiatry with reasonable skill and safety to patients.

**<sup>1</sup>463.003 Board of Optometry.—**

**464.001 Short title.**—This chapter shall be known as the "Nurse Practice Act."

**History.**—ss. 1, 6, ch. 79-225.

**Note.**—Section 6, ch. 79-225, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**464.002 Purpose.**—The Legislature finds that the practice of nursing by unskilled and incompetent practitioners presents a danger to the public health and safety. The Legislature finds further that it is difficult for the public to make an informed choice about nurses and that the consequences of a wrong choice could seriously endanger their health and safety. The sole legislative purpose in enacting this chapter is to ensure that every nurse practicing in this state meet minimum requirements for safe practice. It is the legislative intent that nurses who fall below minimum competency or who otherwise present a danger to the public shall be prohibited from practicing in this state.

**History.**—ss. 1, 6, ch. 79-225.

**Note.**—Section 6, ch. 79-225, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

Within the context of advanced or specialized nursing practice, the advanced registered nurse practitioner may perform acts of nursing diagnosis and nursing treatment of alterations of the health status. The advanced registered nurse practitioner may also perform acts of medical diagnosis and treatment, prescription, and operation which are identified and approved by a joint committee composed of three members of the Board of Nursing, one of whom shall be the advanced registered nurse practitioner member, three members of the Board of Medical Examiners, and the secretary of the department or the secretary's designee. The Board of Nursing shall adopt rules authorizing the performance of any such acts approved by the joint committee. **465.002 Legislative findings; intent.**—The Legislature finds that the practice of pharmacy by unskilled and incompetent practitioners presents a significant danger to the public health and safety. The Legislature finds further that it is difficult for the public to make an informed choice about pharmacists and that the consequences of a wrong choice could seriously endanger their health and safety. The sole legislative purpose for enacting this chapter is to ensure that every pharmacist practicing in this state and every pharmacy meet minimum requirements for safe practice. It is the legislative intent that pharmacists who fall below minimum competency or who otherwise present a danger to the public shall be prohibited from practicing in this state.

**History.**—ss. 1, 7, ch. 79-226.

**Note.**—Section 7, ch. 79-226, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

The term shall also include an order for drugs or medicinal supplies so transmitted or written by a practitioner licensed to practice in a state other than Florida, but only if the pharmacist called upon to fill such an order determines, in the exercise of his professional judgment, that the order was issued pursuant to a valid patient-physician relationship, that it is authentic, and that the drugs or medicinal supplies so ordered are considered necessary for the continuation of treatment of a chronic or recurrent illness. However, if the physician writing the prescription is not known to the pharmacist, the pharmacist shall obtain proof to a reasonable certainty of the validity of said prescription.

- (5) "Pharmacist" means any person licensed pursuant to this chapter to practice the profession of pharmacy.

- (6) "Practice of the profession of pharmacy" includes compounding, dispensing, and consulting concerning contents, therapeutic values, and uses of any medicinal drug and consulting concerning therapeutic values and interactions of patent or proprietary preparations, whether pursuant to prescriptions or in the absence and entirely independent of such prescriptions or orders, or any other act, service, operation, or transaction incidental to, or forming a part of, any of the foregoing acts, requiring, involving, or employing the science or art of any branch of the pharmaceutical profession, study, or training.

(2) The following classes of institutional pharmacies are established:

(a) "Class I institutional pharmacies" are those institutional pharmacies in which all medicinal drugs are administered from individual prescription containers to the individual patient and in which medicinal drugs are not dispensed on the premises. No medicinal drugs may be dispensed in a Class I institutional pharmacy.

(b) "Class II institutional pharmacies" are those institutional pharmacies which employ the services of a registered pharmacist or pharmacists who, in practicing institutional pharmacy, shall provide dispensing and consulting services on the premises to patients of that institution, for use on the premises of that institution. However, a single dose of a medicinal drug may be obtained and administered to a patient on a valid physician's drug order under the supervision of a physician or charge nurse, consistent with good institutional practice procedures. The obtaining and administering of such single dose of a medicinal drug shall be pursuant to drug-handling procedures established by a consultant pharmacist. Medicinal drugs may be dispensed in a Class II institutional pharmacy, but only in accordance with the provisions of this section.

(2) If a pharmacy permit is revoked or suspended, the owner, manager, or proprietor shall cease to operate said establishment as a pharmacy as of the effective date of such suspension or revocation. In the event of such revocation or suspension, the owner, manager, or proprietor shall remove from the premises all signs and symbols identifying said premises as a pharmacy. The period of such suspen-

sion shall be prescribed by the Board of Pharmacy, but in no case shall it exceed 1 year. In the event that the permit is revoked, the person owning or operating said establishment shall not be entitled to make application for a permit to operate a pharmacy for a period of 1 year from the date of such revocation. Upon the effective date of such revocation, the permittee shall advise the Board of Pharmacy of the disposition of the medicinal drugs located on the premises. #### **§465.024 Promoting sale of certain drugs prohibited.—**

(1) It is declared that the unrestricted use of certain controlled substances, causing abnormal reactions that may interfere with the user's physical reflexes and judgments, may create hazardous circumstances which may cause accidents to the user and to others, thereby affecting the public health, safety, and welfare. It is further declared to be in the public interest to limit the means of promoting the sale and use of these drugs. All provisions of this section shall be liberally construed to carry out these objectives and purposes.

(2) No pharmacist, owner, or employee of a retail drug establishment shall use any communication media to promote or advertise the use or sale of any controlled substance appearing in any schedule in chapter 893.

(3) This section shall not prohibit the advertising of any medicinal drugs, other than those controlled substances specified in chapter 893, or any patent or proprietary preparation, provided the advertising is not false, misleading, or deceptive.

**History.**—ss. 1, 7, ch. 79-226.

**Note.**—Section 7, ch. 79-226, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **§465.025 Substitution of drugs.—**

(1) As used in this section:

(a) "Brand name" means the registered trademark name given to a drug product by its manufacturer, labeler, or distributor.

(b) "Generically equivalent drug product" means a drug product with the same active ingredient, finished dosage form, and strength.

(c) "Prescriber" means any practitioner licensed to prescribe medicinal drugs.

(2) A pharmacist who receives a prescription for a brand name drug shall, unless requested otherwise by the purchaser, substitute a less expensive, generically equivalent drug product that is:

(a) Distributed by a business entity doing business, and subject to suit and service of legal process, in the United States; and

(b) Listed in the formulary of generic and brand name drug products as provided in subsection (5) for

the brand name drug prescribed,

unless the prescriber writes the words "MEDICALLY NECESSARY," in his own handwriting, on the face of a written prescription or unless, in the case of an oral prescription, the prescriber expressly indicates to the pharmacist that the brand name drug prescribed is medically necessary.

(3)(a) Any pharmacist who substitutes any drug as provided in subsection (2) shall notify the person presenting the prescription of such substitution, together with the existence and amount of the retail price difference between the brand name drug and the drug substituted for it, and shall inform the person presenting the prescription that such person may refuse the substitution as provided in subsection (2).

(b) Any pharmacist substituting a less expensive drug product shall pass on to the consumer the full amount of the savings realized by such substitution.

(4) Each pharmacist shall maintain a record of any substitution of a generically equivalent drug product for a prescribed brand name drug as provided in this section.

(5) Each community pharmacy shall establish a formulary of generic and brand name drug products which, if selected as the drug product of choice, would not pose a threat to the health and safety of patients receiving prescription medication. In compiling the list of generic and brand name drug products for inclusion in the formulary, the pharmacist shall rely on drug product research, testing, information, and formularies compiled by other pharmacies, by states, by the United States Department of Health, Education, and Welfare, or by any other source which the pharmacist deems reliable. Each community pharmacy shall make such formulary available to the public, the Board of Pharmacy, or any physician requesting same. This formulary shall be revised following each addition, deletion, or modification of said formulary.

(6) The Board of Pharmacy and the Board of Medical Examiners shall establish by rule a formulary of generic drug type and brand name drug products which are determined by the boards to demonstrate clinically significant biological or therapeutic inequivalence and which, if substituted, would pose a threat to the health and safety of patients receiving prescription medication.

(a) The formulary may be added to or deleted from as the Board of Pharmacy and the Board of Medical Examiners deem appropriate. Any person who requests any inclusion, addition, or deletion of a generic drug type or brand name drug product to the formulary shall have the burden of proof to show cause why such inclusion, addition, or deletion should be made.

(b) Upon adoption of the formulary required by this subsection, and upon each addition, deletion, or modification to the formulary, the Board of Pharmacy shall mail a copy to each manager of the prescription department of each community pharmacy licensed by the state, and each board regulating practitioners licensed by the laws of the state to prescribe drugs shall incorporate such formulary into its rules. No pharmacist shall substitute a generically

equivalent drug product for a prescribed brand name drug product if the brand name drug product or the generic drug type drug product is included in the said formulary.

(7) Every community pharmacy shall display in a prominent place that is in clear and unobstructed public view, at or near the place where prescriptions are dispensed, a sign in block letters not less than 1 inch in height which shall read: "CONSULT YOUR PHARMACIST CONCERNING THE AVAILABILITY OF A LESS EXPENSIVE GENERICALLY EQUIVALENT DRUG AND THE REQUIREMENTS OF FLORIDA LAW."

(8) The standard of care to be applied to the acts of any pharmacist performing professional services in compliance with this section when a substitution is made by said pharmacist shall be that which would apply to the performance of professional services in the dispensing of a prescription order prescribing a drug by generic name. In no event when a pharmacist substitutes a drug shall the prescriber be liable in any action for loss, damage, injury, or death to any person occasioned by or arising from the use or nonuse of the substituted drug, unless the original drug was incorrectly prescribed.

**History.**—ss. 1, 7, ch. 79-226.

**Note.**—Section 7, ch. 79-226, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **465.026 Filling of certain prescriptions.—**

Nothing contained in this chapter shall be construed to prohibit a pharmacist licensed in this state from filling or refilling a prescription which meets the requirements of s. 465.003(4) and which is valid and on file with another pharmacy licensed in this state, under the following conditions:

(1) Prior to dispensing pursuant to any such prescription, the dispensing pharmacist shall:

(a) Advise the patient that the prescription on file at such other pharmacy must be canceled before he will be able to fill or refill it.

(b) Determine that the prescription is valid and on file at such other pharmacy and that such prescription may be filled or refilled, as requested, in accordance with the prescriber's intent expressed on such prescription.

(c) Notify the pharmacy at which the prescription is on file that the prescription must be canceled.

(d) Record in writing the prescription order, the name of the pharmacy at which the prescription was on file, the prescription number, the name of the drug and the original amount dispensed, the date of original dispensing, and the number of remaining authorized refills.

(e) Obtain the consent of the prescriber to the refilling of the prescription when the prescription, in the professional judgment of the dispensing pharmacist, so requires. Any interference with the professional judgment of the dispensing pharmacist by any pharmacy permittee, its agents, or employees shall be grounds for revocation or suspension of the permit issued to the pharmacy.

(2) Upon receipt of a request for prescription information set forth in paragraph (1)(d), if the requested pharmacist is satisfied in his professional judgment that such request is valid, the requested pharmacist shall:

(a) Provide such information accurately and completely.

(b) Record on the face of the prescription the name of the requesting pharmacy and pharmacist and the date of request.

(c) Cancel the prescription on file by writing the word "void" on its face. No further prescription information shall be given or medication dispensed pursuant to said original prescription.

(3) In the event that, after the information set forth in paragraph (1)(d) has been provided, a prescription is not dispensed by the requesting pharmacist, then such pharmacist shall provide notice of this fact to the pharmacy from which said information was obtained; such notice shall serve to revalidate the voided prescription. The pharmacist who has served such notice shall then cancel the prescription in the same manner as set forth in paragraph (2)(c).

(4) The provisions of this section shall not apply to prescription orders for any medicinal drugs listed in any schedule appearing in chapter 893.

**History.**—ss. 1, 7, ch. 79-226.

**Note.**—Section 7, ch. 79-226, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **465.027 Exceptions.—**

(1) This chapter shall not be construed to prohibit the sale of home remedies or preparations commonly known as patents or proprietary preparations, when such are sold only in original or unbroken packages, nor shall this chapter be construed to prevent businesses from engaging in the sale of sundries or patents or proprietary preparations.

(2) Nothing in this chapter shall be construed to prevent a practitioner authorized by law to prescribe medicinal drugs from compounding, dispensing, or giving such drugs to his patients in the regular course of his practice. Such compounding and dispensing may be done only by the practitioner himself and shall comply with all federal and state laws relating to the labeling and dispensing of me-

dicinal drugs.

**History.**—ss. 1, 7, ch. 79-226.

**Note.**—Section 7, ch. 79-226, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **465.028 Saving clauses.—**

(1) No judicial or administrative proceeding pending on July 1, 1979, shall be abated as a result of the repeal and reenactment of this chapter.

(2) All licenses and permits valid on the effective date of this act shall remain in full force and effect. Henceforth, all such licenses and permits shall be renewed pursuant to this act.

**History.**—ss. 5, 6, ch. 79-226.

#### **465.185 Rebates prohibited; penalties.—**

(1) It is unlawful for any person to pay or receive any commission, bonus, kickback, or rebate or engage in any split-fee arrangement in any form whatsoever with any physician, surgeon, organization, agency, or person, either directly or indirectly, for patients referred to a pharmacy registered under this chapter.

(2) The Department of Health and Rehabilitative Services shall adopt rules which assess administrative penalties for acts prohibited by subsection (1). In the case of an entity licensed by the Department of Health and Rehabilitative Services, such penalties may include any disciplinary action available to the Department of Health and Rehabilitative Services under the appropriate licensing laws. In the case of an entity not licensed by the Department of Health and Rehabilitative Services, such penalties may include:

(a) A fine not to exceed \$1,000.

(b) If applicable, a recommendation by the Department of Health and Rehabilitative Services to the appropriate licensing board that disciplinary action be taken.

**466.001 Purpose; legislative findings.**—The Legislature finds that the practice by unskilled dentists or dental hygienists of their professions presents a danger to the public health and safety. The Legislature finds further that it is difficult for the public to make an informed choice about dentists or dental hygienists and that the consequences of a wrong choice could seriously endanger the public health and safety. The legislative purpose for enacting this chapter is to ensure that every dentist or dental hygienist practicing in this state meets minimum requirements for safe practice. It is the legislative intent that dentists and dental hygienists who fall below minimum competency or who otherwise present a danger to the public shall be prohibited from practicing in this state. All provisions of this chapter relating to the practice of dentistry and dental hygiene shall be liberally construed to carry out this purpose and intent.

**History.**—ss. 1, 3, ch. 79-330.

**Note.**—Section 3, ch. 79-330, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant

to the Regulatory Reform Act of 1976, as amended.

**466.002 Persons exempt from operation of chapter.**—Nothing in this chapter shall apply to the following practices, acts, and operations:

(1) The practice of his profession including surgical procedures involving the oral cavity by a physician or surgeon licensed as such under the laws of this state.

(2) The giving by a qualified anesthetist of an anesthetic for a dental operation under the direct supervision of a licensed dentist.

(3) The practice of dentistry in the discharge of their official duties by graduate dentists or dental surgeons in the United States Army, Air Force, Marines, Navy, Public Health Service, Coast Guard, or Veterans' Administration.

(4) The practice of dentistry by licensed dentists of other states or countries at meetings of dental organizations approved by the board, while appearing as clinicians.

(5) Students in Florida schools of dentistry and dental hygiene or dental auxiliary educational programs, while performing regularly assigned work under the curriculum of such schools.

(6) Instructors in Florida schools of dentistry or dental hygiene or dental auxiliary educational programs, while performing regularly assigned duties under the curriculum of such schools. A full-time dental instructor at a dental school approved by the board may be allowed to practice dentistry at the teaching facilities of such school, upon receiving a teaching permit issued by the board, in strict compliance with such rules as are adopted by the board pertaining to the teaching permit and with the established rules and procedures of the dental school.

**466.003 Definitions.**—As used in this chapter:

(1) "Board" means the Board of Dentistry.

(2) "Dentist" means a person licensed to practice dentistry pursuant to this chapter.

(3) "Dentistry" means the healing art which is concerned with the examination, diagnosis, treatment planning, and care of conditions within the human oral cavity and its adjacent tissues and structures and includes the performance or attempted performance of any dental operation, or oral or oral-maxillofacial surgery, including physical evaluation directly related to such operation or surgery pursuant to hospital rules and regulations, or dental service of any kind gratuitously or for any remuneration paid, or to be paid, directly or indirectly, to himself or to any other person or agency; or the taking of an impression of the human tooth, teeth, or jaws directly or indirectly and by any means or method; or supplying artificial substitutes for the natural teeth or furnishing, supplying, constructing, reproducing, or repairing any prosthetic denture, bridge, appliance, or any other structure designed to be worn in the human mouth except on the written

work order of a duly licensed dentist; or the placing of such appliance or structure in the human mouth or adjusting or attempting to adjust the same; or delivering the same to any person other than the dentist upon whose work order the work was performed; or professing to the public by any method to furnish, supply, construct, reproduce, or repair any prosthetic denture, bridge, appliance, or other structure designed to be worn in the human mouth; or diagnosing, prescribing, or treating or professing to diagnose, prescribe, or treat disease, pain, deformity, deficiency, injury, or physical condition of the human teeth or jaws or oral-maxillofacial region; or extracting or attempting to extract human teeth; or correcting or attempting to correct malformations of teeth or of jaws; or repairing or attempting to repair cavities in the human teeth.

(9) "Indirect supervision" means supervision whereby a dentist authorizes the procedure and a dentist is on the premises while the procedures are performed.

(10) "General supervision" means supervision whereby a dentist authorizes the procedures which are being carried out but need not be present when the authorized procedures are being performed. The authorized procedures may also be performed at a place other than the dentist's usual place of practice. The issuance of a written work authorization to a commercial dental laboratory by a dentist does not constitute general supervision.

(11) "Irremediable tasks" are those intra-oral treatment tasks which, when performed, are irreversible and create unalterable changes within the oral cavity or the contiguous structures or which cause an increased risk to the patient. The administration of anesthetics other than topical anesthesia is considered to be an "irremediable task" for purposes of this chapter.

The purposes of this section are to assign primary responsibility for each patient to one dentist in a multidentist practice of any nature and to assign primary responsibility to the dentist for treatment rendered by a dental hygienist or auxiliary under his supervision. This section shall not be construed to assign any responsibility to a dentist of record for treatment rendered pursuant to a proper referral to another dentist not in practice with the dentist of record or to prohibit a patient from voluntarily selecting a new dentist without permission of the dentist of record.

The board shall adopt rules to carry out the intent of this section, the purpose of which shall be to regulate the manner of such advertising in keeping with the provisions hereof.

(2) A dentist may advertise in accordance with the provisions of this chapter and with rules of the board adopted pursuant hereto. Advertising on radio and television shall be in accordance with rules adopted by the board which reflect the special characteristics of said media and which are in keeping with subsection (1). Each advertisement in any media shall contain the name, address, and telephone number of the dentist and of other dentists with whom the dentist is associated and may contain the names of the dental hygienists associated with said dentists. In addition, such advertising may contain the following information:

he is a diplomate of one or more national specialty boards which are recognized by the Board of Dentistry.

(b) Office hours.

(c) Fees charged for routine dental services as delineated in subsection (3), in which case said advertisement shall also include a statement that the fee advertised is the minimum fee to be charged for such service and that the actual fee may vary depending upon the degree of complexity involved in a given case. Such statement shall be no less prominent than the general text of the advertisement.

(3) The advertisement of fees pursuant to paragraph (2)(c) shall be limited to the following routine dental services:

(a) Examinations.

(b) Diagnosis.

(c) Treatment planning.

(d) Prophylaxis.

(e) Radiographs.

(f) Simple extractions.

(c) Does not usually involve a significant degree of variation in terms of the procedure utilized and the level of difficulty encountered in carrying out such service.

(d) Is suitable for advertising in keeping with the purposes of this section as set forth in subsection (1) in terms of providing the public with a rational basis upon which to make an informed selection of dentists.

(5) No advertisement by a licensed dentist shall contain any false, fraudulent, misleading, deceptive, or unfair statement or claim or any statement or claim which:

(a) Contains misrepresentations of fact;

(b) Is likely to mislead or deceive because in context it makes only a partial disclosure of relevant facts;

(c) Contains laudatory statements about the dentist or group of dentists;

(d) Is intended or is likely to create false, unjustified expectations of favorable results;

(e) Relates to the quality of dental services provided;

(f) Is intended or is likely to appeal primarily to a layperson's fears; or

(g) Contains other representations or implications that in reasonable probability will cause an

ordinary, prudent person to misunderstand or to be deceived.

**History.**—ss. 1, 3, ch. 79-330.

**Note.**—Section 3, ch. 79-330, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**§466.021 Employment of unlicensed persons by dentist; penalty.**—Every duly licensed dentist who uses the services of any unlicensed person for the purpose of constructing, altering, repairing, or duplicating any denture, partial denture, bridge splint, or orthodontic or prosthetic appliance shall be required to furnish such unlicensed person with a written work order in such form as shall be approved by the department. This form shall be supplied to the dentist by the department at a cost not to exceed that of printing and handling. The work order blanks shall be assigned to individual dentists and are not transferable. This form shall be dated and signed by such dentist and shall include the patient's name or number with sufficient descriptive information to clearly identify the case for each separate and individual piece of work; said work order shall be made in duplicate form, the duplicate copy to be retained in a permanent file in the dentist's office for a period of 2 years, and the original to be retained in a permanent file for a period of 2 years by said unlicensed person in his place of business. Such permanent file of work orders to be kept by such dentist or by such unlicensed person shall be open to inspection at any reasonable time by the department or its duly constituted agent. Failure of the dentist to keep such permanent records of said work orders shall subject the dentist to suspension or revocation of his license to practice dentistry. Failure of such unlicensed person to have in his possession a work order as above defined shall be admissible evidence of a violation of this chapter and shall constitute a misdemeanor of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. Nothing in this section shall preclude a registered dental laboratory from working for another registered dental laboratory, provided that such work is performed pursuant to written authorization, in a form to be prescribed by rule of the department, which evidences that the originating laboratory has obtained a valid work order and which sets forth the work to be performed. Furthermore, nothing in this section shall preclude a registered laboratory from providing its services to dentists licensed and practicing in another state, provided that such work is requested or otherwise authorized in written form which clearly identifies the name and address of the requesting dentist and which sets forth the work to be performed.

**History.**—ss. 1, 3, ch. 79-330.

**Note.**—Section 3, ch. 79-330, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

(2) Dental hygienists may perform their duties:

1. Licensed public and private health facilities;
2. Other public institutions of the state and federal government;
3. The home of a nonambulatory patient; and
4. Other places in accordance with the rules of the board.

However, the dentist issuing such prescription shall remain responsible for the care of such patient. As used in this subsection, "patient of record" means a patient upon whom a dentist has taken a complete medical history, completed a clinical examination, recorded any pathology or disease, and prepared a treatment plan.

(3) Dental hygienists may, without supervision, provide educational programs, faculty or staff training programs, authorized fluoride rinse programs, and other services as approved by rule of the board, in:

(a) Public, private, and parochial schools licensed by the Department of Education; and

(b) Private, nonprofit, charitable, community, and eleemosynary institutions and programs.

(4) The board by rule may limit the number of dental hygienists and dental auxiliaries who work under the supervision of a dentist or who perform expanded duties pursuant to the provisions of this chapter. However, the Department of Health and Rehabilitative Services and public institutions approved by the board shall not be so limited as to the number of dental hygienists or dental auxiliaries working under the supervision of a licensed dentist.

(5) Dental hygienists are exempt from the provisions of part VII of chapter 468.

(a) Stage I. A period of work for 1 month under the direct control and supervision of a sponsor. During this period, a trainee shall not fit a purchaser or user with a hearing aid, but may administer practice audiograms.

(b) Stage II. A period of work for 2 months under the direct control and supervision of a sponsor. During this period, a trainee may perform such testing as is necessary for the proper selection and fitting of a hearing aid and may perform any function required for the making of ear impressions, but shall not deliver a hearing aid to the purchaser or user and shall not perform the final fitting of a hearing aid.

(c) Stage III. A period of work for 3 months during which, in addition to activities performed in stage II, a trainee may deliver a hearing aid to the purchaser or user while in the presence of his sponsor or a designated registrant. During this period, the trainee shall work for and be responsible to a sponsor.

- (3) Each of the three stages must be completed in the sequence set out with no lapse of time between stages. If a trainee leaves his place of training without the approval of his sponsor, the trainee shall revert to the beginning of stage I. Any decision of sponsor that a trainee left his place of training without the sponsor's approval may be appealed to the department, and the decision of the department in this regard shall be final and binding on both the sponsor and trainee.

- (4) At the conclusion of the 6 months' apprenticeship period and upon payment of the examination fee, the trainee shall be admitted to the next scheduled examination given by the department for a cer-

If the trainee fails to pass the examination a fifth time, the trainee shall not be readmitted to the apprenticeship program and shall not be permitted to take the examination again or permitted to apply again for a certificate of registration.

(8) At such time as a course in fitting and selling of hearing aids, as approved by the department, shall be established in this state, satisfactory completion of this course shall be considered equivalent to stages I and II of the trainee period. After such course of study has been offered in this state for a period of 2 years, such course shall replace stages I and II in the trainee program.

(9) Any person who has held an unsuspended and unrevoked certificate of registration or license to fit or sell hearing aids in another state for a period of 5 years may be admitted to the examination for a certificate of registration without first participating in the trainee apprenticeship program if he becomes a resident of this state and if he is otherwise qualified pursuant to this part.

(10) No person shall be issued a certificate of registration to fit or sell hearing aids unless he demon-

advertised and at the advertised price. In determining whether there has been a violation of this rule, consideration will be given to actions or practices indicating that the offer was not made in good faith for the purpose of selling the advertised product, but was made for the purpose of contacting prospective purchasers and selling them a product or products other than the product offered. Among actions or procedures which will be considered in making that determination are the following:

(10) Representing, directly or by implication, that a hearing aid utilizing bone conduction has certain specified features such as the absence of anything in the ear, or leading to the ear, or the like, without disclosing clearly and conspicuously that the instrument operates on the bone conduction principle and that in many cases of hearing loss this type of instrument may not be suitable.

(11) Making any predictions or prognostications as to the future course of a hearing impairment,

either in general terms or with reference to an individual person.

(12) Stating or implying that the use of any hearing aid will improve or preserve hearing, prevent or retard progression of a hearing impairment, or that it will have any similar or opposite effect.

(13) Making any statement regarding the cure of the cause of a hearing impairment by the use of a hearing aid.

The form of such application shall be such as to contain space for the insertion by the applicant of the information required by the provisions of this part.

(4) The department shall issue to any duly registered person fitting and selling hearing aids in this state, upon his application therefor in accordance with the provisions hereof, a certificate of registration under the seal of the department for the year ensuing and ending December 31, provided that the registrant shows evidence of satisfactory completion of a continuing education course relating to the fitting and selling of hearing aids during the previous calendar year. Said course shall consist of a minimum of 10 contact hours of classroom instruction and be subject to approval for credit by the department. The requirement for completion of continuing education courses shall begin with calendar year 1979.

(5) Each registered person shall conspicuously display his proper registration certificate in his place of business at all times.

(2) Appropriate testing to determine speech reception threshold, speech discrimination, most comfortable sound tolerance level and selection of the best ear for maximum hearing aid benefit. Selection of an instrument that will best compensate for the degree of loss and tolerance level and provide a frequency amplification curve that will give the best speech discrimination possible.

(3) Equipment:

(a) Pure tone audiometer which shall meet with the American Standards Association specifications for diagnostic audiometers.

(b) Speech audiometer or a master hearing aid in order to determine most comfortable listening level and speech discrimination.

(4) Final fitting insuring physical and operational comfort of the aid.

Any person with a significant difference between bone conduction and air conduction hearing must be informed of the possibility of medical correction.

(6) A hearing aid office will have available or access to a selection of hearing aid models, hearing

aid supplies and services complete enough to accommodate the various needs of the hearing aid wearers, such as:

- (a) An adequate stock of hearing aids including an appropriate selection of receivers.
- (b) An adequate selection of accessories.

The exception to this requirement shall be in the case of a client who requests that the test be conducted in a place other than the registrant's certified testing room. When a test is conducted under this exception, the registrant shall obtain a waiver from the client on a form provided by the department. **470.001 Legislative findings and intent.—**

(1) The Legislature finds that the practice of embalming and funeral directing by unskilled and incompetent practitioners presents a danger to the public health and safety. The Legislature finds further that it is difficult for the public to make an informed choice about embalmers and funeral directors and that the consequences of a wrong choice could endanger the public health and welfare. The only way to protect the public from the incompetent practice of embalming and funeral directing is

through the establishment of minimum qualifications for entry into the profession and through swift and effective discipline for those practitioners who violate the law.

(2) The Legislature further finds that the unregistered practice of direct disposition may present a danger to the public welfare and, therefore, deems it necessary to provide for the registration of all direct disposers, to provide against improper conduct by practitioners of direct disposition, and to establish swift and effective discipline for these practitioners who violate the law.

**History.**—ss. 1, 5, ch. 79-231.

(2)(a) The board may refuse to certify an applicant for failure to satisfy <sup>2</sup>the requirement of good moral character only if:

1. There is a substantial connection between the lack of good moral character of the applicant and the professional responsibilities of a registered engineer; and

2. The finding by the board of lack of good moral character is supported by clear and convincing evidence.

(b) When an applicant is found to be unqualified for a license because of a lack of good moral character, the board shall furnish the applicant a statement containing the findings of the board, a complete record of the evidence upon which the determination was based, and a notice of the rights of the applicant to a rehearing and appeal.

(1) Upon approval of the board and payment of the fee set in s. 471.011, the department shall grant a temporary registration for work on one specified project in this state for a period not to exceed 1 year to an engineer holding a certificate to practice in another state, provided Florida registrants are similarly permitted to engage in work in such state.

(2) Upon approval by the board and payment of the fee set in s. 471.011, the department shall grant a temporary certificate of authorization for work on one specified project in this state for a period not to exceed 1 year to an out-of-state corporation, partnership, or firm, provided one of the principal officers of the corporation, one of the partners of the partnership, or one of the principals in the fictitiously named firm has obtained a temporary certificate of registration in accordance with subsection (1).

(3) The application for a temporary license shall constitute appointment of the Department of State as an agent of the applicant for service of process in any action or proceeding against the applicant arising out of any transaction or operation connected

with or incidental to the practice of engineering for which the temporary license was issued.

**History.**—ss. 9, 42, ch. 79-243.

One or more of the principal officers of the corporation or one or more partners of the partnership and all personnel of the corporation or partnership who act in its behalf as engineers in this state shall be registered as provided by ss. 471.001-471.039. All final drawings, specifications, plans, reports, or other papers or documents involving practices registered under ss. 471.001-471.039 which are prepared or approved for the use of the corporation or partnership or for delivery to any person or for public record within the state shall be dated and bear the signature and seal of the registrant who prepared or approved them. Nothing in this section shall be construed to mean that a certificate of registration to practice engineering shall be held by a corporation. Nothing herein prohibits corporations and partnerships from joining together to offer engineering services to the public, provided that each corporation or partnership otherwise meets the requirements of this section. No corporation or partnership shall be relieved of responsibility for the conduct or acts of its agents, employees, or officers by reason of its compliance with this section, nor shall any individual practicing engineering be relieved of responsibility for professional services performed by reason of his employment or relationship with a corporation or partnership.

(2) For the purposes of this section, a certificate of authorization shall be required for a corporation, partnership, association, or person practicing under a fictitious name, offering engineering services to the public. However, when an individual is practicing engineering in his own given name, he shall not be required to register under this section.

(3) The fact that any registered engineer practices through a corporation or partnership shall not relieve the registrant from personal liability for negligence, misconduct, or wrongful acts committed by him. Corporations and stockholders who are engineers, or partnerships, and all partners, shall be jointly and severally liable for the negligence, misconduct, or wrongful acts committed by their agents, employees, officers, or partners while acting in a professional capacity.

(4) Persons seeking to incorporate under the provisions of this section shall first obtain approval from the department prior to filing articles of incorporation with the Department of State.

(5) Each certification of authorization shall be renewed every 2 years. Each partnership and corpo-

(6) Disciplinary action against a corporation or partnership shall be administered in the same manner and on the same grounds as disciplinary action against a registered engineer.

**History.**—ss. 11, 42, ch. 79-243.

**Note.**—Section 42, ch. 79-243, provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

(1) A licensee shall not make a competitive bid for a professional engagement in which the licensee will attest as an expert in accountancy to the reliability or fairness of presentation of financial information or utilize any form of disclaimer of opinion which is intended or conventionally understood to convey an assurance of reliability as to matters not specifically disclaimed.

(2) As used in this section, "competitive bid"

means the submission of an offer to a prospective client, as distinguished from an existing client, or representative thereof, by a licensee, either orally or in writing, directly or indirectly, as either a prime contractor, a subcontractor, or a subcontractor using a prime contractor as a conduit, to perform a professional engagement for an estimated fee, a fixed fee, or a basis of fee when the surrounding facts and circumstances indicate that another licensee will be asked to make an offer, has been asked to make an offer, or has made an offer which has not been rejected to perform the same professional engagement for an estimated fee, a fixed fee, or basis of fee as defined in this section. The performance of an engagement for a specific purpose, which engagement by its nature is not expected to recur, does not create an "existing client" relationship.

(3) The term "subcontractor" as used in this section means a subcontractor whose actions, together with the surrounding facts and circumstances, are in such a manner as to make him a party to a competitive bid or bids, either with respect to a specific engagement or as a result of a series of engagements with the same prime contractor, without regard to whether a subcontract is entered into before or after the bid.

(4) A licensee may respond to any request from a person or entity for a proposal giving qualifications and other factual information, excluding any quotation as to basis of fee.

(5) If a licensee's proposal in subsection (4) is the only proposal received or accepted by a person or entity, the licensee may negotiate a basis of fee for that engagement. If a person or entity receives more than one proposal for the same engagement, the person or entity may rank, in order of preference, the licensee to perform the engagement. The licensee ranked first may then negotiate a contract with the person or entity giving, among other things, a basis of fee for that engagement. Should the person or entity be unable to negotiate a satisfactory contract with that licensee, negotiations with that licensee shall be formally terminated, and the person or entity shall then undertake negotiations with the second-ranked licensee. Failing accord with the second-ranked licensee, negotiations shall be terminated and undertaken with the third-ranked licensee. Negotiations with the other ranked licensees shall be undertaken in the same manner. Once negotiations have been undertaken with a subsequent licensee, a licensee shall not contract with the requesting person or entity for the same engagement.

This section does not apply to services involving federal, state, or other taxes in which the findings are those of the tax authorities and not those of the licensee. Fees to be fixed by courts or other public authorities, which are of an indeterminate amount at the time a public accounting service is undertaken, shall not be regarded as contingent fees for purposes of this section.

**History.**—ss. 18, 25, ch. 79-202.

However, a firm name may include the names of retired or deceased persons who were such active partners or shareholders of a firm.

**475.001 Purpose.**—The Legislature finds that a significant number of real property transactions are facilitated by real estate brokers and salesmen and that it is necessary to assure the minimal competence of real estate practitioners in order to protect the public from potential economic loss; therefore, the Legislature deems it necessary in the interest of

the public welfare to regulate real estate brokers, salesmen, and schools in this state.

**History.**—ss. 1, 42, ch. 79-239.

**Note.**—Section 42, ch. 79-239, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**475.01 Definitions.**—As used in this chapter:

- (1) "Board" means the Board of Real Estate.
- (2) "Department" means the Department of Professional Regulation.

(3) "Broker" means a person who, for another, and for a compensation or valuable consideration directly or indirectly paid or promised, expressly or impliedly, or with an intent to collect or receive a compensation or valuable consideration therefor, appraises, auctions, sells, exchanges, buys, rents, or offers, attempts or agrees to appraise, auction, or negotiate the sale, exchange, purchase, or rental of any real property or any interest in or concerning the same, including mineral rights or leases, or who advertises or holds out to the public by any oral or printed solicitation or representation that he is engaged in the business of appraising, auctioning, buying, selling, exchanging, leasing, or renting real property of others or interests therein, including mineral rights, or who takes any part in the procuring of sellers, purchasers, lessors, or lessees of the real property of another, or leases, or interest therein, including mineral rights, or who directs or assists in the procuring of prospects or in the negotiation or closing of any transaction which does, or is calculated to, result in a sale, exchange, or leasing thereof, and who receives, expects, or is promised any compensation or valuable consideration, directly or indirectly therefor; and all persons who advertise rental property information or lists. The term "broker" also includes any person who is a partner, officer, or director of a partnership or corporation which acts as a broker.

(4) "Salesman" means a person who performs any act specified in the definition of "broker," but who performs such act under the direction, control, or management of another person.

(5) "Broker-salesman" means a person who is registered as a broker, but who performs the duties of a salesman for another person, and who is designated as a broker-salesman in the registration list of the board.

(6) "Real property" or "real estate" means any interest or estate in land, including any assignment, leasehold, subleasehold, or mineral right; however, the term does not include any cemetery lot or right of burial in any cemetery; nor does the term include the renting of a mobile home lot or recreational vehicle lot in a mobile home park or travel park.

(7) The terms "employ," "employment," "employer," and "employee," when used in this chapter and in rules adopted pursuant thereto to describe the relationship between a broker and a salesman, include an independent contractor relationship when such relationship is intended by and established between a broker and a salesman. The existence of such relationship shall not relieve either the

broker or the salesman of his duties, obligations, or responsibilities under this chapter.

(8) Wherever the word "operate" or "operating" as a broker, a broker-salesman, or a salesman shall appear in this chapter, or in any order, rule, or regulation of the board, or in any pleading, indictment, or information under this chapter, or in any court action or proceeding, or in any order or judgment of a court, it shall be deemed to mean the commission of one or more acts described in s. 475.01(3) as constituting or defining a broker or salesman, not including, however, any of the exceptions stated therein. A single such act shall be sufficient to bring a person within the meaning of this chapter, and each act shall, if prohibited herein, constitute a separate offense.

#### **1475.25 Discipline.**—

(1) The board may deny an application for licensure or renewal, may suspend a license for a period not exceeding 10 years, may revoke a license, may impose an administrative fine not to exceed \$1,000 for each count or separate offense, or may issue a reprimand, if it finds that the licensee or applicant has:

(a) Violated any provision of s. 475.42 or of s. 455.227(1);

(b) Been guilty of fraud, misrepresentation, concealment, false promises, false pretenses, dishonest dealing by trick, scheme, or device, culpable negligence, or breach of trust in any business transaction in this state or any other state, nation, or territory; has violated a duty imposed upon him by law or by the terms of a listing contract, written, oral, express, or implied, in a real estate transaction; has aided, assisted, or conspired with any other person engaged in any such misconduct and in furtherance thereof; or has formed an intent, design, or scheme to engage in any such misconduct and has committed an overt act in furtherance of such intent, design, or scheme. It shall be immaterial to the guilt of the licensee that the victim or intended victim of the misconduct has sustained no damage or loss; that the damage or loss has been settled and paid after discovery of the misconduct; or that such victim or intended victim was a customer or a person in confidential relation with the licensee, or was an identified member of the general public;

(c) Advertised property or services in a manner which is fraudulent, false, deceptive, or misleading in form or content;

(d) Failed to account or deliver to any person,

including a licensee under this chapter, at the time which has been agreed upon or is required by law or, in the absence of a fixed time, upon demand of the person entitled to such accounting and delivery, any personal property such as money, fund, deposit, check, draft, abstract of title, mortgage, conveyance, lease, or other document or thing of value, including a share of a real estate commission, or any secret or illegal profit, or any divisible share or portion thereof, which has come into his hands and which is not his property or which he is not in law or equity entitled to retain under the circumstances. However, if the licensee, in good faith, entertains doubt as to what person is entitled to the accounting and delivery of the escrowed property, or if conflicting demands have been made upon him for the escrowed property, which property he still maintains in his escrow or trust account, the licensee shall promptly notify the board of such doubts and shall promptly:

1. Request that the board issue an escrow disbursement order determining who is entitled to the escrowed property; or

2. With the consent of all parties, submit the matter to arbitration; or

3. By interpleader or otherwise, seek adjudication of the matter by a court.

If the licensee promptly employs one of the escape procedures contained herein, and if he abides by the order or judgment resulting therefrom, no administrative complaint may be filed against the licensee for failure to account for, deliver, or maintain the escrowed property;

(e) Violated any of the provisions of this chapter or any lawful order or rule made or issued under the provisions of this chapter or chapter 455;

(f) Been found guilty, regardless of whether adjudication was withheld, of a crime against the laws of this state or any other state or of the United States, which crime directly relates to the activities of a licensed broker or salesman or involves moral turpitude or fraudulent or dishonest dealing. The record of a conviction certified or authenticated in such form as to be admissible in evidence under the laws of the state shall be admissible as prima facie evidence of such guilt;

(g) Had a broker's or salesman's license revoked, suspended, or otherwise acted against, or had an application for such licensure denied, by the real estate licensing agency of another state, territory, or country;

(h) Shared a commission with, or paid a fee or other compensation to, a person not properly licensed as a broker, broker-salesman, or salesman under the laws of this state, for the referral of real estate business, clients, prospects, or customers, or for any one or more of the services set forth in s. 475.01(3). For the purpose of this section, it is immaterial that the person to whom such payment or compensation is given made the referral or performed the service from within this state or elsewhere; however, a licensed broker of this state may pay a referral fee or share a real estate brokerage commission with a broker licensed or registered under the laws of a foreign state so long as the foreign broker does not violate any law of this state;

(i) Become temporarily incapacitated from acting as a broker or salesman with safety to investors or those in a fiduciary relation with him because of drunkenness, use of drugs, or temporary mental derangement, but suspension of a license in such a case shall be only for the period of such incapacity;

(j) Rendered an opinion that the title to any property sold is good or merchantable, except when correctly based upon a current opinion of a licensed attorney-at-law, or failed to advise a prospective purchaser to consult his attorney on the merchantability of the title or to obtain title insurance;

(k) Failed, if a broker, to immediately place, upon receipt, any money, fund, deposit, check, or draft entrusted to him by any person dealing with him as a broker in escrow with a title company, banking institution, or savings and loan association located and doing business in Florida, or to deposit such funds in a trust or escrow account maintained by him with some bank or savings and loan association located and doing business in Florida, wherein the funds shall be kept until disbursement thereof is properly authorized; or failed, if a salesman, to immediately place with his registered employer any money, fund, deposit, check, or draft entrusted to him by any person dealing with him as agent of his registered employer. The board shall establish rules and regulations to provide for records to be maintained by the broker and the manner in which such deposits shall be made;

(l) Made or filed a report or record which the licensee knows to be false, willfully failed to file a report or record required by state or federal law, willfully impeded or obstructed such filing, or induced another person to impede or obstruct such filing; but such reports or records shall include only those which are signed in the capacity of a licensed broker or salesman;

(m) Obtained a license by means of fraud, misrepresentation, or concealment; or if the licensee is confined in any state or federal prison or mental institution; or if, through mental disease or deterioration, the licensee can no longer safely be entrusted to deal with the public or in a confidential capacity; or

(n) Been found guilty, for a second time, of any misconduct that warrants his suspension, or been found guilty of a course of conduct or practices which show that he is so incompetent, negligent, dishonest, or untruthful that the money, property, transactions, and rights of investors, or those with whom he may sustain a confidential relation, may not safely be entrusted to him.

(2) A license may be revoked or canceled if it was issued through the mistake or inadvertence of the board. Such revocation or cancellation shall not prejudice any subsequent application for licensure filed by the person against whom such action was taken.

(3) The department shall reissue the license of a licensee against whom disciplinary action was taken upon certification by the board that the licensee has complied with all of the terms and conditions of the final order imposing discipline.

#### **1475.28 Rules of evidence.—**

(1) In all proceedings before the board or before the courts, civil or criminal, where the payment, receipt, or expectation of a commission, compensation, or valuable consideration is a necessary element of the offense, proof of the performance of the act, service, or condition for which such commission, compensation, or valuable consideration is required to be shown shall be prima facie evidence that such act, service, or condition was performed or existed for or in expectation of the payment or receipt of a commission, compensation, or valuable consideration. If it is material to determine whether or not a party to any action, civil or criminal, is properly licensed, the burden of proof shall be on such party.

(2) Photostatic copies of any papers or documents may be introduced in lieu of the originals, in any proceeding or prosecution under this chapter. The books of account and records of any person shall be admissible upon a showing that they were made in the regular course of business, without introducing the person who made the entries, the weight of such evidence to be decided by the court or board.

#### **1475.31 Final orders.—**

(1) An order revoking or suspending the license of a broker shall automatically cancel the licenses of all salesmen registered with the broker, and, if a partnership or corporation, of all members, officers, and directors thereof, while the license of the broker is inoperative or until new employment or connection is secured and a new license is issued to the member, officer, director, or salesman; but the right to transfer or have a license issued or reissued shall not extend beyond a period of 6 months after the termination of the license year in which the order became effective.

(2) The board may publish and distribute in such manner and form as it may prescribe any of its final orders or decisions made under this chapter, after they become final by lapse of time, or upon affirmation on appeal, or opinions of appellate courts, for the guidance of registrants and the public, and may publish, or withhold from publication, the names and addresses of any parties concerned. #### **1475.37 Effect of reversal of order of court or board.—**

Should the order of the court or board denying, revoking, or suspending a license be finally reversed and set aside, the defendant shall be restored to his rights and privileges as a broker or salesman as of the date of filing the mandate or a copy thereof with the board. The matters and things alleged in

the information shall not thereafter be reexamined in any other proceeding concerning the licensure of the defendant. If the inquiry concerned was in reference to an application for licensure, the application shall stand approved, and such application shall be remanded for further proceedings according to law.

The board may, if it is satisfied that a defendant is unable to pay or advance any fees or costs and that the service from which such fees or costs have accrued or will accrue is probably necessary in the interests of justice, upon application by the defendant, order that such fees or costs be incurred at the expense of the board and be paid as are other fees and costs, but the defendant shall remain liable to the board for all sums so paid.

##### **(1) VIOLATIONS.—**

(a) No person shall operate as a broker or salesman without being the holder of a valid and current license therefor.

(b) No person licensed as a salesman shall operate as a broker or operate as a salesman for any person not registered as his employer.

(c) No broker shall employ, or continue in employment, any person as a salesman who is not the holder of a valid and current license as salesman; but a license as salesman may be issued to a person registered as an active broker, upon request and surrender of the license as broker, without a fee in addition to that paid for the issuance of the broker's active license.

(d) No salesman shall collect any money in connection with any real estate brokerage transaction, whether as a commission, deposit, payment, rental, or otherwise, except in the name of the employer and with the express consent of the employer; and no real estate salesman, whether the holder of a valid and current license or not, shall commence or main-

tain any action for a commission or compensation in connection with a real estate brokerage transaction against any person except a person registered as his employer at the time the cause of action is alleged to have arisen.

(e) No person shall violate any lawful order or rule of the board which is binding upon him.

(f) No person shall commit any conduct or practice set forth in s. 475.25(1)(b), (c), (d), or (h).

(g) No person shall make any false affidavit or affirmation intended for use as evidence by or before the board or a member thereof, or by any of its authorized representatives, nor shall any person give false testimony under oath or affirmation to or before the board or any member thereof in any proceeding authorized by this chapter.

(h) No person shall fail or refuse to appear at the time and place designated in a subpoena issued with respect to a violation of this chapter, unless because of facts that are sufficient to excuse appearance in response to a subpoena from the circuit court, nor shall a person who is present before the board, a member thereof, or one of its authorized representatives acting under authority of this chapter refuse to be sworn or to affirm or fail or refuse to answer fully any question propounded by the board, a member thereof, or such representatives, or any person by the authority of such officer or appointee, nor shall any person, so being present, conduct himself in a disorderly, disrespectful, or contumacious manner.

(i) No person shall obstruct or hinder in any manner the enforcement of this chapter, or the performance of any lawful duty by any person acting under the authority of this chapter, or interfere with, intimidate, or offer any bribe to any member of the board, or any of its employees, or any person who is, or is expected to be, a witness in any investigation or proceeding relating to a violation of this chapter.

(j) No broker or salesman shall place, or cause to be placed, upon the public records of any county, any contract, assignment, deed, will, mortgage, lien, affidavit, or other writing which purports to affect the title of, or encumber, any real property if the same is known to him to be false, void, or not authorized to be placed of record, or not executed in the form entitling it to be recorded, or the execution or recording whereof has not been authorized by the owner of the property, maliciously or for the purpose of collecting a commission, or to coerce the payment of money to the broker or salesman or other person, or for any unlawful purpose.

(k) No person shall operate as a broker under a trade name without causing the same to be noted in the records of the board and placed on his license, or so operate as a member of a partnership or as a corporation or as an officer or manager thereof, unless said partnership or corporation is the holder of a valid current registration certificate.

(l) No person shall knowingly conceal any information relating to violations of this chapter.

second degree, punishable as provided in s. 775.083, except when a different punishment is prescribed by this chapter. Nothing in this chapter shall prohibit the prosecution under any other criminal statute of this state of any person for an act or conduct prohibited by this section; however, in such cases, the state may prosecute under this section or under such other statute, or may charge both offenses in one prosecution, but the sentence imposed shall not be a greater fine or longer sentence than that prescribed for the offense which carries the more severe penalties. A civil case, criminal case, or a denial, revocation, or suspension proceeding may arise out of the same alleged state of facts, and the pendency or result of one such case or proceeding shall not stay or control the result of either of the others.

All contracts, options, or other devices not based upon a substantial consideration, or that are otherwise employed to permit an unlicensed person to sell, lease, or let real estate, the beneficial title to which has not, in good faith, passed to such party for a substantial consideration, are hereby declared void and ineffective in all cases, suits, or proceedings had or taken under this chapter; however, this section shall not apply to irrevocable gifts, to unconditional contracts to purchase, or to options based upon a substantial consideration actually paid and not subject to any agreements to return or right of return reserved.

(1) Each person, school, or institution, except approved and accredited colleges and universities in this state, that offers or conducts any course of study in real estate practice, teaches any course prescribed by the board as a condition precedent to licensure or renewal as a broker or salesman, or teaches any course designed or represented to enable or assist applicants for licensure as brokers or salesmen to pass examinations for such licensure conducted by the department shall, before commencing or continuing further to offer or conduct such course or courses, obtain a permit from the department and abide by the regulations imposed upon such person, school, or institution by this chapter and rules of the board adopted pursuant to this chapter.

The department may require an applicant to submit names of persons having knowledge concerning the applicant and the enterprise, may propound interrogatories to such persons and to the applicant concerning the character of the applicant, and shall make such investigation of him or the school or institution as it may deem necessary to the granting of the permit; and, if an objection is filed, it shall be considered in the same manner as objections or administrative complaints against applicants for licensure by the department.

(3) It is unlawful for any person, school, or institution to offer the courses described in subsection (1) or to conduct classes in such courses, regardless of the number of pupils, whether by correspondence or otherwise, without first procuring a permit, or to guarantee that its pupils will pass any examinations

given by the department, or to represent that the issuance of a permit is any recommendation or endorsement of the person, school, or institution to which it is issued or of any course of instruction given thereunder.

(4) Any person who violates this section is guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(1) No person representing a real estate school offering and teaching real estate courses under this chapter shall make, cause to be made, or approve any statement, representation, or act, oral, written, or visual, in connection with the operation of the school, its affiliations with individuals or entities of courses offered, or any endorsement of such, if such person knows or believes or reasonably should know or believe the statement, representation, or act to be false, inaccurate, misleading, or exaggerated.

(2) A school shall not use advertising of any nature which is false, inaccurate, misleading, or exaggerated. Publicity and advertising of a real estate school, or of its representative, shall be based upon relevant facts and supported by evidence establishing their truth.

(3) No representative of any school or institution coming within the provisions of this chapter shall promise or guarantee employment or placement of any student or prospective student using information, training, or skill purported to be provided, or otherwise enhanced, by a course or school as an inducement to enroll in the school, unless such person offers the student or prospective student a bona fide contract of employment agreeing to employ the student or prospective student.

#### **§475.452 Advance fees; deposit; accounting; penalty; damages.—**

(1) It is unlawful for any broker to contract for or collect any advance fee for the listing of real property from any principal without depositing 75 percent

of such amount, when collected, in a trust account with a bank or other recognized depository. Such funds shall be held as trust funds and may not be commingled with the funds of the broker who has collected the fee. Prior to the withdrawal of any fees from the trust account, the broker shall furnish a statement to the principal itemizing how the advance fees are to be expended and the amounts thereof. Amounts may be withdrawn for the benefit of the broker only when actually expended for the benefit of the principal or 5 days after verified accounts have been mailed to the principal. If the listed property is not sold within the period of time specified in the broker's contract or within 18 months after the contract date, whichever period is shorter, any funds held by the broker in the trust account shall be refunded to the principal, together with a final accounting relating to any or all funds expended by the broker.

(2) The board may adopt such rules as are necessary to regulate the method of accounting to be complied with by all brokers in relation to advance fees for the listing of real property. Such rules shall include, but need not be limited to, the establishing of forms for, and information to be included in, such accountings.

(3) Each broker shall furnish each principal a verified copy of such accountings at the end of each calendar quarter; when the contract has been completely performed by the broker; and at any other time deemed appropriate by the board. The board shall be furnished a verified copy of any account or all accounts upon its demand therefor.

(4) Any person who violates any of the provisions of this section is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(5) In addition to any other penalties provided for in this section, the principal in any advance-fee transaction for the listing of real property, which transaction is in violation of the provisions of this section, may recover treble damages for any funds misapplied and shall be entitled to reasonable attorney's fees in any action to recover such funds.

**History.**—s. 1, ch. 76-84; s. 3, ch. 76-168; s. 4, ch. 77-355; s. 1, ch. 77-457; ss. 30, 42, ch. 79-239.

**Note.**—Although this section was not included among those sections repealed by s. 43, ch. 79-239, notwithstanding the Regulatory Reform Act of 1976, as amended, it is republished here because its amendment by s. 30, ch. 79-239, indicates a legislative intent that the repeal by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, not become operative. Section 42, ch. 79-239, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **§475.453 Rental information; contract or receipt; refund; penalty.—**

(1) Each broker or salesman who attempts to negotiate a rental, or who furnishes rental information to a prospective tenant, for a fee paid by the prospective tenant, shall provide such prospective tenant with a contract or receipt, which contract or receipt contains a provision for the repayment of any amount over 25 percent of the fee to the prospective tenant if the prospective tenant does not obtain a rental. If the rental information provided by the broker or salesman to a prospective tenant is not current or accurate in any material respect, the full fee shall be repaid to the prospective tenant upon demand. A demand from the prospective tenant for the

return of the fee, or any part thereof, shall be made within 30 days following the day on which the real estate broker or salesman has contracted to perform services to the prospective tenant. The contract or receipt shall also conform to the guidelines adopted by the board in order to effect disclosure of material information regarding the service to be provided to the prospective tenant.

(2) The board may adopt a guideline for the form of the contract or receipt required to be provided by brokers or salesmen pursuant to the provisions of subsection (1).

(3)(a) Any person who violates any provision of subsection (1) is guilty of a misdemeanor of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(2) If the board finds that another state agency has suspended or revoked the license or registration of, or imposed a penalty against, a licensee, it shall issue a notice to the licensee to show cause why the board should take no action, which notice shall provide for a hearing in accordance with chapter 120, upon request.

**§475.482 Real Estate Recovery Fund.**—There is created the Florida Real Estate Recovery Fund as a separate account in the Professional Regulation Trust Fund.

(1) The Florida Real Estate Recovery Fund shall be disbursed as provided in s. 475.484, on order of the board, as reimbursement to any person or corporation who is adjudged by a court of competent jurisdiction to have suffered monetary damages by reason of any of the following acts committed as a part of any transaction involving the sale of real property in this state by any broker or salesman who was licensed under the provisions of this chapter at the time the

alleged act was committed:

(b) Obtaining money or property by fraud, misrepresentation, deceit, false pretenses, artifice, or trickery or by any other act which would constitute any violation proscribed in s. 475.25.

(2) A fee of \$3.50 per annum shall be added to the license fee for both new licenses and renewals of licenses for brokers, and a fee of \$1.50 per annum shall be added for new licenses and renewals of licenses for salesmen. This fee shall be in addition to the regular license fee and shall be deposited in or transferred to the Real Estate Recovery Fund. Should the fund at any time exceed \$450,000, collection of special fees for this fund shall be discontinued at the end of the 2-year licensing renewal cycle. Such special fees shall not be reimposed unless the fund is reduced below \$250,000 by disbursement made in accordance with this chapter.

(e) Such person has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets subject to being sold or applied in satisfaction of the judgment and by his search he has discovered no property or assets or he has discovered property and assets and has taken all necessary action and proceedings for the application thereof to the judgment but the amount thereby realized was insufficient to satisfy the judgment;

(g) Such person is not a person who is precluded by this act from making a claim for recovery.

**476.014 Short title.**—This act may be cited as the "Florida Barbers' Act."

**History.**—ss. 1, 28, ch. 78-155.

**Note.**—Section 28, ch. 78-155, in effect provides that this section is repealed on July 1, 1983, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**476.024 Purpose.**—The Legislature recognizes that barbering is potentially dangerous to the public in that barbers work in close proximity to patrons, thus risking transmission of disease and vermin, apply various caustic chemical agents to the hair and scalp of patrons, and employ instruments which could harm patrons if improperly used. Therefore, it is deemed necessary in the interest of public health, safety, and welfare to regulate the practice of barbering in this state. However, restrictions should be imposed only to the extent necessary to protect the public from these recognized dangers and in a manner which will not unreasonably affect the competitive market.

**History.**—ss. 2, 28, ch. 78-155.

Every application for permit shall be accompanied by payment of the fee for each advertising structure, adver-

tising sign, or advertisement included in the application, which fee shall be based on the size of the advertising structure, advertising sign, or advertisement as follows: Four lineal feet or less, \$1; over 4 lineal feet, \$2 per 8 lineal feet or fraction thereof above 4. In addition thereto, the sum of \$1 per advertising structure will be added. The size in lineal feet shall be determined by measuring the width or the height, whichever is greater, of the advertising structure, advertising sign, or advertisement, including all boards, lattice work, borders, flags, decorative parts, devices, or other attachments, except and exclusive of the essential structural supports. Application shall also be made in like manner for a permit to operate, use, maintain, or display any existing advertising structure, advertising sign, or advertisement. Applications for permits for advertising structures shall be acted upon by the department within 30 days of receipt of the application by the department. No fee may be prorated for a period less than the remainder of the permit year to accommodate short-term publicity features; however, all first-year fees may be prorated by the payment of an amount equal to one-fourth of the annual fee for each remaining whole quarter or part quarter of the permit year ending on January 1, provided that any aggregate payment of prorated fees amounting to less than \$5 and submitted with a single application shall be accompanied by a service fee of \$1. Replacement permit tags for advertising structures shall be accompanied by a service fee of \$1. Applications for permits received by the department after September 30 must include fees for the last quarter of the current year and fees for the succeeding year.

(3) Fees for permits issued hereunder shall be payable on January 1 of each year. On or before November 1 of each year, the department shall prepare and send to each licensee and permittee a notice of fees due for all licenses and permits of said licensee or permittee which were issued prior to September 30. Such notice shall be itemized to indicate the amount of the state license fee, the amounts of county license fees, the names of all counties to which the county license fees are applicable, and the number of permits and permit fees of each size. The permittee shall, within 60 days of the receipt of the said notice, pay the fees due for each outstanding permit or return the permit to the department for cancellation. If the permittee does not pay such fees within the 60-day period, the department shall send a second notice to the permittee requiring payment within 30 days after the receipt of notice together with payment of a delinquency fee of 10 percent of the amount originally due. Permits not renewed or returned to the department shall be accounted for on a form furnished by the department, which shall be in affidavit form and returned with the payment of the annual fees. Permits for structures along any federal-aid primary highway or interstate highway within any incorporated city or town which shall not be renewed in the manner herein provided shall be returned for cancellation or accounted for in the same manner.

(4) For every permit issued the department shall deliver to the applicant a serially numbered permanent metal permit tag which shall indicate the size

of the advertising structure, advertising sign or advertisement. The tag shall be of a kind furnished by the department for the year 1974. The permittee shall attach a currently valid permanent permit tag to each advertising structure, advertising sign or advertisement which he owns and which is required to be permitted wherever located within the state. Such tag shall indicate the amount of permit fee for the advertising structure, advertising sign or advertisement to which it is attached. The tag shall be attached to the face of the advertising structure, advertising sign or advertisement on the end nearest the highway in a manner that shall cause it to be plainly visible. Permit tags issued for use in 1974 and thereafter shall be considered permanent permit tags and shall be maintained on the structure until returned to the department for cancellation. The construction, erection, use or maintenance of any advertising structure, advertising sign or advertisement which is required by this chapter to be permitted, without having affixed thereto a currently valid permanent permit tag shall be prima facie evidence that the same has been constructed or erected and is being operated, used or maintained in violation of the provisions of this chapter, and shall be subject to removal by legal representatives of the department. No person shall paint, alter, mutilate, deface or change the color of a permit tag and no one other than the owner of such tag or his lawful representative shall remove such tag from the advertising structure, advertising sign or advertisement to which it has been affixed. Any person violating this provision shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083.

(5) If more than one side of an advertising structure, advertising sign or advertisement is used for advertising, a fee for each such side shall be required. Advertisements sculptured in the round shall be treated as using three sides.

(6) No person shall erect or cause to be erected an advertising structure, advertising sign or advertisement upon the property of another without first securing the written permission of the owner or lessee of said property and applying for and receiving a current permit tag as herein provided.

(7) Any person who shall construct, erect, operate, use, or maintain, or cause or permit to be constructed, erected, operated, used, or maintained, any outdoor advertising structure, outdoor advertising sign, or outdoor advertisement as provided herein shall affix the name of such person or the owner thereof to the structure in such a manner as to be visible from the front surface of the structure.

#### **1479.08 Revocation of permit.—**

(1) The department may after 30 days' notice in writing to the permittee, revoke any permit issued by it under s. 479.07 upon repayment of a proportionate part of the fee in any case where it shall appear to the department that the application for the permit contains knowingly false or misleading information

or that the permittee has violated any of the provisions of this chapter unless such permittee shall, before the expiration of said 30 days, correct such false or misleading information and comply with the provisions of this chapter. If the construction, erection, operation, use, maintenance and display of any advertisement, advertising sign or advertising structure for which a permit is issued by the department and the permit fee has been paid as above provided, shall be prevented by any zoning board, commission or other public agency which also has jurisdiction over the proposed advertisement, advertising sign or advertising structure or its site, the fee for such advertisement, advertising sign or structure shall be returned by the department and the permit revoked. But one-half of the fee shall be deemed to have accrued upon the erection of advertising sign or advertising structure or the display of an advertisement followed by an inspection by the representatives of the department.

(2) Any person aggrieved by any action of the department in refusing to grant or in revoking a permit under s. 479.07 may, within the time provided by the Florida Appellate Rules after the date of such refusal or revocation apply to the circuit court for a declaratory judgment as to the validity of said order of revocation as provided by chapter 86.

**480.031 Short title.**—This act shall be known and may be cited as the "Massage Practice Act."

*History.*—s. 1, ch. 78-436.

**480.032 Purpose.**—The Legislature recognizes that the practice of massage is potentially dangerous to the public in that masseurs must have a knowledge of anatomy and physiology and an understanding of the relationship between the structure and the function of the tissues being treated and the total function of the body. Massage is therapeutic, and regulations are necessary to protect the public from unqualified practitioners. It is therefore deemed necessary in the interest of public health, safety, and welfare to regulate the practice of massage in this state; however, restrictions shall be imposed to the extent necessary to protect the public from significant and discernible danger to health and yet not in such a manner which will unreasonably affect the competitive market. Further, consumer protection for both health and economic matters shall be afforded the public through legal remedies provided for in this act.

Before entering business and also annually thereafter, on or before an anniversary date to be set by the department for each licensee, each person, firm, partnership, or corporation engaged in pest control shall apply to the department for a license, or a renewal thereof, for each business location. Applications shall be on forms prescribed and furnished by the department. Each license expires the next anniversary date following issuance or renewal. The license fee is \$25. A license shall cease to be in force when a licensee changes his business address and the old license shall be surrendered and a new license issued for a fee of \$5. The department shall not issue a license to a pest control business unless its pest control activities shall be in charge of a certified operator or operators certified in the categories of the licensee and resident in the state. person for whom pest control is being performed or solicited or to any inspector, or to such other persons as may be prescribed by the rules of the department.

(2) The responsibility for obtaining identification cards for employees is jointly on the licensee and the certified pest control operator. However, no one shall perform pest control without being of good moral character and carrying on his person a current valid identification card and without having affixed thereto his signature and a current photograph of himself. No licensee or certified operator shall assign or use any employee to perform pest control without trained supervision unless said employee is trained and qualified. An identification card shall cease to be in force when the holder thereof ceases to be an employee of the licensee which secured the said card. In such case, the licensee or certified operator will obtain and destroy the old card and shall notify the department in writing of the date of termination within 10 days. Each card issued shall expire on the licensee's next anniversary date after issuance or upon change of licensee's business address. Each card shall be renewed annually thereafter on or before the licensee's anniversary date as set by the department for each licensee. The fee for each identification card is \$2.

(3) An employee whose duties are confined to office secretarial, bookkeeping, office clerical, office filing, trenching, digging, raking, putting up or taking down tents, clamping, carrying away debris or such activities as specified by the department, shall be made exempt by the department from being required to hold an identification card.

(4) No person shall be issued or hold an identification card for more than one licensee at any one time, except a certified operator for the express and sole purpose of, and period for, obtaining experience to qualify for examination in a category for which such person is not certified and seeks certification.

(5) A licensee having more than one licensed business location may assign an identification cardholder to any of its licensed business locations without obtaining another identification card for such holder.

In all such cases the certified operator temporarily in charge and the licensee shall jointly be held responsible for the pest control work performed.

(6) The issuance fee and the renewal fee for each certificate shall not exceed \$25.

(7) A certified operator who is inactive in pest control for a period not exceeding 5 years may secure a renewal at any time during 5 years upon payment of all past fees.

(8) All moneys received by the department under this measure shall be deposited and expended pursuant to the provisions of s. 215.37, and shall be used by the department in carrying out the provisions of this measure and in the education of and of the promoting of the pest control industry. All expenditures authorized by this measure shall be paid upon presentation of vouchers approved by the department.

(9) Certificates issued by the department are not transferable to another person.

(10) In the event of death, loss of certified operator or other emergency, one or more emergency pest control certificates or special identification cards shall be issued upon the request of the licensee, to one or more designated, trained persons by the department for a period of 10 days. The department may renew the same for an additional period up to 90 days and for similar additional periods up to 1 year. The department may collect not more than \$10 for each emergency certificate or card and not more than \$10 for each renewal thereof. #### **1482.121 False use of certificate.—**

(2) No licensee shall use the certificate of any certified operator to secure or keep a license unless

**History.**—s. 1, ch. 67-248; s. 3, ch. 76-168; s. 1, ch. 77-457.

<sup>1</sup>**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1982, except for the possible effect of laws affecting this section prior to that date.

<sup>1</sup>**483.021 Declaration of policy and statement of purpose.**—The purpose of this part is to protect the public health, safety and welfare of the people of this state from the hazards of improper performance by clinical laboratories. Clinical laboratories provide essential services to practitioners of the healing arts by furnishing vital information which is essential to a determination of the nature, cause, and extent of the condition involved. Unreliable and inaccurate reports may cause unnecessary anxiety, suffering, financial burdens and even contribute directly to death. The protection of public and individual health requires licensure of clinical laboratories and certain of their employees, the meeting of certain mini-

mum standards, as well as certain other necessary safeguards as authorized by this part.

**History.**—s. 2, ch. 67-248; s. 3, ch. 76-168; s. 2, ch. 77-48; s. 1, ch. 77-457.

<sup>1</sup>**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1982, except for the possible effect of laws affecting this section prior to that date.

<sup>1</sup>**483.031 Application of chapter; exemptions.**

—This part applies to all clinical laboratories and clinical laboratory personnel within this state, except:

(1) Clinical laboratories operated by the United States Government.

(2) A clinical laboratory operated by five or less duly licensed practitioners of the healing arts exclusively in connection with the diagnosis and treatment of their own patients. However, if any referred work is received in the clinical laboratory or if any clinical laboratory work is done for patients referred by another practitioner, all provisions of this part shall apply. This exemption does not apply to a clinical laboratory operated by a practitioner of the healing arts who holds himself and the facilities of his laboratory out as available for the performance of diagnostic tests for other practitioners or their patients.

(3) Laboratories operated and maintained exclusively for research and teaching purposes, involving no patient or public health service whatsoever.

**History.**—s. 3, ch. 67-248; s. 3, ch. 76-168; s. 2, ch. 77-48; s. 1, ch. 77-225; s. 1, ch. 77-457.

Specimens may be sent to any clinical laboratory outside of the state for examination, when the state in which the laboratory is licensed conducts physical inspection of the premises of the laboratory, which in the judgment of the department is equivalent to that conducted by the department or when it is otherwise determined by the department that such out-of-state laboratory would meet the requirements of this part. When the specimen has been referred for examination to an out-of-state laboratory the report shall bear or be accompanied by a clear statement that such findings were obtained in such other laboratory and shall specify its name and location.

(8) **CONSTRUCTION OF CLINICAL LABORATORIES.**—The department may establish standards for construction of new or modification of existing clinical laboratories including plumbing, heating, lighting, ventilation, electrical services and similar conditions which shall insure the conduct and operation of the laboratory in a manner which will protect the public health.

**483.28 Short title.**—This part shall be known and may be cited as "The Florida Multiphasic Health Testing Center Law."

**History.**—s. 1, ch. 77-48.

**483.282 Declaration of policy and statement of purpose.**—The purpose of this part is to protect the health, safety, and welfare of the people of this state from the hazards of improper performance by multiphasic health testing centers. Multiphasic health testing centers provide to people certain health testing services which are either performed at the center or involve the sending of specimens to a clinical laboratory. Unreliable or inaccurate reports and findings thereby may cause unnecessary anxiety, suffering, and financial burden or a false and injudicious sense of security with respect to the state of personal health, and may even contribute directly to death. Therefore, the Legislature finds and declares that the protection of the public and individual health requires the licensing of such centers, the establishment of certain minimum standards, and other necessary safeguards as authorized by this part.

**History.**—s. 1, ch. 77-48.

**483.285 Application of part; exemptions.**—This part applies to all multiphasic health testing centers within the state, but does not apply to:

(1) An entity operated by the United States Government or by the state or any political subdivision of the state.

**<sup>1</sup>484.001 Purpose; legislative findings; intent.—**

(1) The Legislature finds that the practice of opticianry by unskilled and incompetent practitioners presents a danger to the public health and safety. The Legislature finds further that it is difficult for the public to make an informed choice about opticians and that the consequences of a wrong choice could seriously endanger their health and safety. The only way to protect the public from the incompetent practice of opticianry is through the establishment of minimum qualifications for entry into the profession and through swift and effective discipline for those practitioners who violate the law.

(2) The sole purpose of enacting this chapter is for the protection of the public health and safety.

**History.**—ss. 1, 5, ch. 79-275.

**<sup>1</sup>Note.**—Section 5, ch. 79-275, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**<sup>1</sup>484.002 Definitions.—**As used in this chapter:

(1) "Department" means the Department of Professional Regulation.

(2) "Board" means the Board of Opticianry.

(3) "Opticianry" means the preparation and dispensing of lenses, spectacles, eyeglasses, and other optical devices to the intended user or agent thereof, upon the written prescription of a medical doctor or optometrist who is duly licensed to practice or upon presentation of a duplicate prescription. The selection of frame designs, the actual sales transaction, and the transfer of physical possession of lenses, spectacles, eyeglasses, and other optical devices subsequent to performance of all services of the optician shall not be considered the practice of opticianry; however, such physical possession shall not be transferred until the optician has completed the fitting of the optical device upon the customer. The practice of opticianry also includes the duplication of lenses accurately as to power, without prescription.

(4) "Optician" means any person licensed to practice opticianry pursuant to this chapter.

(5) "Direct supervision" means supervision where the licensee remains on the premises while all work is being done and gives final approval to any work performed by an employee.

(6) "Licensed physician" means a medical doctor licensed under chapter 458 or chapter 459.

**History.**—ss. 1, 5, ch. 79-275.

**<sup>1</sup>Note.**—Section 5, ch. 79-275, in effect provides that this section shall stand repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**<sup>1</sup>484.003 Board of Opticianry; membership; appointment; terms.—**

(1) The Board of Opticianry is created within the Department of Professional Regulation and shall consist of seven members to be appointed by the Governor and confirmed by the Senate.

(2) Five members of the board shall be licensed opticians. The remaining two members shall be residents of the state who never have been licensed as opticians and who are in no way connected with the practice of opticianry.

(3) Within 60 days after June 30, 1979, the Governor shall appoint two members for terms of 2 years each, two members for terms of 3 years each, and three members for terms of 4 years each. Thereafter, members shall be appointed for terms of 4 years. **487.021 Definitions.**—For the purpose of this chapter:

- (1) "Active ingredient" means:

  - (c) In the case of a defoliant, an ingredient which will cause the leaves or foliage to drop from a plant.
  - (d) In the case of a desiccant, an ingredient which will artificially accelerate the drying of plant tissue.
- (2) "Added ingredient" means any plant nutrient or plant regulator added to the mixture which is not an active pesticidal ingredient, but which the

manufacturer wishes to show on the label.

(3) "Adulterated" applies to any pesticide if its strength or purity falls below or is in excess of the professed standard of quality as expressed on labeling or under which it is sold, if any substance has been substituted wholly or in part for the pesticide or if any valuable constituent of the pesticide has been wholly or in part abstracted.

(4) "Advertisement" means all representations disseminated in any manner or by any means other than by labeling, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of pesticides.

(21) "Inert ingredient" means an ingredient which is not an active ingredient.

(22) "Ingredient statement" means:

(a) A statement of the name and percentage by weight of each active ingredient, together with the total percentage of the inert ingredients in the pesticides, and

If the label does not bear an ingredient statement on that part of the immediate container, and on the outside container or wrapper, if there be one, through which the ingredient statement on the immediate container cannot be clearly read, of the retail package which is presented or displayed under customary conditions of purchase.

6. If any word, statement, or other information required by or under authority of this law to appear on the labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or graphic matter in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

7. (a) Any pesticide which has not been registered pursuant to the provisions of s. 487.041, or any pesticide if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of a pesticide differs from its composition as represented in connection with its registration.

(b) Any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one, through which the required information on the immediate container cannot be clearly read, a label bearing:

1. The name and address of the manufacturer or the registrant;
2. The name brand, or trademark under which said article is sold;
3. The net weight or measure of the contents, subject, however, to such reasonable variations as the department may permit; and
4. All other mandatory labeling requirements.

However, the delivery of pesticides in bulk, on permit of the department, is deemed to comply with the unbroken container and labeling provision of this paragraph when safely transported, transferred, deposited, and labeled in a manner provided by technical rule.

(c) Any pesticide which contains any substance or substances in quantities highly toxic to man, determined as provided in s. 487.051, unless the label shall bear, in addition to any other matter required by this chapter:

(6) To hold or offer for sale, sell, or distribute in this state restricted-use pesticides without a dealer's license and unless the person to whom the sale is made holds a valid applicator's license to purchase and use such restricted-use pesticides or holds a valid purchase authorization card, in which case the use of the restricted-use pesticide shall be by a licensed applicator or employee under his direct supervision.

(7) For any person to purchase any restricted-use pesticide unless he is the holder of a valid dealer's license, applicator's license, or purchase authorization card or to use a restricted-use pesticide unless he is the holder of a valid applicator's license or unless he is using the restricted-use pesticide under the direct supervision of a licensed applicator.

(8) For any person to use any pesticide, including a restricted-use pesticide, or to dispose of any pesticide containers in a manner other than those stated in the labeling or on the label or as specified by the department or the United States Environmental Protection Agency. However, it shall not be unlawful to:

(a) Apply a pesticide at any dosage, concentration, or frequency less than that specified on the label or labeling, provided that the efficacy of the pesticide is maintained and further provided that when a pesticide is applied by a commercial applicator, any deviation from label recommendations must be with the consent of the purchaser of the pesticide application services;

(b) Apply a pesticide against any target pest not specified in the labeling if the application is to a crop, animal, or site specified on the label or labeling, provided that the label or labeling does not specifically prohibit the use on pests other than those listed on the label or labeling;

(b) The Department of Agriculture and Consumer Services or the Department of Health and Rehabilitative Services, when emergency use is authorized, shall file with the Department of Environmental Regulation a report of action taken, including:

1. Name and amount of pesticide used;
2. Manner of application;
3. Disposal of container; and
4. Method of cleaning equipment.

(c)1. The Department of Agriculture and Consumer Services shall file with the Department of Environmental Regulation an annual report for each calendar year, not later than March 1 of the following year, of the amount and kind of persistent pesticides sold in the state.

2. Registrants selling persistent pesticides shall report to the Department of Agriculture and Consumer Services the name and the amount of each persistent pesticide sold by them in this state during each calendar year. The report shall be filed with the department not later than January 31 following the said reporting year.

(10) For any person to handle, transport, store, display, or distribute pesticides in such a manner as to endanger man or his environment or to endanger food, feed, or any other products that may be transported, stored, displayed, or distributed with such pesticides.

(11) For any person to dispose of, discard, or store any pesticides or pesticide containers in such a manner as to cause injury to humans, vegetation, crops, livestock, wildlife, or pollinating insects or to pollute any water supply or waterway.

cf.—s. 487.081 Exemptions.

#### 487.041 Registration.—

(1) Every pesticide which is distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be registered in the office of the department, and such registration shall be renewed annually. The registrant shall file with the department a statement including:

- (a) The name and street address of the registrant;
- (b) The name of the pesticide;
- (c) An ingredient statement and a complete copy

of the labeling accompanying the pesticide which shall conform to the registration and a statement of all claims to be made for it including directions for use and a guaranteed analysis showing the names and percentages by weight of each active ingredient, the total percentage of inert ingredients, and the names and percentages by weight of each "added ingredient" contained therein.

(2) For the purpose of defraying expenses of the department in connection with carrying out the provisions of this chapter, each person shall pay a registration fee of \$10 for each and every brand registered annually, for the first 10 brands, and \$2.50 for each and every brand in excess thereof. All registrations expire on December 31 of each year and new registrations must be filed before January 15 of the current year. Nothing in this section shall be construed as applying to jobbers or retail dealers selling pesticides when such pesticides are registered.

(3) The department, whenever it deems it necessary in the administration of this chapter, may require the registrant to submit the complete formula, evidence of the efficacy, and evidence of the safety of any pesticide. In addition, each application for a special local need registration shall be supported by evidence of efficacy which shall be submitted with the application for registration. This evidence as to efficacy shall be examined by the technical council and any other governmental agency or higher education institution designated by the department, which shall make recommendations to the department as to whether or not the application for registration should be accepted or rejected. The department may issue a temporary acceptance or rejection pending receipt of the recommendation of the evaluating groups. After the technical council and other evaluating groups have made their recommendation, the department shall register or refuse to register the pesticide. However, before registration is refused, the department shall notify the applicant of its intention to refuse, giving its reasons therefor. The applicant shall have 15 days thereafter in which to request a hearing on his application for registration, and upon his failure to do so within said time, refusal shall become final without further procedure. The department, for reasons of adulteration, misbranding, or other good cause, may refuse or revoke the registration of any pesticide, upon notice to the applicant or registrant of its intention to so refuse or revoke, giving its reasons therefor. The applicant shall have 15 days thereafter in which to request a hearing on the department's intention to refuse or revoke registration, and, upon his failure to do so within said time, refusal or revocation shall become final without further procedure. In no event shall registration of a pesticide be construed as a defense for the commission of any offense prohibited under s. 487.031.

(4) When a registrant discontinues the distribution of a pesticide which has been registered in this state, he will be required to continue registration of this pesticide until no more remains on the retailer's shelves, or not to exceed 2 years after written notice

to the department of date of discontinuance; provided such continued registration or sale is not specifically prohibited by the department or the United States Environmental Protection Agency.

**History.**—s. 1, ch. 65-457; ss. 14, 35, ch. 69-106; s. 4, ch. 73-63; s. 2, ch. 78-154; s. 3, ch. 79-210.

#### **487.042 Restricted-use pesticides; rules and licenses.—**

(1) The department shall adopt rules which govern the purchase and use of restricted-use pesticides. Such rules may prescribe the area, time, amount, and other conditions deemed necessary to avoid injury under which a restricted-use pesticide may be used. However, such rules shall not impose rules which will constitute a violation of federal law.

(2) Restricted-use pesticides may be purchased or used by any person who holds a valid applicator's license or who holds a valid purchase authorization card issued by the department or by a licensee under chapter 482 or chapter 388, except that a nonlicensed person may apply restricted-use pesticides under the direct supervision of a licensed applicator. Such applicator's license shall be issued by the department on a form supplied by it in accordance with the requirements listed in s. 487.155.

(3) Each person holding or offering for sale, selling, or distributing restricted pesticides shall obtain a dealer's license from the department. Such license shall expire on June 30 of each year and shall be renewed on or before July 1 of each year.

(4) A record of each sale of a restricted-use pesticide shall be maintained by the licensed dealer for a period of 1 year.

(5) The department may deny, cancel, or suspend the license of anyone who violates any of the provisions of this chapter or rules promulgated thereunder.

**History.**—s. 3, ch. 69-376; ss. 14, 35, ch. 69-106; s. 3, ch. 78-154; ss. 2, 4, ch. 79-210.

#### **487.051 Administration; rules; procedure.—**

(1) This chapter and all rules and regulations adopted and promulgated hereunder shall be administered and enforced by the department.

(2) The department is authorized by technical rule, to implement, make specific and interpret the provisions of this chapter and specifically:

(a) To declare as a pest any form of plant or animal life or virus which is injurious to plants, man, domestic animals, articles or substances;

(b) To determine whether pesticides are highly toxic to man;

(c) To determine standards of coloring or discoloring for pesticides, and to subject pesticides to the requirements of s. 487.031(1)(e);

(d) To determine the composition and use of pesticides as defined in this chapter, including, without limiting the foregoing general terms, the taking and handling of samples, the establishment of tolerances and deficiencies where not specifically provided for in this chapter, to prohibit the sale or use in pesticides of any material proven detrimental to agriculture or of questionable value; to provide for the incorporation into pesticides of such other substances as plant nutrients and proper labeling of such mixture; to prohibit the sale of pesticides in tablet, pellet

or capsule form or combined with human food so as to be dangerous to human beings; and to prescribe the information which shall appear on the label other than specifically set forth in this chapter.

(e) To determine pesticides, and quantities of substances contained in pesticides, which are injurious to the environment. The department shall be guided by the environmental protection agency regulations in this determination.

(3) In order to avoid confusion endangering the public health, resulting from diverse requirements, particularly as to the labeling and coloring of pesticides, and to avoid increased costs to the people of this state due to the necessity of complying with such diverse requirements in the manufacture and sale of such pesticides, it is desirable that there should be uniformity between the requirements of the several states and the federal government relating to such pesticides. To this end, the department is authorized to adopt by regulation such regulations applicable to and in conformity with primary standards established by this chapter, as have been or may be prescribed in the environmental protection agency with respect to pesticides.

(4) The department shall have full and complete power and authority to make, adopt, promulgate, amend, and repeal all rules which it shall deem necessary or helpful in the efficient administration and enforcement of this chapter.

(1) The department, or its agent, is authorized to enter upon any public or private premises or carrier during regular business hours in the performance of its duties relating to pesticides and records pertaining to same.

(2) The department, or its agent, is authorized and directed to sample, test, inspect, and make analyses of pesticides sold, offered for sale, distributed, or used within this state, at a time and place and to such an extent as it may deem necessary, to determine whether such pesticides are in compliance with the provisions of this chapter and the provisions of the pesticide label or labeling.

(3) The official analysis shall be made from the official sample. A sealed and identified sample, herein called "official check sample" shall be kept until the analysis is completed on the official sample. Provided, however, that the registrant may obtain upon request a portion of said official sample. If the official analysis conforms with the provisions of this chapter, the official check sample may be destroyed. If the official analysis does not conform with the provisions of this chapter, then the official check

sample shall be retained for a period of 90 days from the date of the certificate of analysis of the official sample.

(4) If a pesticide or device fails to comply with the provisions of this chapter with reference to the ingredient statement reflecting the composition of the product, as required on the registration and labeling, and the department contemplates possible criminal proceedings against the person responsible because of such violation, the department shall, after due notice accord such person an informal hearing or an opportunity to present his views, either orally or in writing, with regard to such contemplated proceedings, and if in the opinion of the department the facts so warrant, the department may refer the facts to the state attorney for the county in which the violation occurred, with a copy of the results of the analysis or the examination of such article; provided, however, that nothing in this chapter shall be construed as requiring the department to report for prosecution minor violations whenever it believes that the public interest will be subserved by a suitable notice of warning in writing.

(5) It shall be the duty of each state attorney to whom any such violation is reported, to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay.

(6) The department shall, by publication in such manner as it may prescribe, give notice of all judgments entered in actions instituted under the authority of this chapter.

(3) Notwithstanding any other provision of this chapter, registration and labeling is not required in the case of a pesticide stored or shipped from one manufacturing plant within this state to another manufacturing plant within this state operated by the same person or from one manufacturer to another manufacturer, provided they are properly labeled whenever poison labels are required under s. 487.031(1)(c).

(4) Nothing in this chapter shall be construed to apply to persons duly licensed or certified under

chapter 388 or chapter 482 in their performing any pest control or other operation for which they are licensed or certified under said statutes.

(1) Any lot of pesticide or device not in compliance with the provisions of this chapter shall be subject to seizure on complaint of the department to the circuit court in the county in which said pesticide or device is located. In the event the court finds said pesticide or device to be in violation of this chapter and orders it condemned, it shall be disposed of as the court may direct; provided, that in no instance

shall the disposition of said pesticide or device be ordered by the court without first giving the owner or custodian an opportunity to apply to the court for release of said pesticide or device or for permission to process or relabel it to bring it into compliance with this chapter.

(2) If the court finds that a condemned pesticide or device may be disposed of by sale, the proceeds, less legal costs, shall be paid to the General Inspection Trust Fund.

(1) **CLASSIFICATION.**—The department may classify licenses to be issued under this act. Separate classifications and subclassifications may be specified by the department as deemed necessary to carry out the provisions of this act. (2) **FEES.**—

(a) The department may require an initial fee, not to exceed \$100, for processing the application and issuing a person a license as a "certified applicator." Such fee shall not represent more than the approximate cost of certification for the applicant and may vary in amount depending on the classifications or subclassifications for which the certification is made, as provided by rules and regulations promulgated under this act.

(b) The department may require a fee, not to exceed \$5 per annum, for renewal of a certified applicator's license.

(c) Fees collected under the provisions of this act shall be deposited with the State Treasurer in the General Inspection Trust Fund and shall be used to defray expenses in the administration of this act.

(3) **APPLICATION.**—Application for license shall be made in writing to the department on a form furnished by the department. Each application shall contain information regarding the applicant's qualifications, proposed operations, and license classification or subclassifications, as prescribed by rule.

(4) **EXAMINATION.**—The department shall require each applicant for a certified applicator's license to demonstrate competence by a written or oral examination, or such other equivalent procedure as may be adopted by rule under this act, that he possesses adequate knowledge concerning the proper use and application of pesticides in each classification for which application for license is made. Examination or other equivalent procedure may be prepared, administered, and evaluated by the department. Although not limited to such, each applicant for a certified applicator's license shall demonstrate competence as to:

The license shall be conspicuously displayed at the principal business address of the licensee or kept on the person of the licensee while performing work as a certified applicator.

(6) **NONRESIDENT LICENSEE.**—Any nonresident applying for a license under this act to operate in the state shall file a written power of attorney designating the Secretary of State as the agent of such nonresident upon whom service of process may be had in the event of any suit against said nonresident person, and such power of attorney shall be prepared in such form as to render effective the jurisdiction of the courts of this state over such nonresident applicant. However, any such nonresident who has a duly appointed resident agent upon whom process may be served as provided by law shall not be required to designate the Secretary of State as such agent. The Secretary of State shall be allowed such fees therefor as provided by law for designating resident agents. The department shall be furnished with a copy of such designation of the Secretary of State or of a resident agent, such copy to be duly certified by the Secretary of State.

Public applicators using or supervising the use of restricted-use pesticides shall be subject to examination as provided in s. 487.155(4). The department shall issue an applicator's license without fee to a public applicator which license shall be valid only when such public

applicator is performing under the authority of a governmental agency.

*History.*—s. 7, ch. 74-247; s. 11, ch. 79-210.

**487.157 License renewals; penalty, retesting.**

—The department shall require renewal of a certified applicator's license at least every 3 years. If the application for renewal of any license provided for in this chapter is not filed on time according to rules of the department, a penalty may be assessed not to exceed 10 percent of the initial license fee. However, such penalty shall not apply if the applicant furnishes an affidavit certifying that he has not engaged in business subsequent to the expiration of his license for a period not exceeding 60 days. A license may be renewed without taking another examination unless the department determines that new knowledge related to the classification for which the applicant has applied makes a new examination necessary; however, the department may require the applicant to provide evidence of continued competency, as determined by rule. However, if the license is not renewed within 60 days of the expiration date, then such licensee may again be required to take another examination unless there is some unavoidable circumstance which results in the delay of the renewal of any license issued under this act which was not under the applicant's control.

*History.*—s. 8, ch. 74-247; s. 12, ch. 79-210.

**487.158 Denial, suspension, revocation of license.**—The department may deny, suspend, revoke, or modify the provisions of any license issued under this act, if it finds that the applicant or licensee has committed any of the following acts applicable to him, each of which is declared to be a violation of this act:

(1) Made false or fraudulent claims through any media, misrepresenting the effect of materials or methods to be utilized;

**487.159 Damages to property or animal except man, report of loss, time for filing, failure to file.**—

(1) The person claiming damages to property or animal except man from pesticide application shall file with the department a written statement claiming that he has been damaged, on a form prescribed by the department, within 60 days after the date that such damages occurred or prior to the time that 25 percent of a crop damaged shall have been harvested, whichever occurs first. Such statement shall contain, but shall not be limited thereto, the name of the person responsible for the application of said pesticide, the name of the owner or lessee of the land on which the crop is grown and for which such damages are claimed, and the date on which it is alleged that such damages occurred. The department shall prepare a form to be furnished to persons to be used in such cases, and such form shall contain such other requirements as the department may deem proper. The department shall investigate the alleged damages and notify all concerned parties of its findings. If the findings reveal a violation of the provisions of this act, the department shall institute suspension or revocation proceedings, as provided in s. 487.158. #### **489.109 Fees.—**

(1) The board, by rule, shall establish reasonable fees to be paid for applications, examination, certification and renewal, registration and renewal, and recordmaking and recordkeeping. Effective October 1, 1979, the fees shall be established as follows:

(a) With respect to an applicant for a certificate, the initial application and examination fee shall not exceed \$250, and the biennial renewal fee shall not exceed \$100; and

(b) With respect to an applicant for registration, the initial application fee shall not exceed \$50, and the biennial renewal fee shall not exceed \$50.

The fees required by the board on June 30, 1979, shall remain in effect through September 30, 1979. The board, by rule, may also establish penalty fees for late renewal not to exceed \$20 for certification and \$10 registration. The board shall establish fees which are adequate to ensure the continued operation of the board. Fees shall be based on department estimates of the revenue required to implement this act and the provisions of law with respect to the regulation of the construction industry.

(2) A certificate or registration which is inoperative because of failure to renew shall be restored on payment of the proper renewal fee, if the application for restoration is made within 90 days after June 30 of the renewal year. If the application for restoration is not made within the 90-day period, the fee for restoration shall be equal to the original application fee plus the renewal fee for each additional period the license has been delinquent; and in addition, the board may require reexamination of the applicant.

(3) A person who is registered or holds a valid certificate from the board may go on inactive status during which time he shall not engage in contracting but may retain his certificate or registration on an inactive basis on payment of a biennial renewal fee during the inactive period, not to exceed \$20 per biennial period.

(4) In addition to the fees provided in subsection (1) for application and renewal for certification and registration, all licensees shall pay a fee of \$4 to the department at the time of application or biennial renewal. The funds shall be transferred at the end of each biennial licensing period to the Department of Education for distribution in the following manner:

(a) Fifty percent shall be allocated to fund research projects relating to the building construction industry in a graduate program in building construction in a Florida university.

(b) Fifty percent shall be apportioned among all accredited private and state universities and community colleges within the state offering approved courses in building construction, with each university or college receiving a pro rata share of such funds based upon the number of full-time building construction students enrolled at the institution. Each institution receiving funds under this subsection shall utilize such funds for research projects relating

to the building construction industry or for continuing education programs to be offered to those engaged in the building construction industry in Florida.

**History.**—ss. 4, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

2. The finding by the board of lack of good moral character is supported by clear and convincing evidence.

(b) When an applicant is found to be unqualified for a license because of a lack of good moral character, the board shall furnish the applicant a statement containing the findings of the board, a complete record of the evidence upon which the determination was based, and a notice of the rights of the applicant to a rehearing and appeal.

#### **1489.113 Qualifications for practice; restrictions.—**

(1) Any person who desires to engage in contracting on a statewide basis shall, as a prerequisite thereto, establish his competency and qualifications to be certified pursuant to this act. To establish his competency, a person shall pass the appropriate examination administered by the department. Any person who desires to engage in contracting on other than a statewide basis shall, as a prerequisite thereto, be registered pursuant to this act, unless exempted by this act. Registration shall be required of specialty contractors when licensing is required by a county or municipality in which the specialty contractor practices.

(2) No person who is not a licensee shall engage in the business of contracting in this state.

(3) A contractor shall subcontract the electrical, mechanical, plumbing, roofing, sheet metal, and air conditioning work for which a local examination for a certificate of competency or a license is required, unless such contractor holds a state certificate of competency or license of the respective trade category, as required by the appropriate local authority.

However, a general, building, or residential contractor shall not be required to subcontract the installation of shingle roofing materials. This subsection does not apply if the local authority does not require a certificate of competency or license for such trade. Nothing in this act shall be construed to require the subcontracting of asphalt roofing shingles.

(4) When a certificate holder desires to engage in contracting in any area of the state, as a prerequisite therefor, he shall be required only to exhibit to the local building official, tax collector, or other person in charge of the issuance of licenses and building permits in the area, evidence of holding a current certificate and to pay the fee for the occupational license and building permit required of other persons.

(5) The certificate is not transferable.

(6) The board shall, by rule, designate those types of specialty contractors which may be certified under this act.

(7) If an eligible applicant fails any contractor's written examination, except the general and building contractors' examination, and provides the board with acceptable proof of lack of comprehension of written examinations, the applicant may petition the board to be administered a uniform oral examination, subject to the following conditions:

(a) The applicant documents 10 years of experience in the appropriate construction craft.

(b) The applicant files written recommendations concerning his competency in the appropriate construction crafts.

(c) The applicant is administered only one oral examination within a period of 1 year.

(8) Any public record of the board, when certified by the executive director of the board or his representative, may be received as prima facie evidence in any administrative or judicial proceeding.

**History.**—ss. 6, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

#### **§489.115 Certification and registration; endorsement; renewals.—**

(1) The department shall issue a certificate or registration to each person qualified by the board and upon receipt of the original license fee.

(2) The board shall adopt rules prescribing procedures for the certification or registration of contractors who have been licensed in states which have standards substantially similar to, or more stringent than, the standards of this state and who meet the other requirements established pursuant to this act.

(3)(a) Each licensee who desires to continue as a licensee shall renew his certificate or registration every 2 years. The department shall mail each licensee an application for renewal.

(b) The licensee shall complete, sign, and forward the renewal application to the department, together with the appropriate fee. Upon receipt of the application and fee, the department shall renew the certificate or registration.

(4) As a prerequisite to issuance of a certificate, the applicant shall submit satisfactory evidence that he has obtained public liability and property damage insurance for the safety and welfare of the public in amounts determined by rule of the board, and the

applicant shall furnish evidence of financial responsibility, credit, and business reputation of either himself or the business organization he desires to qualify. The board shall adopt rules defining financial responsibility based upon the applicant's credit history, ability to be bonded, and any history of bankruptcy or assignment of receivers. Such rules shall specify the financial responsibility grounds on which the board may refuse to qualify an applicant for certification. If, within 60 days from the date the applicant is notified that he has qualified, he does not provide the evidence required, he shall apply to the department for an extension of time which shall be granted upon a showing of just cause.

(5) An initial applicant shall, along with his application, and a licensee shall, upon requesting a change of status, submit to the board a credit report from a nationally recognized credit agency that reflects the financial responsibility of the applicant or licensee. The credit report required for the initial applicant shall be considered the minimum evidence necessary to satisfy the board that he is financially responsible to be certified, that he has the necessary credit and business reputation to engage in contracting in the state, and that he has the minimum financial stability necessary to avoid the problem of diversion of funds. The board shall, by rule, adopt guidelines for determination of financial stability.

**History.**—ss. 7, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

#### **§489.117 Registration.—**

(1) Any person engaged in the business of contracting in the state shall be registered in the proper classification, unless he is certified. Any person entering the business of contracting shall be registered prior to engaging in contracting, unless he is certified. To be initially registered, the applicant shall submit the required fee and file evidence, in a form provided by the department, of holding a current local occupational license issued by any municipality, county, or development district for the type of work for which registration is desired and evidence of successful compliance with the local examination and licensing requirements, if any, in the area for which registration is desired. No examination shall be required for registration.

(2) Registration allows the registrant to engage in contracting only in the counties, municipalities, or development districts where he has complied with all local licensing requirements and only for the type of work covered by the registration.

(3) Upon findings of fact supporting the need therefor, the board may grant a limited nonrenewable registration to a contractor not domiciled in the state, for one project. During the period of such registration the board may require compliance with this and any other statute of the state.

(4) The application for a temporary license shall constitute appointment of the Department of State as an agent of the applicant for service of process in any action or proceeding against the applicant arising out of any transaction or operation connected with or incidental to the practice of contracting for which the temporary license was issued.

(5) A special registration shall be granted to a

specialty contractor whose work is limited to a specific phase of construction and whose responsibility is likewise limited to that particular phase of construction, provided local licensing is required for that phase of construction.

**History.**—ss. 8, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

**1489.119 Business organizations; qualifying agents.—**

(1) If an individual proposes to engage in contracting in his own name, registration or certification may be issued only to that individual.

(2) If the applicant proposes to engage in contracting as a partnership, corporation, business trust, or other legal entity, the applicant shall apply through a qualifying agent; the application shall state the name of the partnership and of its partners, the name of the corporation and of its officers and directors, the name of the business trust and its trustees, or the name of such other legal entity and its members; and the applicant shall furnish evidence of statutory compliance if a fictitious name is used. Such application shall also show that the qualifying agent is legally qualified to act for the business organization in all matters connected with its contracting business and that he has authority to supervise construction undertaken by such business organization. The registration or certification, when issued upon application of a business organization, shall be in the name of the qualifying agent, and the name of the business organization shall be noted thereon.

(3)(a) The qualifying agent shall be certified or registered under this act in order for the business organization to be certified or registered in the category of the business conducted for which the qualifying agent is certified or registered. If any qualifying agent ceases to be affiliated with such business organization, he shall so inform the department. In addition, if such qualifying agent is the only certified or registered individual affiliated with the business organization, the business organization shall notify the department of the termination of the qualifying agent and shall have a minimum of 60 days from the termination of the qualifying agent's affiliation with the business organization in which to employ another qualifying agent. The business organization may not engage in contracting until a qualifying agent is employed.

(b) The qualifying agent shall inform the department in writing when he proposes to engage in contracting in his own name or in affiliation with another business organization, and he or such new business organization shall supply the same information to the department as required of applicants under this act.

(c) Upon a favorable determination by the board, after investigation of the financial responsibility, credit, and business reputation of the qualifying agent and the new business organization, the department shall issue, without an examination, a new certificate or registration in the qualifying agent's name, and the name of the new business organization shall be noted thereon.

(4) When a certified qualifying agent, on behalf of a business organization, makes application for an

occupational license in any municipality or county of this state, the application shall be made with the tax collector in the name of the qualifying agent and the name of the business organization, and the license, when issued, shall be issued to the qualifying agent and the business organization, upon payment of the appropriate licensing fee and exhibition to the tax collector of a valid certificate issued by the department, and the state license number shall be noted thereon.

(5) Each registered or certified contractor shall affix the number of his registration or certification to all his contracts and bids. Any official issuing building permits shall affix such number to each application for a building permit and on each building permit issued and recorded.

(6) Each qualifying agent shall pay the department an amount equal to the original fee for certification or registration of a new business entity. If the qualifying agent desires to qualify more than two business entities, he may be required by the board to appear before the board and present evidence of ability and financial responsibility of each such entity. The issuance of such certification or registration shall be discretionary with the board.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

**1489.121 Emergency registration upon death of contractor.**—If an incomplete contract exists at the time of death of a contractor, the contract may be completed by any person even though not certified or registered. Such person shall notify the board, within 30 days after the death of the contractor, of his name and address. For purposes of this section, an incomplete contract is one which has been awarded to, or entered into by, the contractor before his death, or on which he was the low bidder and the contract is subsequently awarded to him, regardless of whether any actual work has commenced under the contract before his death.

**History.**—ss. 10, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

**History.**—ss. 10, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976.

**1489.125 Certificate holders eligible to participate in projects under s. 235.31.**—Notwithstanding any provisions to the contrary in s. 235.31 relating to prequalification of bidders, any person holding a certificate shall be deemed qualified to participate in any project thereunder.

**History.**—ss. 10, 17, ch. 79-200.

**Note.**—Section 17, ch. 79-200, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the

  - (a) Falsely hold himself out as a licensee;
  - (b) Falsely impersonate a licensee;
  - (c) Present as his own the certificate or registration of another;
  - (d) Give false or forged evidence to the board or a member thereof for the purpose of obtaining a certificate or registration; or

(1) The board may revoke, suspend, or deny the issuance or renewal of the certificate or registration of a contractor or impose an administrative fine not to exceed \$1,000, place the contractor on probation, reprimand or censure, a contractor if the contractor is found guilty of any of the following acts:

- (a) Upon proof that a certificate or registration has been obtained by fraud or misrepresentation.

- (f) Knowingly combining or conspiring with an uncertified or unregistered person by allowing one's certificate or registration to be used by any uncertified or unregistered person with intent to evade the provisions of this act. When a certificate holder or registrant allows his certificate or registration to be used by one or more companies without having any active participation in the operations, management, or control of said companies, such act constitutes prima facie evidence of an intent to evade the provisions of this act.
- (g) Acting in the capacity of a contractor under any certificate or registration issued hereunder except in the name of the certificate holder or registrant as set forth on the issued certificate or registration, or in accordance with the personnel of the certificate holder or registrant as set forth in the application for the certificate or registration, or as later changed as provided in this act.

- (i) Disciplinary action by any municipality or county, which action shall be reviewed by the state

board before the state board takes any disciplinary action of its own.

(j) Failure in any material respect to comply with the provisions of this act.

(k) Abandonment of a construction project in which the contractor is engaged or under contract as a contractor. A project is to be considered abandoned after 90 days if the contractor terminates said project without notification to the prospective owner and without just cause.

(l) Signing a statement with respect to a project or contract falsely indicating that the work is bonded; falsely indicating that payment has been made for all subcontracted work, labor, and materials which results in a financial loss to the owner, purchaser, or contractor; or falsely indicating that workmen's compensation and public liability insurance are provided.

(m) Upon proof and continued evidence that the licensee is guilty of fraud or deceit or of gross negligence, incompetency, or misconduct in the practice of contracting.

**<sup>1</sup>489.131 Applicability.—**

(1) Nothing in this act limits the power of a municipality or county to regulate the quality and character of work performed by contractors through a system of permits, fees, and inspections which are designed to secure compliance with and aid in the implementation of state and local building laws or the power of a municipality or county to enforce other laws for the protection of the public health and safety.

(2) Nothing in this act limits the power of a municipality or county to collect occupational license and inspection fees for engaging in contracting or examination fees from persons who are registered with the board pursuant to local examination requirements. However, nothing in this act shall be construed to require general contractors, building contractors, or residential contractors to obtain additional occupational licenses for specialty work when such specialty work is performed by employees of such contractors on projects for which they have substantially full responsibility and such contractors do not hold themselves out to the public as being specialty contractors.

(3) Nothing in this act limits the power of municipalities or counties to adopt any system of permits requiring submission to and approval by the municipality or county of plans and specifications for work to be performed by contractors before commencement of the work.

(4) Nothing in this act shall be construed to waive any requirement of any existing ordinance or resolution of a board of county commissioners regulating the type of work required to be performed by a specialty contractor.

(5) Any official authorized to issue building or other related permits shall, before issuing a permit,

ascertain that the applicant contractor is certified or is registered in the area where the construction is to take place.

(6) Municipalities or counties may continue to provide examinations for their territorial area, provided that:

(a) To engage in contracting in the territorial area, an applicant shall also be registered with the board;

(b) Each local board or agency which licenses contractors transmits annually during May to the board a report of any disciplinary action taken against the licensee; and

(c) No examination is given the holder of a certificate.

(7) The right to create local boards in the future by any municipality or county is preserved.

(8) This act applies to any contractor performing work for the state or any county or municipality. Officers of the state or any county or municipality shall determine compliance with this act before awarding any contract for construction, improvement, remodeling, or repair.

(9) No provision of this act shall be construed to permit a contractor to perform mechanical or plumbing work for which an examination for a certificate of competency or a license is required, unless such contractor holds such certificates of competency or such licenses as may be required by the appropriate local authority. If the appropriate local authority does not require a certificate of competency or a license for such trade, the provisions of this subsection do not apply.

(10) The state or any county or municipality may require that bids submitted for construction, improvement, remodeling, or repair of public buildings be accompanied by evidence that the bidder holds an appropriate certificate or registration.

**§489.507 Electrical Contractors' Licensing Board.**—

(1) There is created in the Department of Professional Regulation an Electrical Contractors' Licensing Board. The board shall consist of nine members, seven of whom shall be certified electrical contractors and two of whom shall be lay persons who are not, and have never been, electrical contractors or members of any closely related profession or occupation.

(2) Initially, the Governor shall appoint three members for a term of 4 years, three members for a term of 3 years, and three members for a term of 2 years. Thereafter, members shall be appointed for 4-year terms.

(3) The members of the Florida Electrical Contractors' Licensing Board who are serving as of June 30, 1979, shall serve as members of the Electrical Contractors' Licensing Board until January 1, 1980, or until all members are appointed pursuant to subsection (1) and s. 20.30(5), whichever occurs first.

**History.**—ss. 3, 17, ch. 79-272.

**Note.**—Section 17, ch. 79-272, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**History.**—ss. 4, 17, ch. 79-272.

**Note.**—Section 17, ch. 79-272, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**§489.511 Certification; application; examinations; prerequisites; endorsement.**—

(1) Any person desiring to be licensed as a certified electrical contractor shall apply to the department in writing to take the certification examination.

(2) A person shall be entitled to take the certification examination for the purpose of determining whether he is qualified to contract throughout the state as an electrical contractor if the person is of good moral character and is otherwise qualified as provided in this section.

(3) The board shall investigate the financial responsibility and credit and business reputation of

the applicant, as well as the education and experience as provided in s. 489.521 of the applicant's qualifying agent. The board shall adopt rules defining financial responsibility based upon the applicant's credit history, ability to be bonded, and any history of bankruptcy or assignment of receivers. Such rules shall specify the financial responsibility grounds on which the board may refuse to qualify an applicant for certification. Within 30 days from the date of the examination, the board shall inform the applicant in writing whether or not its qualifying agent has qualified and, if the applicant's qualifying agent has qualified, that it is ready to certify competency subject to compliance with the requirements of subsection (4).

(4) As a prerequisite to the issuance of a certificate, the board shall require the applicant to submit satisfactory evidence that it has obtained public liability and property damage insurance in an amount to be determined by rule by the board. Thereupon, the board shall certify to the department that the applicant is competent and the certificate shall be issued forthwith; however, this subsection does not apply to inactive certificates.

(5) If the qualifying agent of an applicant for an original certificate, after having been notified to do so, does not appear for examination within 1 year from the date of filing its application, the fee paid by it shall be credited as an earned fee. New application for a certificate shall be accompanied by another application fee fixed pursuant to this act. Forfeiture of a fee may be waived by the board for good cause.

(6) When a certificate holder desires to engage in contracting in any area of the state, as a prerequisite therefor, it shall only be required to exhibit to the local building official, tax collector, or other authorized person in charge of the issuance of licenses and building or electrical permits in the area evidence of holding a current state certificate of competency, accompanied by the fee for the occupational license and permit required of other persons.

(7) The certificate is not transferable.

(8) The board shall, by rule, designate those types of specialty electrical contractors who may be certified under this act.

(9) The board shall adopt rules specifying procedures for the licensing of practitioners desiring to be licensed in this state who have been licensed and are practicing in states which have licensing standards substantially similar to, equivalent to, or more stringent than, the standards of this state.

(10)(a) Good moral character means a personal history of honesty, fairness, and respect for the rights of others and for laws of this state and nation.

(b) The board may refuse to certify an applicant for failure to satisfy this requirement only if:

1. There is a substantial connection between the lack of good moral character of the applicant and the professional responsibilities of a certified contractor; and

2. The finding by the board of lack of good moral character is supported by clear and convincing evidence.

(c) When an applicant is found to be unqualified for a license because of a lack of good moral character, the board shall furnish the applicant a state-

ment containing the findings of the board, a complete record of the evidence upon which the determination was based, and a notice of the rights of the applicant to a rehearing and appeal.

<sup>1</sup>History.—ss. 5, 17, ch. 79-272.

<sup>1</sup>Note.—Section 17, ch. 79-272, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

#### **489.513 Registration; application; requirements; temporary registration.—**

(1) Any person desiring to be registered as an electrical contractor shall apply to the department for registration.

(2) Any electrical contractor may be registered to contract in the area specified in such registration if the contractor is qualified as provided in this section.

(3) All persons contracting in the state shall be registered with the department unless they are certified. To be registered, the applicant shall file evidence of holding a current occupational license or a current license issued by any municipality or county of the state for the type of work for which registration is desired, on a form provided by the department, together with evidence of successful compliance with the local examination and licensing requirements, if any, in the area for which registration is desired, accompanied by the registration fee fixed pursuant to this act. No state-level examination is required for registration.

(4) Registration permits the registrant to engage in contracting only in the area and for the type of work covered by the registration, unless local licenses are issued for other areas and types of work or unless certification is obtained. When a registrant desires to register in an additional area of the state, he shall first comply with any local requirements of that area and then file a request with the department, together with evidence of holding a current occupational license or license issued by the county or municipality for the area or areas in which he desires to be registered, whereupon his evidence of registration shall be endorsed by the department to reflect valid registration for the new area or areas.

(5) The department may receive an application on prescribed forms with supporting data; and upon finding of fact by the board supporting the need and justification for and reasonable proof of competency of the applicant, the board may authorize the department to grant a limited and restricted registration for one project to a contractor not domiciled in the state. Renewal application or registration cannot be granted. During such registration, the board shall have complete authority to require compliance with this and other statutes of the state relating to electrical contracting.

(6) The application for a temporary registration constitutes the appointment of the Department of State as an agent of the applicant for service of process in any action or proceeding against the applicant arising out of any transaction or operation connected with, or incidental to, the practice of electrical contracting for which the temporary registration was issued.

(4) Sixty days prior to the end of the biennium and automatic reversion of a license to inactive status, the department shall mail a notice of renewal and possible reversion to the last known address of the licensee.

#### **<sup>1</sup>489.519 Inactive status.—**

(1) A licensee may request that his license be placed in an inactive status by making application to the department and paying a fee in an amount set by the board not to exceed \$50.

(2) A license which has been inactive for less than 1 year after the end of the biennium prescribed by the department may be renewed pursuant to s. 489.517 upon payment of the late renewal penalty. The renewed license shall expire 2 years after the date the license automatically reverted to inactive status.

(3) A license which has been inactive for more than 1 year may be reactivated upon application to the department. The board shall prescribe, by rule, continuing education requirements as a condition of reactivating a license. The continuing education requirements for reactivating a license shall not exceed 12 classroom hours for each year the license was inactive and in no event shall they exceed 120 classroom hours <sup>2</sup>for all years. Any license which is inactive for more than 10 years shall be automatically suspended. One year prior to the suspension, the department shall give notice to the licensee. A suspended license may be reinstated as provided in s. 489.533.

#### **<sup>1</sup>489.521 Business organizations; qualifying agents.—**

(1) When an applicant proposes to do business as a sole proprietorship, certification, when granted, shall be issued only in the name of that applicant.

(2) If the applicant proposing to engage in contracting is a partnership, corporation, business trust, or other legal entity, the application shall state the name of the corporation and of its officers and directors, the name of the business trust and its trustees, or the name of such other legal entity and its members and furnish evidence of statutory compliance if a fictitious name is used. The application shall also show that the proposed qualifying agent is legally qualified to act for the business organization in matters connected with its contracting business and concerning regulations by the board and that he has authority to supervise work undertaken by the business organization. The person must possess the required skill, knowledge, and experience, as evidenced by 3 years' proven experience in the trade or education equivalent thereto, or a combination thereof, but not more than one-half of such experience may be educational equivalent, except that the board may, upon receipt of satisfactory proof of at least 6 years of comprehensive, specialized training, education, or experience associated with the business concerned, accept such proof in lieu of other prerequisites heretofore enumerated in this subsection, and, among other things, but not limited thereto, registration as a professional engineer shall be accepted as such proof to plan, lay out, supervise, and do the work of his trade, and who passed an examination and possesses a valid certificate of competency. The certificate, when issued upon application of a business organization, shall have the name of the qualifying individual or individuals noted thereon.

(3) At least one member or supervising employee of the business organization must be qualified under this act in order for the business organization to hold a current certificate in the category of the business conducted for which the member or supervising employee is qualified. If any individual so qualified on behalf of the business organization ceases to be affiliated with the business organization, he shall notify the board and the department thereof within 30 days after such occurrence. In addition, if the individual is the only qualified individual affiliated with the business organization, the business organization shall notify the board and the department of the individual's termination, and it shall have a period of 60 days from the termination of the individual's affiliation with the business organization in which to qualify another person under the provision of this act, failing which, the certification of the business organization shall be subject to revocation by the board. The individual shall also inform the board in writing when he proposes to engage in contracting in his own name or in affiliation with another business organization, and he, or such new business organization, shall supply the same information to the board as required for applicants under this act. After an investigation of the financial responsibility, credit, and business reputation of the individual or the new

business organization and upon a favorable determination, the board shall certify the business organization as qualified, and the department shall forthwith issue, without charge or examination, a new certificate in the individual's name or in the name of the new business organization, as provided in this section.

(4) When a certified business organization makes application for an occupational license in any municipality or county of this state, the application shall be made with the tax collector in the name of the business organization, and the license, when issued, shall be issued to the business organization upon payment of the appropriate licensing fee and exhibition to the tax collector of a valid certificate issued by the department.

The board shall then issue an emergency registration which shall expire upon the completion of the contract. For purposes of this section, and upon written approval of the board, an incomplete contract may be one which has been awarded to, or entered into by, the contractor before his death, or on which he was the low bidder and the contract is subsequently awarded to him, regardless of whether any actual work has commenced under the contract before his death.

However, psychologists who are salaried employees of accredited academic institutions, governmental agencies, or research institutions must be licensed under the provisions of this chapter if they are providing psychological services to the public for considerations over and above the salary that they receive for the performance of their regular duties with such organizations.

(2) Nothing in this chapter shall be construed as restricting the activities and services of a graduate student or psychological intern in psychology pursuing a course of study leading to a graduate degree in psychology at a college or university and working in a training center if these activities and services constitute a part of his supervised course of study and such persons are designated by such title as "psychological intern," "psychological trainee," or other such title clearly indicating the training status appropriate to his level of training. The term "psychological intern," however, shall be reserved for persons enrolled in the doctoral program in psychology at a college or university.

(c) Who has filed with the board a statement of the facts demonstrating his compliance with the conditions expressed in paragraphs (a) and (b).

However, if such a "social psychologist" offers psychological services or holds himself out to the public as practicing psychology as defined in this chapter, he must be licensed under the provisions of this chapter.

The license of any psychologist who fails or neglects to renew his license by January 1 of any year as required herein shall be automatically suspended until such time as the psychologist shall register and pay the regular annual fee plus a delinquency fee of \$20 for each year or fraction thereof that he fails to register.

(2)(a) The secretary of the board, on or before October 1 of each year, shall mail or cause to be mailed to each licensed psychologist a blank form of application for registration addressed to the last known post-office address of such psychologist.

(a) Use of fraud or deception in applying for a license or in taking the examination required by this chapter.

Upon proper showing, injunctive relief or temporary restraining orders shall be granted. The board is not required to post a bond in any court proceedings.

All licenses, except Class "F" and Class "G" licenses, expire at midnight on June 30 of each year. Class "F" and Class "G" licenses expire each year at midnight on the date of birth of the licensee. The department may prorate license fees.

(2) The license shall at all times be posted in a conspicuous place in the principal place of business of the licensee in this state.

(3)(a) The department shall upon application and payment of fee issue a separate license for each branch office mentioned in the application. Said license shall be in a form designed by the department but it shall at least specify the name under which the licensee operates, its license number and the address of the location to which the license applies. Each branch office must be under the direct supervision of a licensed owner, partner, corporate officer or other person licensed to perform the services offered by the agency. The agency shall provide proper surety bond as provided by s. 493.09 for each branch office.

Such license shall not be valid to protect any licensee who engages in the business under any name other than that specified in said license. A license issued under this part shall not be assignable and no licensee shall conduct a business under a fictitious name unless

and until it has obtained the written authorization of the department to do so. The department shall not authorize the use of a fictitious name which is so similar to that of a public officer or agency, or of that used by another licensee, that the public may be confused or misled thereby. No licensee shall be permitted to conduct business under more than one name except as licensed. A licensee desiring to change its licensed name at any time except upon renewal of license shall notify the department and pay a fee of \$10 for each authorized change of name; and upon returning the license to the department with a certificate from his surety on the bond provided for in s. 493.09 to the effect that said bond covers the licensee's new name, the newly authorized name shall then be entered upon the license and same returned to the licensee.

(4) It shall be the duty of every licensee to furnish all of its partners and officers, as the case may be, and all employees who are private investigators or watchmen, guards and patrolmen, and to furnish himself in the case of a private detective or watchman, guard or patrolman contractor, an identification card. Such card shall be in a form and design as may be approved by the Department of State, but shall specify at least the name of the holder of the card, the name and number of the licensee, and be signed by a representative of the licensee and by the holder of the card. Such card shall be in the possession of each partner, officer, or employee while on duty. Upon suspension or revocation of a license, it shall be the duty of each partner, officer, or employee to return the card to his employer.

(5) Each Class "F" or Class "G" license shall remain in the custody and control of the employee. Upon termination of employment, the employer shall immediately notify the department on the form provided.

(6) Each person to whom a license and card have been issued shall be responsible for the safekeeping of same and shall not loan, or let or allow any other person to use or display, said license or card.

(5) "Department" means the Department of Banking and Finance.

(6) "Licensee" means a person, whether mortgage broker or mortgage solicitor, under any of the provisions of this act.

(7) "License" means a license issued under the provisions of this act.

(8) "Principal mortgage broker" means an individual, officer of a corporation, or member of a partnership designated as the primary broker in the application.

(9) "Lender" means any person who either lends or invests money in mortgage loans.

*History.*—s. 2, ch. 59-309; s. 1, ch. 63-58; ss. 12, 35, ch. 69-106; s. 185, ch. 71-377; s. 9, ch. 77-397.

**494.03 Exempt persons.**—This act does not apply to the following:

(2) Any person making or acquiring a mortgage loan with his own funds for his own investment without intent to resell said mortgage loan.

(3) Any person licensed to practice law in this state, not actively and principally engaged in the business of negotiating loans secured by real property, when such person renders services in the course of his practice as an attorney at law.

*History.*—s. 3, ch. 59-309; s. 2, ch. 63-58; s. 1, ch. 65-431; s. 1, ch. 77-397.

**494.04 Licensing of mortgage brokers and mortgage solicitors.**—

(1) No person shall act as a mortgage broker or mortgage solicitor in this state, or in, out of, or from offices in this state, without a license therefor as provided in this act.

(2) No mortgage broker's or mortgage solicitor's

license shall be granted to any person unless he has been a bona fide resident of the state for a period of at least 6 months immediately preceding the date of application for license and is a citizen of the United States, or has presented a notarized declaration of intention to become a United States citizen.

(3) Application for license as mortgage solicitor must be accompanied by the recommendation of the mortgage broker who is to be applicant's employer and who is to be responsible for applicant's actions. A mortgage solicitor shall negotiate mortgage loans only for and on behalf of the broker with whom he is employed.

(4) Each application for a license or for a renewal thereof shall be made in writing, on such forms and in such manner and accompanied by such evidence in support of such application as prescribed by the department. An investigation fee of \$50, which shall not be subject to refund, shall be paid by each new applicant, other than for a branch office. The department shall require such information with regard to the applicant as it may deem desirable, with due regard to the paramount interests of the public, as to the experience, background, honesty, truthfulness, integrity, and competency of the applicant as to financial transactions involving primary or subordinate mortgage financing, and where the applicant is a person other than an individual, as to the honesty, truthfulness, integrity, and competency of any officer or director of such corporation, association, or other group, or the members of such partnership. For examination purposes, the department may prepare a handbook for mortgage brokers and distribute same on request to applicants, provided a reasonable charge shall be made therefor. Each applicant, including designated officers or members as otherwise provided in this section, shall file a complete set of fingerprints taken by an authorized law enforcement officer. Said fingerprints shall be submitted to the Department of Law Enforcement or the Federal Bureau of Investigation for state and federal processing.

(5) The license fee for a license year or part thereof ending the following August 31 shall be the sum of \$75 for the mortgage broker and \$40 for a mortgage solicitor. All fees or charges under this section shall be deposited in the State Treasury to the credit of the Regulatory Trust Fund under the Division of Finance of the department.

(6) If the licensee is a person other than an individual, the license issued to it entitles one officer or member thereof, on behalf of the corporation, partnership, association, or other group, to engage in the business of mortgage broker, and such officer or member to be designated in the application for license. For each officer or member other than the officer so designated, through whom it engages in the business of mortgage broker, the annual fee shall be \$40 in addition to the fee paid for the first license.

(7) Upon the filing of such application, and the payment of said fees, the department shall, upon determination of proper qualifications issue a license to the applicant to act as a mortgage broker or mortgage solicitor under and in accordance with the provisions of this act for a period which shall expire the last day of August next following the date of its

issuance. Such license shall not be transferable or assignable.

(8) When a mortgage broker's license is issued to a person other than an individual, if it desires any of its officers or members other than the officer or member designated by it to act on behalf of the corporation, partnership, association or other group, as a mortgage broker, it may procure an additional license to so employ each of such additional officers or members. Each additional officer or member so licensed shall be licensed only to act as a mortgage broker for and on behalf of the corporation, partnership, association or other group.

(9) The licenses of both mortgage broker and mortgage solicitor shall be prominently displayed in the office of the mortgage broker. The mortgage solicitor's license shall remain in the possession of the licensed mortgage broker employer until canceled or until the mortgage solicitor leaves the employ of the mortgage broker.

(10) Immediately upon the mortgage solicitor's withdrawal from the employ of the mortgage broker, the mortgage broker shall return the mortgage solicitor's license to the department for cancellation.

(11) Every licensed mortgage broker shall have and maintain a principal place of business in the state for the transaction of business. The license shall specify the address of said principal place of business and shall be conspicuously displayed therein. In the event the mortgage broker shall maintain a branch office or offices, the department shall, upon application and the payment of a fee of \$75, issue a branch office license specifying thereon the address of such office, which license shall be conspicuously displayed therein. Each mortgage brokerage office or branch thereof shall be operated under the full charge, control and supervision of a designated mortgage broker employed at such office or branch on a regular and full-time basis to supervise and perform the rendition of mortgage brokerage services. No mortgage broker may serve as the licensed person in charge of more than one office or branch thereof. In case the address of the principal place of business or of any branch office shall be changed, the department shall endorse the change of address on the license without charge.

This fee shall be in addition to the regular license fee and shall be transferred to or deposited in the Mortgage Brokerage Guaranty Fund. If the fund at any time exceeds \$750,000, collection of special fees for this fund shall be discontinued at the end of that license year, and such special fees shall not be reimposed unless the fund is reduced below \$500,000 by disbursement made in accordance with s. 494.044.

(2) The Mortgage Brokerage Guaranty Fund shall be disbursed as provided in s. 494.044, upon approval by the Division of Finance of the Department of Banking and Finance, to any person who is adjudged by a court of competent jurisdiction to have suffered monetary damages as a result of any of the following acts committed by a mortgage broker or mortgage solicitor who was licensed under this chapter at the time the act was committed:

he is a party, and of injury to another party thereto.

(d) Failure to disburse funds in accordance with agreements.

(e) Failure to account or deliver to any person any personal property, such as any money, fund, deposit, check, draft, mortgage, or other document or thing of value, which has come into his hands and which is not his property or which he is not in law or equity entitled to retain, under the circumstances and at the time which has been agreed upon or is required by law or, in the absence of a fixed time, upon demand of the person entitled to such accounting and delivery.

(f) Failure to place, immediately upon receipt, any money, fund, deposit, check, or draft entrusted to him by a person dealing with him as a broker, in escrow with an escrow agent located and doing business in this state, pursuant to a written agreement, or to deposit said funds in a trust or escrow account maintained by him with a bank or savings and loan association located and doing business in this state, wherein said funds shall be kept until disbursement thereof is properly authorized.

(2) Such person has caused to be issued a writ of execution upon such judgment and the officer executing the same has made a return showing that no personal or real property of the judgment debtor liable to be levied upon in satisfaction of the judgment can be found or that the amount realized on the sale of the judgment debtor's property pursuant to such execution was insufficient to satisfy the judgment;

(3) Such person has made all reasonable searches and inquiries to ascertain whether the judgment debtor possesses real or personal property or other assets subject to being sold or applied in satisfaction of the judgment, and by his search he has discovered no property or assets or he has discovered property and assets and has taken all necessary action and proceedings for the application thereof to the judgment, but the amount thereby realized was insufficient to satisfy the judgment;

#### **494.044 Payment from the fund.—**

(1) Any person who meets all of the conditions prescribed in s. 494.043 may apply to the department for payment to be made to such person from the Mortgage Brokerage Guaranty Fund in the amount equal to the unsatisfied portion of such person's

judgment or judgments or \$10,000, whichever is less, but only to the extent and amount reflected in the judgment as being actual or compensatory damages. As to claims against any one mortgage broker or mortgage solicitor, payments shall be made to all persons meeting the requirements of s. 494.043 upon the expiration of 2 years from the date the first notice is received by the department pursuant to s. 494.043(5). Persons who give notice after 2 years from the date the first notice is received may recover up to the remaining portion of any of the \$50,000 aggregate, with claims being paid in the order notice is received.

(2) Upon receipt by the claimant of the payment from the Mortgage Brokerage Guaranty Fund, the claimant shall assign any additional right, title, and interest in the judgment, to the extent of such payment, to the department.

(3) Payments for claims shall be limited in the aggregate to \$50,000, regardless of the number of claimants involved, against any one mortgage broker or mortgage solicitor. If the total claims exceed the aggregate limit of \$50,000, the department shall prorate the payment based on the ratio that the person's claim bears to the total claims filed.

(4) If at any time the money in the Mortgage Brokerage Guaranty Fund is insufficient to satisfy any valid claim or portion thereof, the department shall satisfy such unpaid claim or portion thereof as soon as a sufficient amount of money has been deposited in or transferred to the fund. When there is more than one unsatisfied claim outstanding, such claims shall be paid in the order in which the claims were filed with the department.

(5) All payments and disbursements made from the Mortgage Brokerage Guaranty Fund shall be made by the Treasurer upon a voucher signed by the Comptroller, as head of the department, or such agent as he may designate.

(6) The payment of any amount from the Mortgage Brokerage Guaranty Fund in settlement of a claim or in satisfaction of a judgment against a licensee shall constitute prima facie grounds for the revocation of the license of such licensee.

*History.*—s. 10, ch. 77-397; s. 1, ch. 79-296; s. 209, ch. 79-400.

*History.*—s. 10, ch. 77-397.

(a) Making any false promises likely to influence, persuade, or induce; or pursuing a course of misrepresentation or false promises through agents or solicitors, or advertising or otherwise.

(4) The department may refuse a license if it determines that an applicant does not meet all requirements of s. 494.04 or has violated any provision of this chapter.

(4) The department is authorized to prescribe the minimum information to be shown in the books, accounts, records and documents of licensees so that such records will enable the department to determine compliance with the provisions of this act.

(5) The department may, at intermittent periods, make such investigations and examinations of any licensee or other person as it deems necessary to determine compliance with this act. For such purposes, it may examine the books, accounts, records and other documents or matters of any licensee or other person. No person who is not licensed under this act nor exempt under s. 494.03 shall use the word mortgage or similar words in any advertising, signs, letterheads, cards, or like matter which tend to represent that he arranges real estate mortgage loans. No person not already registered under this act shall be granted a license in a name containing such words as insured, bonded, guaranteed, secured and the like. No person shall advertise or offer to sell insured or guaranteed mortgages unless the principal and interest of such mortgages is insured by an insurance company authorized by the Department of Insurance to write such insurance under the provisions of chapter 635, or unless such mortgages are wholly or partially insured or guaranteed by an agency of the Federal Government.

(2) No person in connection with or incidental to the making of any mortgage loan shall induce, require or permit the mortgage deed or note to be signed by a principal to the transaction if such instruments contain any blank spaces to be filled in after it has been signed, except blank spaces relating to recording or other incidental information not then available.

(3) No person shall charge or exact directly or indirectly from the mortgagor a fee or commission in excess of the maximum fees or commissions as set forth herein. The maximum fees or commissions which may be charged for any mortgage loans shall be as follows:

(6) Mortgage loans insured or guaranteed by an agency of the Federal Government are exempt from the provisions of subsection (3).

(7) Each mortgage negotiated pursuant to this chapter shall include, with a copy delivered to the lender, a mortgagee's title insurance policy or an opinion of title from an attorney who is licensed to practice law in this state, unless waived in writing by the lender, on the land which is described in the mortgage. The policy or opinion shall reflect the priority of the mortgage.

A licensed mortgage broker who lends the funds of an affiliate lender shall not be deemed to be in violation of chapter 687 unless the department determines that the purpose of such action is designed to avoid the provisions of chapter 687. The department shall adopt rules for this section.

(2) When a mortgage broker or mortgage solicitor lends his own funds and charges the fees or commissions authorized by this act, those fees or commissions shall not be considered interest for the purposes of chapter 687 if such mortgage broker or mortgage solicitor assigns the loan to another lender within 90 days from the date the loan was made. (a) Consists of, comprises or includes immoral, deceptive or scandalous matter; or

(b) Consists of, comprises or includes matter which may disparage or falsely suggest a connection with persons, living or dead, corporations, firms, institutions, beliefs, or national symbols, or bring them into contempt, or disrepute; or

(c) Consists of, comprises or includes the flag or coat of arms or other insignia of the United States, or of any state or municipality, or of any foreign nation, or any simulation thereof; or

**495.131 Infringement.**—Subject to the provisions of s. 495.161, any person who shall:

(1) Use, without the consent of the registrant, any reproduction, counterfeit, copy, or colorable imitation of a mark registered under this chapter on any goods or in connection with the sale, offering for sale, distribution or advertising of any goods or services on or in connection with which such use is likely to cause confusion or mistake or to deceive as to the source or origin of such goods or services; or

(2) Reproduce, counterfeit, copy or colorably imitate any such mark and apply such reproduction, counterfeit, copy or colorable imitation to labels, signs, prints, packages, wrappers, receptacles or advertisements intended to be used upon or in conjunction with the sale, offering for sale, distribution or advertising in this state of goods or services;

Shall be liable in a civil action by the owner of such registered mark for any or all of the remedies provided in s. 495.141, except that under subsection (2) hereof the registrant shall not be entitled to recover profits or damages unless the acts have been committed with knowledge that such mark is intended to be used to cause confusion or mistake or to deceive.

#### **495.141 Remedies.**—

(1) Any owner of a mark registered under this chapter may proceed by suit to enjoin the manufacture, use, display or sale of any counterfeits or imitations thereof and any court of competent jurisdiction may grant injunctions to restrain such manufacture, use, display or sale as may be by the said court

deemed just and reasonable, and may require the defendants to pay to such owner all profits derived from and/or all damages suffered by reason of such wrongful manufacture, use, display or sale and to pay the costs of the action; and such court may also order that any such counterfeits or imitations in the possession or under the control of any defendant in such case be delivered to an officer of the court, or to the complainant, to be destroyed. In assessing profits the plaintiff shall be required to prove defendant's sales only; defendant must prove all elements of cost or deduction claimed. In assessing damages the court may enter judgment, according to the circumstances of the case, for any sum above the amount found as actual damages, not exceeding three times such amount. If the court shall find that the amount of the recovery based on profits is either inadequate or excessive the court may in its discretion enter judgment for such sum as the court shall find to be just, according to the circumstances of the case. Such sum in either of the above circumstances shall constitute compensation and not a penalty.

(2) The enumeration of any right or remedy herein shall not affect a registrant's right to prosecute under any penal law of this state.

*History.*—s. 1, ch. 67-58.

**495.161 Common law rights.**—Nothing herein shall adversely affect or diminish the rights or the enforcement of rights in marks acquired in good faith at any time at common law.

include those bona fide religious groups which do not maintain specific places of worship.

2. "Religious institutions" shall also include such separate groups or corporations which form an integral part of those institutions described in subparagraph 1. which are exempt from federal income tax as exempt organizations under the provision of s. 501(c)(3) of the Internal Revenue Code of 1954, or of a corresponding section of any subsequently enacted Federal Revenue Act, and which are not primarily supported by funds solicited outside its own membership or congregation.

Solicitation shall be deemed to have taken place when the request is made, whether or not the person making the request receives any contribution.

(8) "Professional solicitor" means any person who, for a financial or other consideration, solicits contributions for, or on behalf of, a charitable organization whether such solicitation is performed personally or through his agents, servants, or employees or through agents, servants, or employees specially employed by or for a charitable organization, who are engaged in the solicitation of contributions under the direction of such person; however, no agent, servant, or employee of a professional solicitor shall be deemed to be a professional solicitor. #### **1496.021 Powers and duties of the Department of State.—**

(1) The Department of State is hereby vested with the power, jurisdiction, and authority to issue, deny, suspend, and revoke certificates to organizations which obtain contributions solicited from the public for charitable purposes and to professional solicitors who, for financial or other consideration, solicit contributions for, or on behalf of, a charitable organization. The department shall have the power, jurisdiction, and authority to promulgate reasonable rules and regulations pursuant to chapter 120, to prescribe forms for registration or other purposes, to

make effective such rules, regulations, and procedures, and, when necessary, to hold hearings and make adjudications as provided in this part and make recommendations to the appropriate prosecuting attorney for enforcement of this part.

(2) In addition to the authority granted the department by this part, it may commence and maintain in a court of competent jurisdiction all proper and necessary actions and proceedings to enjoin and abate any act prohibited by this part.

(3) The department shall make such individual investigations of all applicants for certificates of registration as it may deem necessary.

(4) All financial records of any professional solicitor or charitable organization which records pertain to the solicitation and expenditure of contributions received shall, upon demand, be available to the department for inspection and investigation. However, names, addresses, and identities of contributors and amounts contributed by them shall be exempt from the provisions of s. 119.07(1), the public records law; shall not be disclosed by the department; and shall be removed from the records and the custody of the department at such time that such information is no longer necessary for the enforcement of this part and shall not be disclosed by the department.

(5) The Department of State may enter into reciprocal agreements with the appropriate federal or state authority for the purpose of exchanging information with respect to charitable organizations. Pursuant to such agreements, the Department of State may accept information filed by a charitable organization with the appropriate authority of another state in lieu of the information required to be filed in accordance with the provisions of this part, if such information is substantially similar to the information required under this part. The Department of State shall also grant exemption from the requirement for the filing of annual registration statement to charitable organizations organized under the laws of another state having their principal place of business outside the state whose funds are derived principally from sources outside the state and which have been granted exemption from the filing of registration statements by the state under whose laws they are organized if such state has a statute similar in substance to the provisions of this part.

(6) For purposes of enforcing the provisions of this part and in making investigations relating to any violation thereof, for purposes of investigating the character, competence, or integrity of any organization, and for purposes of investigating practices and business methods thereof, the department shall have the power to subpoena and bring before it any person in the state and may require the production of any papers it deems necessary and administer oaths and take depositions of any such person so subpoenaed. Failure or refusal of any person duly subpoenaed to be examined or to answer any legal or pertinent question as to such organization under investigation shall be grounds for revocation of a certificate or refusal to issue such certificate as the case may be. The testimony of witnesses in any such proceeding shall be under oath before the department or its agent, and any person who willfully swears

falsely in such proceedings shall be subject to the penalties for perjury.

**History.**—s. 2, ch. 74-332; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 55, ch. 78-95; s. 2, ch. 78-229.

#### **§496.03 Registration of charitable organizations.—**

(1) Every charitable organization which intends to solicit contributions within this state, or have funds solicited on its behalf, shall, prior to any solicitation, file a registration application with the Department of State upon forms prescribed by it. The registration application shall contain the following information:

(a) The name of the organization and the purpose for which it was organized.

(b) The principal address of the organization and the address of any offices in this state; if the organization does not maintain an office, the name and address of the person having custody of its financial records.

(c) The names and addresses of any chapters, branches, or affiliates in this state.

(d) The place where and the date when the organization was legally established, the form of its organization, and a reference to any determination of its tax-exempt status under the Internal Revenue Code.

(e) The names and addresses of the officers, directors, trustees, and the principal salaried executive staff officer.

(f) A copy of a financial statement prepared pursuant to a recognized uniform system of accounting which shall be prescribed or approved by the department, audited with an opinion from an independent certified public accountant, and covering complete disclosure of all the fiscal activities of the charitable organization during the preceding year. Such report shall also specifically identify the amount of funds raised and all costs and expenses incidental thereto, all publicity costs, and costs of allocation or disbursement of funds raised. Any governmental organization may file a copy of the Auditor General's report or a similar report approved by a governmental agency in lieu of a financial statement and audit with an opinion from a certified public accountant. Any charitable organization that does not actually raise or receive contributions from the public in excess of \$25,000 in gross receipts during the organization's fiscal year may submit the information on forms approved by the Department of State in a statement signed by an authorized officer, verified under oath, and attested to by the chief fiscal officer of the organization. Such statement shall be in lieu of an audit by an independent certified public accountant.

(g) Whether the organization intends to solicit contributions from the public directly or have such done on its behalf by others.

(h) Whether the organization is authorized by any other governmental authority to solicit contributions and whether it is or has ever been enjoined by any court from soliciting contributions.

(i) The general purpose or purposes for which the contributions to be solicited shall be used.

(j) The cost of fundraising incurred or anticipated to be incurred by the organization, including a breakdown of all expenses and a statement of such costs as a percentage of contributions received.

(k) The name or names under which it intends to solicit contributions.

(l) The names of the individuals or officers of the organization who will have final responsibility for the custody of the contributions.

(m) The names of the individuals or officers of the organization responsible for the final distribution of the contributions.

(2) Except as otherwise herein provided, the registration forms and any other documents prescribed or approved by the Department of State shall be signed by an authorized officer and by the chief fiscal officer of the charitable organization, and such forms and documents shall be verified under oath and shall be accompanied by the registration fee of \$10 from an organization with an annual income of less than \$25,000, or \$50 from an organization with an annual income of \$25,000 or more.

(3) Upon approval of the registration application by the department, the department shall issue a certificate of registration to the applicant.

(4) It shall be the duty of every charitable organization to ensure that persons who solicit contributions from the public on behalf of the charitable organization have proper identification. Professional solicitors and their employees shall be required to have and produce or display, on demand, identification indicating that the said solicitor has been duly authorized by the organization for which he is soliciting. Such identification shall include, but not be limited to, the name of the holder of the identification and the name and number of the certificate of the charitable organization, if applicable.

(5) A chapter, branch, affiliate, or independent member, upon mutual agreement with the parent organization or federated fundraising organization, may report all of the required information to its parent organization or to the federated fundraising organization with which it is affiliated, which shall then transmit such information as to its affiliates, branches, chapters, or independent members to the Department of State along with its own statement. In addition, a list of officers and directors shall be filed, along with the necessary financial statement or audit with an opinion by a certified public accountant. However, each chapter, branch, affiliate, or independent member choosing to report separately the information required herein, or filing late, shall be required to pay a fee, in accordance with subsection (2). However, the chapter, branch, affiliate, or independent member shall have final responsibility for having all required information properly reported to the department.

(6) Every charitable organization shall pay a registration fee unless otherwise exempt by this chapter. A parent organization filing the registration statements of one or more of its chapters, branches, or affiliates along with its own statement, and a federated fundraising organization filing the statements of one or more of its independent member agencies along with its own statement shall pay the appropriate registration fee. However, when a chapter,

branch, or affiliate of a parent organization or an independent member agency of a federated fundraising organization solicits or receives contributions from any source other than the parent organization, federated fundraising organization, or a government agency, which contributions are not reported through a parent organization, such organization shall be required to register independently and pay its own filing fee, unless otherwise exempt by this part.

(7) An original application submitted by any organization shall be accompanied by a \$10 charge to defray the administration cost. Each chapter, branch, affiliate, or member organization of a parent organization or federated fundraising organization shall also pay this single \$10 original application fee.

(8) Any organization, chapter, branch, affiliate, or member organization contracting with a professional solicitor shall report the agreement in writing, with a copy of the contract, to the department within 10 days of the contract agreement and shall have the approval of the department prior to making any solicitations. In addition, any chapter, branch, affiliate, or member organization of a parent organization or federated fundraising organization shall file for renewal separately from the parent organization or federated fundraising organization when contracting with a professional solicitor. The affiliate shall also pay a separate registration fee and file a financial statement or audit with opinion as prescribed herein.

(9) Each charitable organization shall file all information required by this part with the Department of State within 6 months of the close of its fiscal year. The last day of the 6th month following the month in which the fiscal year of the organization ends shall be the anniversary date of the organization. All certificates of registration shall expire each year on the anniversary date of the organization. Each annual registration application shall be received by the department on or before the anniversary date.

(10) Any organization failing to renew its registration by the time of the expiration thereof shall be automatically suspended from the right to operate under the provisions of this part until the registration is renewed. All renewals of registration shall be made in the same manner and upon payment of the same fee as an original registration.

**History.**—s. 3, ch. 65-218; s. 2, ch. 67-205; ss. 10, 35, ch. 69-106; s. 3, ch. 74-332; s. 3, ch. 76-168; s. 1, ch. 77-457; s. 3, ch. 78-229; s. 142, ch. 79-164.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1982, except for the possible effect of laws affecting this section prior to that date.

#### **1496.04 Exemptions from registration and from registration fees.—**

(1) A charitable organization shall be exempt from the registration provisions of this part if it does not receive contributions from more than 10 persons, all of its functions, including fundraising activities, are carried on by persons who are unpaid for their services, and no part of the organization's assets or income inures to the benefit of or is paid to any officer or member; or if the solicitation occurs only within the membership of the organization by members thereof; or if it does not raise or receive contributions from the public in excess of \$4,000 dur-

ing its annual reporting period. Nevertheless, if the contributions raised from the public are in excess of \$4,000, the charitable organization shall, within 30 days after the date it shall have received total contributions in excess of \$4,000, register with and report to the Department of State as required by this part. Any such exempt charitable organization shall lose such exemption when it employs a professional solicitor. Nevertheless, such organization shall maintain such records as necessary to prove that the organization qualifies for such exemption. Upon demand, such records shall be made available to the department or an appropriate prosecuting attorney for inspection. However, names, addresses, and identities of contributors and amounts contributed by them shall be exempt from the provisions of s. 119.07(1), the public records law; shall not be disclosed by the department; shall be removed from the records and the custody of the department at such time that such information is no longer necessary for the enforcement of this part; and shall not be disclosed by the department.

(2) All little league baseball organizations affiliated with the parent organization which holds a certificate of federal charter as enacted by the Congress of the United States under Pub. L. No. 88-378 shall be exempt from the registration fee provisions of this part.

(3) Every scholarship fund which solicits and raises funds solely for the purpose of providing scholarships shall be exempt from the registration fees provided for in this part if all of the fund's functions, including fund-raising activities, are carried on by persons who are unpaid for their services and if no part of the organization's assets or income inures to the benefit of, or is paid to, any officer or member.

(1) No person shall act as a professional solicitor for a charitable organization subject to the provisions of this part unless he has first registered with the Department of State and received a certificate of registration. registration or an employee who holds a current certificate as an employee. Such application shall be in the same manner and shall require the same qualifications as set forth in subsection (1). The annual fee for an employee certificate shall be \$10. If the Department of State declines to issue the certificate to such employee, the employment of such person shall be terminated.

(3) The applicant for registration as a professional solicitor shall, at the time of making application, file with and have approved by the Department of State, a bond in which the applicant shall be the principal obligor in the sum of \$10,000 with one or more sureties, satisfactory to the Department of State, whose liability in the aggregate as such sureties will at least equal the said sum and maintain said bond in effect so long as a registration is in effect. The bond shall be payable to the State of Florida for the use of the Department of State and any person who may have a cause of action against the obligor of said bonds for any losses resulting from malfeasance, nonfeasance, or misfeasance in the conduct of solicitation activities. An individual, partnership or corporation, which is a professional solicitor, may file a consolidated bond on behalf of all its members, officers, and employees.

#### **496.11 Prohibited acts.—**

(1) No organization subject to the provisions of this part shall use or exploit the fact of registration so as to lead the public to believe that such registration in any manner constitutes an endorsement or approval by the state; provided, however, that the use of the following statement shall not be deemed a prohibited exploitation: "Registered with the Florida Department of State as required by law. Registration does not imply endorsement of a public solicitation for contribution."

(2) No person shall, in connection with the solicitation of contributions for or the sale of goods or services of a person other than a charitable organization, misrepresent to or mislead anyone by any manner, means, practice or device whatsoever, to believe that the person on whose behalf such solicitation or sale is being conducted is a charitable organization or that the proceeds of such solicitation or sale will be used for charitable purposes, if such is not the fact.

(3) No person shall in connection with the solicitation of contributions or the sale of goods or services for charitable purposes represent to or lead anyone by any manner, means, practice or device whatsoever, to believe that any other person sponsors or endorses such solicitation of contributions, sale of goods or services for charitable purposes or approves of such charitable purposes or a charitable organization connected therewith when such person has not given written consent to the use of his name for these purposes; any member of the board of directors or trustees of a charitable organization or any other person who has agreed either to serve or to participate in any voluntary capacity in the campaign shall be deemed thereby to have given his consent to the use of his name in said campaign.

(4) No person shall make any representation that he is soliciting contributions for or on behalf of a charitable organization or shall use or display any emblem, device or printed matter belonging to or associated with a charitable organization for the purpose of soliciting or inducing contributions from the public without first being authorized to do so by the charitable organization.

(5) No professional solicitor or his agent, servant, or employee, or any other person shall solicit in the name of or on behalf of any charitable organization unless:

(a) Such solicitor has first obtained written authorization of two officers of such organization on a form approved by the Department of State, a copy of which authorization shall be filed with the Department of State. Such written authorization shall bear the signature of the solicitor and shall expressly state on its face the period for which it is valid, which shall not exceed 1 year from the date issued.

(b) Such solicitor or his agent, servant, or employee carries such authorization with him when making solicitations and exhibits the same on request to persons solicited or police officers or other law enforcement officials or agents of the Department of State, or, if such solicitations are made by telephone, such solicitor has, in his application for registration required pursuant to s. 496.045(1), ex-

pressly stated his intention to make telephone solicitations and has attached to the application the proposed text of any such telephone solicitations and all such solicitations are made substantially in accordance with the proposed text. Professional solicitors shall also submit a copy of any literature or written material used in solicitation.

(c) Prior to beginning any solicitation, such professional solicitor has filed with the Department of State a true copy of any written agreement or contract which may have been entered into between a charitable organization and the professional solicitor. If the agreement or contract is not in writing, a written statement of the agreement setting forth the terms and conditions of the agreement, including the solicitor's compensation, shall be filed with the Department of State within 10 days after the contract agreement and prior to beginning any solicitation. Within 24 hours after any change, modification, or termination of any agreement, notice of such change, modification, or termination shall be filed with the Department of State along with a true copy of any written change or modification or a statement in writing setting forth the terms and conditions of any change or modification not in writing.

(6) No person shall use the words "charity" or "charitable" as a part of its name, unless licensed or exempt under this part.

(7) A professional solicitor or his agent, servant, or employee shall not solicit any person for a charitable contribution without identifying himself as a professional solicitor or his agent, servant, or employee to the person so solicited.

(8) A professional solicitor's total fee shall not be in excess of 25 percent of the gross contributions which he solicits; all fundraising costs shall be included in such gross contributions.

(9) No person shall, in connection with the solicitation of contributions or the sale of goods, magazines, newspaper advertising, or any other service, use the name "POLICE," "LAW ENFORCEMENT," "FIREFIGHTER," or "FIREMEN," unless properly authorized by a bona fide police, law enforcement, or firefighter organization or police or fire department or law enforcement agency. Such authorization must bear the signatures of two bona fide members of the organization, department, or agency.

#### **496.13 Enforcement and penalties.—**

(1) No charitable organization or professional solicitor which fails to file any registration application, statement, report, or other information required to be filed with the Department of State under this part as a prerequisite to registration shall engage in any of the activities permitted duly registered persons or organizations under the provisions of this part. No organization or professional solicitor shall engage in charitable solicitation without a current registration certificate.

(2) The Department of State, upon its own motion or upon complaint of any person, may, if it has reasonable ground to suspect a violation, investigate

any charitable organization or professional solicitor to determine whether such person or organization, or any agent, servant, or employee thereof, has violated the provisions of this part or has filed any application or other information required under this part which contains false or misleading statements. If the Department of State finds that any application or other information contains false or misleading statements, or that a registrant under this part, or an agent, servant, or employee thereof, has violated the provisions hereof, it may move to suspend or cancel such registration.

(3) The registration of any charitable organization or professional solicitor knowingly making a false or misleading statement in any registration application or statement, report, or other information required to be filed by the Department of State or this part shall be revoked or suspended.

(6) In the event the Department of State or any prosecuting attorney shall have probable cause to believe that:

(a) Any charitable organization or professional solicitor is operating in violation of the provisions of this part or has knowingly and willfully made any false statements, report, or other information required to be filed by this part,

(b) Any charitable organization or professional solicitor has failed to file a registration statement or other information required by this part,

(d) The officers or representatives of any charitable organization or professional solicitor have refused or failed after notice to produce any records of such organization, or

(e) The funds raised by solicitation activities are not devoted or will not be devoted to the charitable

an action shall be brought by the department or any prosecuting attorney against such charitable organization or professional solicitor and its officers, or any other person who has violated this part or who has participated or is about to participate in any solicitation or collection by employing any device, scheme, artifice, false representation, or promise, to defraud or obtain money or other property, to enjoin such charitable organization or other person from continuing such violation, solicitation or collection, or engaging therein, or doing any acts in furtherance thereof and for such other relief as to the court seems appropriate.

(7) The Department of State or its designee may appear before any court of competent jurisdiction empowered to issue warrants of arrest in criminal cases and request the issuance of a warrant; and upon presentation of probable cause, said court shall issue a warrant directed to any sheriff, deputy sheriff, or police officer.

**496.20 Short title.**—This part shall be known and may be cited as the "Law Enforcement Funds Act."

History.—s. 1, ch. 78-124.

**496.21 Definitions.**—As used in this part:

(1) "Organization" means a group or person which is or holds itself out to be soliciting contributions from the public by the use of any name of any law enforcement person, body, agency, or association after October 1, 1978. A chapter, branch, area, office, or similar affiliate or any person soliciting contributions within the state by the use of any name of any law enforcement person, body, agency, or association which has its principal place of business outside the state shall be an "organization" for the purposes of this part.

(2) "Contributions" means the promise or grant of any money or property of any kind or value.

(3) "Law enforcement" means the words "police," "policemen," "policeman," "sheriff," "deputy sheriff," or any combination of words used to indicate that a person, body, agency, or association is affiliated in any way with a person, body, agency, or association of law enforcement personnel.

(4) "Person" means any individual, organization, trust, foundation, group, association, partnership, corporation, society, or any combination of them.

(5) "Professional solicitor" means any person who, for a financial or other consideration, solicits contributions for, or on behalf of, an organization, whether such solicitation is performed personally or through his agents, servants, or employees or through agents, servants, or employees specially employed by or for an organization, who are engaged in the solicitation of contributions under the direction of such person; or a person who plans, conducts, manages, carries on, or advises an organization in connection with the solicitation of contributions; however, no agent, servant, or employee of a professional solicitor shall be deemed to be a professional solicitor. A bona fide salaried officer or employee of an organization maintaining a permanent establishment within the state shall not be deemed a professional solicitor. However, any bona fide salaried officer or employee of an organization that engages in the solicitation of contributions in any manner for more than one organization, charitable organization, or combination thereof shall be deemed a professional solicitor. "Professional solicitor" does not include a bona fide salaried officer or employee of a charitable organization established and operated by a Florida nonprofit law enforcement organization for the purpose of providing homes and care for needy and underprivileged children. No attorney, investment counselor, or banker who advises any person to make a contribution to an organization shall be deemed, as a result of such advice, to be a professional solicitor.

(6) "Gross contributions" and "cost of fundraising" shall be determined in accordance with a uniform system of accounting which shall be prescribed or approved by the Department of State.

History.—s. 2, ch. 78-124.

**496.22 Powers and duties of the Department of State.**—

(1) The Department of State is hereby vested with the power, jurisdiction, and authority to issue, deny, suspend, and revoke certificates to organizations which obtain contributions solicited from the public for any law enforcement related activities and to professional solicitors who, for financial or other consideration, solicit contributions for, or on behalf of, an organization. The department shall have the power, jurisdiction, and authority to promulgate reasonable rules pursuant to chapter 120 and to prescribe forms for registration or other purposes not in conflict with the Constitution and laws of the United States or of this state, and may amend same at its pleasure and make recommendations to the appropriate prosecuting attorney for enforcement of this part.

(2) In addition to the authority granted the department by this part, it may commence and maintain in a court of competent jurisdiction all proper and necessary actions and proceedings to enjoin and abate any act prohibited by this part.

(3) The department shall make such individual investigations of all applicants for certificates of registration as it may deem necessary.

(4) For purposes of enforcing the provisions of this part and in making investigations relating to any violation thereof, and for the purposes of investigating practices and business methods thereof, the department shall have the power to subpoena and bring before it any person in the state and may require the production of any papers it deems necessary and administer oaths and take depositions of any such person so subpoenaed. Failure or refusal of any person duly subpoenaed to be examined or to answer any legal or pertinent questions as to such organization under investigation shall be grounds for revocation of a certificate or refusal to issue such certificate as the case may be. The testimony of witnesses in any such proceeding shall be under oath before the department or its agent, and willful false swearing in such proceedings shall be punishable as perjury.

History.—s. 3, ch. 78-124.

**496.23 Registration of organization.**—

(1) Every organization which intends to solicit contributions within this state, or have funds solicited on its behalf, and which uses oral, printed, or visual words or any combination of the words "law enforcement," "police," "policemen," "policeman," "sheriff," or "deputy sheriff," or in any manner uses words to indicate that a person, body, agency, or association is affiliated in any way with a person, body, agency, or association of law enforcement personnel, shall, prior to any solicitation, file a registration statement with the department upon forms prescribed by it. The registration statement shall contain the following information:

(a) The name of the organization and the purpose for which it was organized.

(b) The principal address of the organization and the address of any offices in this state; if the organization does not maintain an office, the name and address of the person having custody of its financial records.

(c) The names and addresses of any chapters, branches, or affiliates in this state.

(d) The place where and the date when the organization was legally established, the form of its organization, and a reference to any determination of its tax-exempt status, if any, under the Internal Revenue Code.

(e) The names and addresses of the officers, directors, trustees, and the principal salaried executive staff officer.

(f) A copy of a financial statement on forms approved by the department and audited by an independent certified public accountant which covers complete disclosure of all the fiscal activities of the organization during the preceding year. Such report shall also specifically identify the amount of funds raised and all costs and expenses incidental thereto, all publicity costs, and costs of allocation or disbursement of funds raised. Any organization that does not actually raise or receive contributions from the public in excess of \$10,000 in gross receipts during the organization's fiscal year may submit the information on forms approved by the department in a statement signed by an authorized officer, verified under oath, and attested to by the chief fiscal officer of the organization. Such statement shall be in lieu of an audit by an independent certified public accountant.

(g) Whether the organization intends to solicit contributions from the public directly or have such done on its behalf by others.

(h) Whether the organization is authorized by any other governmental authority to solicit contributions and whether it is or has ever been enjoined by any court from soliciting contributions.

(i) The general purpose or purposes for which the contributions to be solicited shall be used.

(j) The name or names under which it intends to solicit contributions.

(k) The names of the individuals or officers of the organization who will have final responsibility for the custody of the contributions.

(l) The names of the individuals or officers of the organization responsible for the final distribution of the contributions.

(2) Except as otherwise provided herein, the registration forms and any other documents prescribed by the department shall be signed by an authorized officer and by the chief fiscal officer of the organization, and such forms and documents shall be verified under oath and shall be accompanied by a registration fee of \$50.

(3) It shall be the duty of every organization to furnish identification to persons who solicit contributions from the public on behalf of the organization, including, but not limited to, those persons soliciting on behalf of an exempt organization or non-exempt organization and all professional solicitors. The solicitor shall be required to have and produce or display, on demand, identification indicating that said solicitor has been duly authorized by the organization for which he is soliciting. Such identification shall include, but not be limited to, the name of the holder of the identification and the name and number of the certificate of the organization.

History.—s. 4, ch. 78-124.

#### 496.24 Registration of professional solicitors.—

(1) No person shall act as a professional solicitor for an organization subject to the provisions of this part unless he has first registered with the department and received a certificate of registration. Application for registration shall be in writing under oath or affirmation in the form prescribed by the department and contain such information as the department may require. No person who has been convicted within the past 5 years for a violation of any part of this part and no person convicted of a felony in this or any other state shall be eligible for a certificate of registration or shall serve as an employee, member, officer, or agent of any professional solicitor until his civil rights have been restored.

(2) Every person shall, before being employed within this state by a professional solicitor for the purpose of making, supervising, or participating in any solicitation, make application to the department for a certificate as an employee. However, no such application is required for employees making only telephone solicitations if such solicitations are made under the direct supervision of a professional solicitor who has a current certificate of registration or an employee who holds a current certificate as an employee. Such application shall be in the same manner and shall require the same qualifications as set forth in subsection (1). The annual fee for an employee certificate shall be \$10. If the department declines to issue the certificate to such employee, the employment of such person shall be terminated.

(3) The applicant shall, at the time of making application, file with and have approved by the department, a bond in which the applicant shall be the principal obligor in the sum of \$10,000 with one or more sureties, satisfactory to the department, whose liability in the aggregate as such sureties will at least equal the said sum and maintain said bond in effect so long as a registration is in effect. The bond shall be payable to the State of Florida for the use of the department and any person who may have a cause of action against the obligor of said bonds for any losses resulting from malfeasance, nonfeasance, or misfeasance in the conduct of solicitation activities. An individual, partnership, or corporation, which is a professional solicitor, may file a consolidated bond on behalf of all its members, officers, and employees.

(4) The annual registration fee for every person who is a professional solicitor in this state shall be \$500. The annual registration shall expire at midnight on December 31 of each year.

History.—s. 5, ch. 78-124.

#### 496.25 Certain persons and organizations exempt from registration.—The following groups or organizations shall be exempt from the registration provisions of this part:

(1) Persons requesting contributions for the relief of any individual specified by name at the time of the solicitation when all of the contributions collected without any deductions whatsoever are turned over to the named beneficiary for his use.

(2) Organizations which do not intend to solicit and receive and do not actually raise or receive contributions from the public in excess of \$2,000 during

a calendar year or do not receive contributions from more than 10 persons during a calendar year, if all of their functions, including fundraising activities, are carried on by persons who are unpaid for their services and if no part of the organizations' assets or income inures to the benefit of or is paid to any officer or member. Nevertheless, if the contributions raised from the public, whether all of such are or are not received by any organization during any calendar year, shall be in excess of \$2,000, the organization shall, within 30 days after the date it shall have received total contributions in excess of \$2,000, register with and report to the department as required by this part.

(3) Organizations which solicit only within the membership of the organization by members thereof; however, the term "membership" shall not include those persons who are granted a membership upon making a contribution as the result of solicitation.

(4) Any nonprofit community club, civic club, garden club, women's club, or other similar civic group organized and in existence for more than 2 years, with no capital stock or salaried executive employees, officers, members, or agents, which has at least 25 members with annual dues collected of not less than \$5 per member, and in which all of the funds collected, less reasonable expenses, are disbursed pursuant to the directions of the membership or the board of directors and with the membership being furnished at least one written report each year by the directors as to its charitable activities.

(5) Political committees, committees of continuous existence, and persons, as defined in s. 106.011, that are subject to provisions of chapter 106 shall be exempt from the provisions of this part.

History.—s. 6, ch. 78-124.

#### **496.26 Manner of filing registration statement; fees.—**

(1) Each chapter, branch, or affiliate of a parent organization or independent member agency of a federated fundraising organization may separately report the information required by s. 496.23, or report the information to its parent organization or to the federated fundraising organization with which it is affiliated, which shall then transmit such information as to its affiliates, branches, chapters, or independent agency members to the department along with its own statement.

(2) Every organization shall pay a registration fee of \$50 unless otherwise exempt by this part. A parent organization filing the registration statements of one or more of its chapters, branches, or affiliates along with its own statement, and a federated fundraising organization filing the statements of one or more of its independent member agencies along with its own statement shall pay a single registration fee of \$50 for itself and for such chapters, branches, affiliates, or independent member agencies whose statements are filed by it at the same time as its own statement. However, when an independent member agency of a federated fundraising organization solicits or receives contributions from any source other than the federal fundraising organization or a government agency, such independent member agency shall be required to register inde-

pendently and pay its own filing fee, unless otherwise exempt by this part.

(3) Each organization shall file all information required by this part with the department within 6 months of the close of its fiscal year. The last day of the sixth month following the month in which the fiscal year of the organization ends shall be the anniversary date of the organization. All certificates of registration shall expire each year on the anniversary date of the organization. Each annual registration application shall be received by the department on or before the anniversary date.

(4) Any organization failing to renew its registration or exemption by the time of the expiration thereof shall be automatically suspended from the right to operate under the provisions of this part until the registration is renewed. All renewals of registration shall be made in the same manner and upon payment of the same fee as an original registration.

History.—s. 7, ch. 78-124.

#### **496.27 Hearing on denial of registration.—**

The department shall examine each application, and if it finds it to be in conformity with the requirements of this part and all relevant rules, it shall approve the registration. Any applicant who is denied approved registration may, within 20 days from the date of notification of such denial, request, in writing, a hearing before the department, which hearing shall be held within 20 days from the date of the request, unless the applicant requests a longer period in writing.

History.—s. 8, ch. 78-124.

**496.28 Information filed to become public records.—**Registration statements and applications, reports, and all other documents and information required to be filed under this part or by the department shall become public records in the office of the department and shall be open to the general public for inspection at such times and under such conditions as the department may prescribe. In addition, the department shall within 10 days after approval and renewal send to the clerk of the circuit court in each county a list of registrants under this part which list shall be filed but not recorded.

History.—s. 9, ch. 78-124.

#### **496.29 Records to be kept by organizations.—**

Every organization subject to the provisions of this part shall, in accordance with the rules prescribed by the department, keep true fiscal records, including, but not limited to, all income and expenses, within the purview of this part, as to its activities in Florida as may be covered by this part in such form as will enable it accurately to provide the information required by this part. Upon demand, such records shall be made available to the department or an appropriate prosecuting attorney for inspection. Such records shall be retained for a period of at least 3 years after the end of the period of registration to which they relate.

History.—s. 10, ch. 78-124.

**496.30 Reciprocal agreements.**—The department may enter into reciprocal agreements with the appropriate authority of any other state for the purpose of exchanging information with respect to organizations. Pursuant to such agreements, the department may accept information filed by an organization with the appropriate authority of another state in lieu of the information required to be filed in accordance with the provisions of this part if such information is substantially similar to the information required under this part. The department shall also grant exemption from the requirement for the filing of an annual registration statement to organizations organized under the laws of another state having their principal place of business outside the state whose funds are derived principally from sources outside the state and which have been granted exemption from the filing of registration statements by the state under whose laws they are organized if such state has a statute similar in substance to the provisions of this part.

History.—s. 11, ch. 78-124.

**496.31 Prohibited acts.**—

(1) No organization subject to the provisions of this part shall use or exploit the fact of registration so as to lead the public to believe that such registration in any manner constitutes an endorsement or approval by the state; provided that the use of the following statement shall not be deemed a prohibited exploitation: "Registered with the Florida Department of State as required by law. Registration does not imply endorsement of a public solicitation for contribution."

(2) No person shall, in connection with the solicitation of contributions for or the sale of goods or services of a person other than a charitable organization registered under this chapter, misrepresent to or mislead anyone by any manner, means, practice, or device whatsoever to believe that the person on whose behalf such solicitation or sale is being conducted is a charitable organization or that the proceeds of such solicitation or sale will be used for charitable purposes, if such is not the fact.

(3) No person shall in connection with the solicitation of contributions or the sale of goods or services represent to or lead anyone by any manner, means, practice, or device whatsoever to believe that any other person sponsors or endorses such solicitation of contributions or sale of goods or services or approves of the purposes of an organization connected therewith when such person has not given written consent to the use of his name for these purposes. Any member of the board of directors or trustees of an organization or any other person who has agreed either to serve or to participate in any voluntary capacity in the campaign shall be deemed thereby to have given his consent to the use of his name in said campaign.

(4) No person shall make any representation that he is soliciting contributions for or on behalf of an organization or shall use or display any emblem, device, or printed matter belonging to or associated with an organization for the purpose of soliciting or inducing contributions from the public without first being authorized to do so by the organization.

(5) No professional solicitor or his agent, servant,

or employee shall solicit in the name of or on behalf of an organization unless:

(a) Such solicitor has first obtained written authorization of two officers of such organization on a form approved by the department, a copy of which authorization shall be filed with the department. **498.001 Short title.**—This chapter may be cited as the "Florida Uniform Land Sales Practices Law."

**History.**—s. 1, ch. 63-129; s. 1, ch. 67-229; s. 3, ch. 76-168; s. 1, ch. 77-457; ss. 1, 30, 32, ch. 79-347.

**Note.**—Section 32, ch. 79-347, in effect provides that this section is repealed on July 1, 1985, and shall be reviewed by the Legislature pursuant to the Regulatory Reform Act of 1976, as amended.

**Note.**—Former s. 478.011.

**498.003 Legislative intent.**—

(1) It is expressly recognized by the Legislature that the disposition of any interest in subdivided lands has a vital impact on Florida's economy and that such land sales constitute a major industry within this state, employing many citizens, attracting thousands of visitors and new residents, and contributing countless dollars to the total annual gross income of the state. The Legislature also recognizes that the manner of conducting this type of business, including sales, financing, advertising, and promotional methods, is of direct concern not only to those engaged in the business but to the purchasers and public as well.

(2) The need to prohibit the use of false, misleading, and fraudulent methods in the conduct of disposition of any interest in subdivided lands, as well as

the continued disclosure of such methods and their severe impact upon the land sales industry and upon the economic and political climate of the state, evidences a recognition of the probable detrimental effects of default by companies and persons engaged in the disposition of any interest in subdivided lands.

(3) It is therefore the intent of the Legislature to provide safeguards regulating the financial operations entered into by companies and persons regulated under the provisions of the Florida Uniform Land Sales Practices Law, thus preventing unsound financing techniques which could detrimentally affect not only remote land purchasers, but also the land sales industry, the public, and the state's economic well-being.

(4) This law is remedial as well as penal in purpose, and the remedial portions hereof shall be liberally construed to effectuate this purpose.

The subdivider must make available a guided personal inspection of the subdivision upon request by the purchaser. The documents mailed or delivered in accordance with this paragraph shall be governed by s. 498.037(4).

(a) The subdivider, at all times during the life of the contracts to purchase, has clear title to such subdivided lands and can convey title to the purchaser by general warranty deed unencumbered by any mortgages or other liens except the mortgage given by the purchaser, unless the subdivider is offering homesites and has submitted evidence satisfactory to the division that the following conditions exist:

In the case of a dispute over the acceptance of the dedicated improvements, the subdivider shall provide adequate assurances, as required by the division, that such improvements will be maintained until the dispute is resolved.

Within 30 days after the date of the notice of filing, the division shall examine the application and notify the applicant of any apparent errors or omissions or any additional information the division is authorized to require. Each application for registration shall be approved or denied within 45 days after the date of the notice of filing or within 30 days from receipt of the requested additional information, whichever occurs later. Any application for registration which is not approved or denied within the specified period, within 15 days after conclusion of a public hearing held on the application, or within 45 days after the recommended order is submitted to the agency, whichever is latest, shall be deemed approved unless the applicant has consented in writing to a delay.

(2) If the division, upon inquiry and examination, approves the application, it shall enter an order registering the subdivided lands and shall designate the form of the public offering statement.

(3) If the division, upon inquiry and examination, disapproves the application, it shall enter an order disapproving the registration, which order shall include the findings of fact upon which the

(4) Notwithstanding the provisions of subsections (4) and (5) of s. 498.033, the division shall enter an order registering subdivided lands which are otherwise qualified for registration pursuant to this chapter when:

(a) The applicant submits evidence that he has applied for the permits required by chapters 253, 373, 380, and 403 and the certificates required by the Federal Water Pollution Control Act (Pub. L. No. 92-500); and

(b) The state agency charged with the responsibility of issuing such permits or certificates has failed, within 120 days of the filing of the applications, either:

1. To issue such a permit or certificate; or  
2. To issue a denial of such application setting forth in writing:

#### **498.031 Inquiry and examination.—**

(1) Upon receipt of an application for registration in proper form, the division shall conduct an examination to determine whether:

(a) The subdivider can convey or cause to be conveyed the interest in any subdivided lands offered for disposition if the purchaser complies with the terms of the offer and, when appropriate, that release clauses, conveyances in trust, or other safeguards have been provided;

(b) There is reasonable assurance that all obligations imposed by this chapter and all obligations contained in the purchase contract, offering statement, and registration statement will be complied with by the subdivider;

(c) The advertising material and the general promotional plan are not false or misleading and comply with the standards prescribed by the division in its rules and afford full and fair disclosure;

(d) The subdivider has not, or, if a corporation, its officers, directors, or principals have not, been convicted of a crime involving land dispositions or any aspect of the land sales business in this state, the United States, or any other state or foreign country, or had a bond forfeited when charged with such a

crime, within the past 10 years;

(e) There is no evidence which would reasonably lead the division to believe that the subdivider is, or, if a corporation, its officers, directors, or principals are, contemplating a fraudulent or misleading sales promotion; and

(f) The public offering statement requirements of this chapter have been satisfied.

(2) The division may deny, suspend, or revoke the registration of any person who does not meet all of the requirements of subsection (1).

(3) The division may require, by rule, that each director and officer of the applicant or registrant or person occupying a similar status or performing similar functions, or other person who, in accordance with the rules of the division, is determined to be able to directly or indirectly control the operation of the business of the applicant or registrant, and each person who owns 10 percent or more of the outstanding stock or other form of equity interest in the applicant or registrant, furnish his fingerprints and answer questions and furnish supporting evidence relating to his qualifications. The division shall exchange information and fingerprints obtained under this subsection with the Department of Law Enforcement and the Federal Bureau of Investigation. This subsection shall not apply to any applicant or registrant who:

The exemption provided by this subsection shall not extend to any individual who was not employed by or affiliated with the applicant or registrant prior to the effective date of this act.

#### **§498.033 Registration of subdivided lands.—**

(1) If a subdivider registers additional subdivided lands to be offered for disposition, he may consolidate the subsequent registration with any earlier registration offering subdivided lands for disposition under the same promotional plan if the subsequent registration is contiguous to the earlier registration or is part of the same master plan.

(2) Each order of registration issued pursuant to this chapter shall contain a statement that the subdivider agrees to comply with all obligations of the subdivider contained in the purchase contract, offering statement, and registration statement.

(3) After an order of registration has been issued, no material change, alteration, or modification of the offering shall be made by the subdivider without first notifying the division in writing and obtaining written approval from the division. Such approval shall not be unreasonably withheld, and in any event a decision shall be rendered within 20 days

from the date adequate information has been provided the division by the subdivider.

(4) If the subdivided lands, or any portion thereof, are subject to the permit requirements of chapter 253, chapter 373, chapter 380, or chapter 403, the subdivider shall, prior to the entry of an order registering the subdivided lands, furnish evidence satisfactory to the division that all permits required by law have been obtained. The applicant may submit an attorney's opinion, prepared by a member of The Florida Bar, which states that permits are not required for the subdivision by chapter 373, chapter 380, or chapter 403. The attorney's opinion shall include the factual basis upon which it was rendered and shall be accompanied by the evidence which documents the basis on which it was rendered. Notwithstanding receipt of such an attorney's opinion, the division may order that a public hearing be held pursuant to chapter 120 for the purposes of determining whether such permits are required. If a determination is made that permits are required, the division may require that the permits be obtained prior to the issuance of an order of registration. All permits required by this subsection shall be issued for a period of time which shall terminate not earlier than the scheduled completion date of the promised improvements for the subdivided lands being filed for registration. Extensions of the permits referred to herein shall be governed by the provisions of the relevant chapter. Revocation or suspension of any such permit shall require the subdivider to so notify the division within 7 days of such revocation or suspension. The division shall issue a notice to show cause and, upon request, provide for a hearing in accordance with the provisions of chapter 120.

(5) If the subdivided lands or any portion thereof are subject to the certification requirements of the Federal Water Pollution Control Act (Pub. L. No. 92-500), the subdivider shall, prior to the entry of an order by the division registering the subdivided lands, furnish evidence satisfactory to the division that state certificates required by the Federal Water Pollution Control Act have been obtained.

(6) The subdivider shall furnish the purchaser an agreement for deed in recordable form. If the subdivided lands or any portions thereof are subject to agreement for deed, the subdivider or purchaser may record this agreement for deed upon expiration of the refund provision contained in said contract agreement.

(7) Each registrant shall, unless the requirements of this subsection are waived by the division in writing, provide the division with financial statements, audited by an independent certified public accountant registered in a state of the United States, not later than 5 months after the end of the registrant's fiscal year. The registrant's statement shall be accompanied by the accountant's opinion of the statements. The requirement for filing financial statements that are audited may be waived by the division in writing if all promised improvements have been completed; the property is free and clear of any lien, mortgage, or other encumbrance; and the division determines that purchasers will not be required to rely upon the financial condition of the registrant for the fulfillment of contract obligations.

The division shall establish by rule the criteria for waiver. Such waiver, when granted, is valid for a period of 1 year and may be extended by the division upon a showing by the registrant that the original qualifying conditions for such waiver still exist. If the extension is not applied for and granted at least 30 days prior to the end of such 1-year period, the registrant shall submit audited financial statements in accordance with the provisions of this chapter. Upon the failure of any registrant to comply with the provisions of this subsection, the division shall issue a notice to show cause and, upon request, provide for a hearing in accordance with the provisions of chapter 120.

#### **498.035 Advertising material.—**

(1) The division, by rule or order, shall require the filing for approval of advertising material relating to subdivided lands prior to distribution of such material and may charge a fee of \$10 for the filing of such advertising material.

(2) Advertising submitted as part of the initial registration of land shall be treated as part of such initial registration and shall be reviewed for approval in accordance with the requirements of this chapter and rules hereunder. Advertising submitted subsequent thereto shall be deemed a subsequent filing, and the division may require such supporting data as it deems necessary at the time of the subsequent filing. Such subsequent filing shall be approved or disapproved within 10 days after the date of filing, but, if the division fails to approve or disapprove such information within such period, the subdivider may cause to be published or distributed all information which has been properly filed.

(3) In any communication wherein any subdivider solicits or attempts to induce, entice, or otherwise influence any person who has previously executed a contract to prepay or accelerate payments on the contract, the subdivider shall advise such person that such prepayment will not accelerate the seller's obligation to deliver a deed or the time for making improvements to the property.

(4) The division may require full disclosure of all pertinent information concerning a vacation or visitor campaign, including the terms and conditions of the campaign and the fact and extent of participation in such a campaign by a subdivider. The division may further require reasonable assurances that the obligations incurred by a subdivider or his agents in a certificate program can be met.

(5) "Advertising" shall not be deemed to include:

(a) Stockholder communications such as annual reports and interim financial reports, proxy materials, registration statements, securities prospectuses, applications for prospectuses, property reports, offering statements, or other documents required to be delivered to a prospective purchaser by an agency of any other state or the Federal Government;

executed a contract for the purchase of the subdivider's lands, except when directed to the sale of additional lands or the prepayment or acceleration of payments on any purchase contract; or

(c) Press releases or other communications delivered to newspapers or other periodicals for general information or public relations purposes, if no charge is made by such newspapers or other periodicals for the publication or use of any part of such communications.

(6) The division may establish, by rule, provisions for the deletion of advertising material no longer in use.

#### **498.037 Public offering statement.—**

(1) Any public offering statement shall disclose fully and accurately the physical characteristics of the subdivided lands offered and shall make known to prospective purchasers all unusual and material circumstances or features affecting the subdivided lands. The proposed public offering statement submitted to the division shall be in a form prescribed by its rules and shall include the following, unless otherwise provided by the division:

(a) The name and principal address of the subdivider;

(b) A general description of the subdivided lands, stating the total number of lots, parcels, units, or interests in the offering;

(c) A map, which shall be physically separate from the public offering statement, but which shall be delivered to the purchaser with the public offering statement, indicating the location of the lots, parcels, or units being offered within the subdivision and the location of the subdivision in relation to the surrounding area;

(d) The significant terms of any encumbrances, easements, liens, and restrictions, including zoning and other regulations affecting the subdivided lands and each lot, parcel, or unit, and a statement of all existing taxes and existing or proposed special taxes or assessments which affect the subdivided lands;

(e) A statement of the use for which the property is offered;

(f) Information concerning improvements, including streets, water supply, levees, drainage control systems, irrigation systems, sewage disposal facilities, and customary utilities, and the estimated cost, date of completion, and responsibility for construction and maintenance of existing and proposed improvements which are referred to in connection with the offering or disposition of any interest in subdivided lands;

(g) Notice of any local or state land-use regulation or plan and notice of any moratorium, the duration of which is 180 days or more, imposed by executive order, law, ordinance, regulation, or proclamation adopted by any governmental body or agency if the land-use regulation, plan, or moratorium prohibits or restricts the development or improvement of property which development or improvement would otherwise not be prohibited or restricted by applicable law, and the effect thereof on the proposed use of the property;

(h) A statement that the developer shall provide the purchaser with a recordable agreement for deed and a statement as to what effect recording of the agreement for deed will have in providing the purchaser with legal protection; and

(i) Additional information required by the division to assure full and fair disclosure to prospective purchasers.

(2) The public offering statement shall not be used for any promotional purposes before registration of the subdivided lands and afterwards only if it is used in its entirety. No person may advertise or represent that the division approves or recommends the subdivided lands or disposition thereof. No portion of the public offering statement may be underscored, italicized, or printed in larger, heavier, or different color type than the remainder of the statement unless the division so requires.

(3) The division may require the subdivider to alter or amend the proposed public offering statement in order to assure full and fair disclosure to prospective purchasers, and no change in the substance of the promotional plan or plan of disposition or development of the subdivision may be made after registration without notifying the division in writing, without complying with the requirements of s. 498.033(3), and without making appropriate amendment of the public offering statement. A public offering statement is not current unless all amendments are incorporated.

(4) The division may limit the amount and format of the promotional materials that are submitted to a prospective purchaser along with the public offering statement.

This section does not apply to a salesman or broker in another state, territory, or country disposing of or offering to dispose of, in such other state, territory, or country, any interest in subdivided lands in this state, if such salesman or broker is authorized to make dispositions or offers of dispositions of real estate in the state, territory, or country in which he makes such dispositions or offers for dispositions.

(2) Each person desiring to be registered pursuant to this section shall apply to the division in writing upon forms prepared and furnished by the division. An application fee in the amount of \$10 shall accompany the forms.

(3) A certificate of registration of a salesman or broker shall be renewed annually on a date prescribed by rule by the division. If, upon receipt of the application for renewal and the applicable fee, the applicant is found to be qualified, the division shall issue a renewal of registration.

(4) The division may establish by rule the qualifications for registration pursuant to this section and require applicants to answer questions and submit supporting evidence of their qualification for registration.

(5) The division shall provide each applicant for registration pursuant to this section with a copy of this chapter and any rules adopted hereunder. The division may also prepare and disseminate such other materials and questionnaires as it deems necessary to effectuate the registration provisions of this section.

(6) The division shall issue a certificate of registration to an applicant who has been determined, as provided by the rules of the division, to be qualified in accordance with this section. The certificate shall identify the registrant or broker for whom the holder of the certificate is authorized to sell.

(7) The division shall require the holder of a certificate of registration to provide the division with prior notification of his intent to dispose of subdivided land for any party other than those named on the certificate of registration. (b) Require or permit any person to file a statement in writing, under oath or otherwise as the division determines, as to the facts and circumstances concerning the matter to be investigated.

(2) For the purpose of any investigation under this chapter, any officer or employee designated by rule may administer oaths or affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other mat-

ter reasonably calculated to lead to the discovery of material evidence.

(3) Upon failure to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the division may apply to circuit court for an order compelling compliance.

(4) The division may permit a subdivider, broker, or salesman registered with the division whose conduct or actions may be under investigation to waive formal proceedings and enter into a consent proceeding whereby orders, rules, or letters of censure or warning, whether formal or informal, may be entered against the subdivider, broker, or salesman.

(5) For the purpose of any investigation or proceeding under this chapter involving a person whose books or records are maintained outside of the state, such person shall either:

#### **§498.049 Suspension; revocation; civil penalties.—**

(1) A registration may be revoked or suspended upon findings that the registrant has:

(a) Failed to comply with the terms of any written order of the division;

(b) Been convicted in any court subsequent to the filing of the application for registration for a crime involving fraud, deception, false pretenses, misrepresentation, false advertising, or dishonest dealing in real estate transactions or forfeited a bond when charged with such a crime;

(d) Failed to substantially comply with any written agreement made with the division; or

(4) In addition to revocation or suspension, the division may impose civil penalties against any person for violations of this chapter or rules relating hereto. No civil penalty so imposed shall exceed \$10,000 for each offense, and all amounts collected shall be deposited with the Treasurer to the credit of the Florida Land Sales and Condominiums Trust Fund.

If such person fails to pay the civil penalty, the division shall thereupon issue an order to such person directing him to cease and desist from further operation until such time as the civil penalty is paid. In order to permit such person an opportunity either to appeal such decision administratively or to seek relief in a court of competent jurisdiction, the order requiring the payment of a civil penalty shall not become effective until 20 days after the date of such order. Actions commenced by the division may be brought in the judicial circuit in which the division has its executive offices or where the violation occurred.

(5) If the division finds, after notice and hearing, that the registrant has been guilty of a violation for which revocation or suspension could be ordered, it may require the registrant to record such agreements for deed as may be necessary for the protection of the interests of contract purchasers.

(6) If the division finds, after notice and hearing, that the registrant has engaged in repeated instances of deceptive, misleading, or fraudulent practices in the disposition of subdivided lands when the method of disposition is by long distance telephone, the division may prohibit the registrant from engaging in further dispositions of subdivided lands when its promotional plan of sale includes solicitations or offers by long distance telephone.

(d) Disposed of any interest in subdivided lands which have not been registered with the division; or

(e) Violated any lawful order or rule of the division;

it may issue an order requiring the person to cease and desist from the unlawful practice and take such affirmative action as in the judgment of the division will carry out the purposes of this chapter.

(2)(a) If the division makes a finding of fact in writing that the public interest will be irreparably harmed by delay in issuing an order, it may issue a temporary cease and desist order.

(b) Prior to issuing the temporary cease and desist order, the division, whenever possible, by telephone or otherwise, shall give notice of the proposal to issue a temporary cease and desist order to the

person. Each temporary cease and desist order shall include in its terms a provision that, upon request, a hearing will be held in accordance with chapter 120 to determine whether or not it will become permanent.

(2) In addition to any other remedies, the purchaser may, upon tender of appropriate instruments of reconveyance made at any time before the entry of judgment, sue in a court of competent jurisdiction to recover the consideration paid for the lot, parcel, unit, or interest in subdivided lands, together with interest at the rate of 9 percent per year from the date of payment, property taxes paid, and court costs and reasonable attorney's fees to the prevailing party, less the amount of any income received from the subdivided lands. When attorney's fees are awarded under this section, the trial judge shall award the sum of reasonable costs incurred in the action plus a reasonable legal fee for hours actually spent on the case, as sworn to in an affidavit.

(3) Each person who materially participates in any disposition of any interest in subdivided lands in the manner specified in subsection (1), if such person directly or indirectly controls a subdivider or is a general partner, officer, director, broker, salesman, agent, or employee of a subdivider, shall also be liable jointly and severally with and to the same extent as the subdivider, unless such person otherwise liable did not know, and in the exercise of reasonable care could not have known, of the existence of the facts by which such liability is alleged to exist. There is a right of contribution as in cases of contracts among persons so liable.

(4) Each person whose occupation gives authority to a statement which with his consent has been used in an application for registration or public of-

fering statement, if he is not otherwise associated with the subdivision and development plan in a material way, is liable only for false statements and omissions in his statement if he did know or in the exercise of the reasonable care of a man in his occupation could have known of the existence of the facts by reason of which the liability is alleged to exist.

(5) Any stipulation or provision purporting to bind any person acquiring any interest in subdivided lands to waive his rights under this chapter or any rule or order under it is void.

(6) Any sale or contract for sale of any interest in subdivided lands, which sale or contract is in violation of this chapter, is voidable by the purchaser, and the purchaser may, in addition to any other remedy provided by law, recover from the subdivider the total amount paid on the contract or sale by the purchaser and a reasonable attorney's fee, if suit is brought and the purchaser prevails. No action shall be maintained to enforce any liability created under this section unless brought within 3 years after the discovery of the violation or after such discovery should have been made by the exercise of reasonable diligence. In no event shall any action under this subsection be brought more than 5 years after the date the purchaser made his first payment to the subdivider.

**500.09 The department may promulgate regulations.**—When in the judgment of the department such action will promote honesty and fair dealing in the interest of consumers, the department with the advice and consent of the state chemist shall promulgate regulations fixing and establishing for any food or class of food under its common or usual name so far as practicable a reasonable definition and standard of identity, or reasonable standard of quality or fill of container, or reasonable sanitary regulations governing the manufacture, processing or handling of such food products. In the prescribing of any standard of quality for any canned fruit or canned vegetable, consideration shall be given and due allowance made for the differing characteristics of the several varieties of such fruit or vegetable. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the department with the advice and consent of the state chemist shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. The definitions and standards so promulgated shall conform so far as practicable to the definitions and standards promulgated by the Secretary of the United States Department of Agriculture under authority conferred by s. 401 of the federal act.

**500.10 Food deemed adulterated.**—A food is deemed to be adulterated:

(1)(a) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such food shall not be considered adulterated

under this clause if the quantity of such substance in such food does not ordinarily render it injurious to health; or

(b) If it bears or contains any added poisonous or added deleterious substance, other than one which is a pesticide chemical in or on a raw agricultural commodity; a food additive; or a color additive, which is unsafe within the meaning of s. 500.13(1); or

(c) If it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of s. 408(a) of the federal act as amended or s. 500.13(1); or

(d) If it is or it bears or contains, any food additive which is unsafe within the meaning of s. 409 of the federal act as amended, or s. 500.13(1); provided that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or tolerance prescribed under s. 408 of the federal act, or s. 500.13(1), and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed food shall, notwithstanding the provisions of s. 500.13, and this paragraph, not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice, and the concentration of such residue in the processed food when ready to eat, is not greater than the tolerance prescribed for the raw agricultural commodity; or

(e) If it consists in whole or in part of a diseased, contaminated, filthy, putrid, or decomposed substance, or if it is otherwise unfit for food; or

(f) If it has been produced, prepared, packed, or held under insanitary conditions whereby it may become contaminated with filth, or whereby it may have been rendered diseased, unwholesome, or injurious to health; or

(g) If it is the product of a diseased animal or an animal which has died otherwise than by slaughter, or that has been fed upon the uncooked offal from a slaughter house, or

(h) If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

(2)(a) If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or

(b) If any substance has been substituted wholly or in part therefor; or

(c) If damage or inferiority has been concealed in any manner; or

(d) If any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength or make it appear better or of greater value than it is.

(3) If it is confectionery and it bears or contains any alcohol or non-nutritive article or substance except harmless coloring, harmless flavoring, harmless resinous glaze not in excess of four-tenths of 1 percent, harmless natural gum, and pectin; provided, that this subsection shall not apply to any confectionery by reason of its containing less than one-half of 1 percent by volume of alcohol derived solely from the use of flavoring extracts, or to any chewing gum

by reason of its containing harmless non-nutritive masticatory substances.

(4) If it is or bears or contains any color additive which is unsafe within the meaning of the federal act or s. 500.13.

**History.**—s. 10, ch. 19656, 1939; CGL 1940 Supp. 4151(678); s. 2, ch. 63-259, cf.—s. 865.07 Adulterated syrup.

**500.11 Food deemed misbranded.**—A food is deemed to be misbranded:

(1) If its labeling is false or misleading in any particular; provided, however, that corn meal shall not be considered misbranded because of its being labeled "Water Ground," where such corn meal so labeled shall have been ground on rocks having a diameter of not less than 42 inches and which revolve during the grinding of same at a speed not greater than 186 revolutions per minute.

(2) If it is offered for sale under the name of another food.

(3) If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the words "imitation" and, immediately thereafter, the name of the food imitated.

(4) If its container is so made, formed, or filled as to be misleading.

(5) If in package form, unless it bears a label containing:

(a) The name and place of business of the manufacturer, packer, or distributor;

(b) An accurate statement of the quantity of the contents in terms of weight, measure or numerical count; provided, that under this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the department.

(6) If any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(7) If it purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by s. 500.09; unless

(a) It conforms to such definition and standard; and

(b) Its label bears the name of the food specified in the definition and standard, and, in so far as may be required by such regulations, the common names of optional ingredients (other than spices, flavoring and coloring) present in such food.

(8) If it purports to be or is represented as:

(a) A food for which a standard of quality has been prescribed by regulations as provided by s. 500.09 and its quality falls below such standard unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard; or

(b) A food for which a standard or standards of fill of container have been prescribed by regulation as provided by s. 500.09 and it falls below the standard of fill of container applicable thereto, unless its

label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

(9) If it is not subject to the provisions of subsection (7), unless its label bears:

(a) The common or usual name of the food, if any there be; and

(b) In case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings, without naming each; provided, that, to the extent that compliance with the requirements of this paragraph is impractical or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the department with the advice and consent of the state chemist.

(10) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the department determines to be, and by regulations prescribes as, necessary in order to fully inform purchasers as to its value for such uses.

(11) If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact; provided, that to the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the department with the advice and consent of the state chemist.

(12) When soft drinks are offered for sale in sanitary returnable or nonreturnable containers, sealed or securely capped, impervious to contamination by leakage or contact with foreign substances, and when the trade name, net content and declaration of artificial flavor or color, when used, appear on the principal display panel, which may be the cap, crown, lid, or side of the container of said drinks, and when the manufacturer, at least once every year and oftener when required by the department, files with said department an affidavit stating the trade names of such drinks manufactured by him and the territorial limits in the state within which said drinks are offered for sale, the provisions of this chapter requiring additional labeling and branding of said drinks shall not apply. However, nothing in this subsection shall in any manner otherwise restrict, modify, or impair the jurisdiction and authority of the department over said drinks as food products and the conditions pertaining to the manufacture of same.

**500.12 Permits to manufacturers, processors or packers.**—

(1) No person, firm, or corporation not operating under continuous inspection of a state or federal agency shall engage in the business of manufacturing, processing, or packing food in any manner without first obtaining a food manufacturer's, processor's and packer's permit from the department. The permit shall be issued upon application to the department on forms furnished by the department and

upon conditions prescribed by regulations of the department governing the manufacturing, processing, or packing of food as may be necessary to protect the public health and promote public welfare by protecting the purchasing public from injury by merchandising deceit. Such permit shall be issued January 1, 1971 and be renewed annually thereafter on or before January 1.

(2) The department may suspend immediately upon notice any permit issued under authority of this section if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended may at any time apply for the reinstatement of such permit, and the department shall, immediately after prompt hearing and an inspection of the establishment, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued, or as amended.

(3) The state chemist or assistant state chemist or any officer or inspector duly designated by the department shall have access to any factory or establishment the operator of which holds a permit from the department, for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator.

(4) The department shall promulgate regulations exempting from any labeling requirement of this chapter:

(a) Small open containers of fresh fruits and fresh vegetables; and

(b) Food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such food is not adulterated or misbranded under the provisions of this chapter upon removal from such processing, labeling, or repacking establishment.

**Note.**—Repealed by s. 3, ch. 76-168, as amended by s. 1, ch. 77-457, effective July 1, 1982, except for the possible effect of laws affecting this section prior to that date.

#### **500.121 Disciplinary procedures; retail food stores, food manufacturers, processors, or packers.—**

(1) In addition to the suspension procedures provided in s. 500.12, the department may impose a fine not exceeding \$5,000 against any retail food store, food manufacturer, processor, or packer, which fine, when imposed and paid, shall be deposited by the department in the General Inspection Trust Fund. In the alternative, the department may revoke or suspend the permit of any such retail food store, food manufacturer, processor, or packer when it is satisfied that it has:

(a) Violated any of the provisions of this chapter.

(b) Violated or aided or abetted in the violation of any law of Florida governing or applicable to retail food stores, food manufacturers, processors, or packers, or any lawful rules or regulations of the department.

(c) Knowingly committed, or been a party to, any material fraud, misrepresentation, conspiracy, col-

lusion, trick, scheme, or device whereby any other person, lawfully relying upon the word, representation, or conduct of a retail food store, food manufacturer, processor, or packer, acts to his injury or damage.

(d) Committed any act or conduct of the same or different character of that enumerated which constitutes fraudulent or dishonest dealing.

(2) Whenever any administrative order has been made and entered by the department imposing a fine pursuant to this section, said order shall specify the amount of fine and time limit for payment thereof, not exceeding 15 days, and, upon failure of the retail food store, food manufacturer, processor, or packer involved to pay the fine within said time, the permit of such retail food store, food manufacturer, processor, or packer shall be subject to suspension.

(3) In any court proceeding relating to administrative orders, the burden of proving violations of this chapter and of upholding administrative orders shall be with the department.

**History.**—s. 1, ch. 72-73; s. 6, ch. 78-95.

#### **500.13 Addition of poisonous or deleterious substance to food.—**

(1) Any added poisonous or deleterious substance, any food additive, any pesticide chemical in or on a raw agricultural commodity, or any color additive, shall, with respect to any particular use or intended use, be deemed unsafe for the purpose of application of s. 500.10(1)(b) with respect to any food, unless there is in effect a regulation pursuant to subsection (2) limiting the quantity of such substance, and the use or intended use of such substance conform to the terms prescribed by such regulation. While such regulation relating to such substance is in effect, a food shall not, by reason of bearing or containing such substance in accordance with the regulation, be considered adulterated within the meaning of s. 500.10(1)(a).

(2) The department, whenever public interest in the state so requires, is authorized to adopt, amend, or repeal regulations whether or not in accordance with regulations promulgated under the federal act, prescribing therein tolerances for any added poisonous or deleterious substances, for food additives, for pesticide chemicals in or on raw agricultural commodities or for color additives, including, but not limited to, zero tolerances, and exemptions from tolerances in the case of pesticide chemicals in or on raw agricultural commodities, and prescribing the conditions under which a food additive or color additive may be safely used and exemptions where such food additive or color additive is to be used solely for investigational or experimental purposes, upon his own motion or upon the petition of any interested party requesting that such a regulation be established, and it shall be incumbent upon such petitioner to establish by data submitted to the department that a necessity exists for such regulation, and that its effect will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the department to determine whether such regulation should be promulgated, the department may require additional data to be submitted and a failure to comply with the request shall be sufficient grounds to deny the request. In adopting,

amending or repealing regulations relating to such substances the department shall consider among other relevant factors, the following which the petitioner, if any, shall furnish:

(a) The name and all pertinent information concerning such substance including where available, its chemical identity and composition, a statement of the conditions of the proposed use, including directions, recommendations and suggestions and including specimens of proposed labeling, all relevant data bearing on the physical or other technical effect and the quantity required to produce such effect.

(b) The probable composition of, or other relevant exposure from the article and of any substance formed in or on a food, resulting from the use of such substance.

(c) The probable consumption of such substance in the diet of man and animals taking into account any chemically or pharmacologically related substance in such diet.

(d) Safety factors which, in the opinion of experts qualified by scientific training and experience to evaluate the safety of such substances for the use or uses for which they are proposed to be used, are generally recognized as appropriate for the use of animal experimentation data.

(e) The availability of any needed practicable methods of analysis for determining the identity and quantity of such substance in or on an article, any substance formed in or on such article because of the use of such substance, and the pure substance and all intermediates and impurities, and

(f) Facts supporting a contention that the proposed use of such substance will serve a useful purpose.

#### 500.14 Drug or device deemed adulterated.—

A drug or device is deemed to be adulterated:

(1)(a) If it consists in whole or in part of any filthy, putrid or decomposed substance; or

(b) If it has been produced, prepared, packed, or held under unsanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health, or

(c) If it is a drug and its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health; or

(d) If it is a drug and it bears or contains for purpose of coloring only, a color additive which is unsafe within the meaning of the federal act; or it is a color additive, the intended use of which in or on drugs is for the purpose of coloring only, and it is unsafe within the meaning of the federal act.

(2) If it purports to be or is represented as a drug the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standard set forth in such compendium. Such determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in such compendium, or in the absence of or inadequacy of such tests or methods of assay, those prescribed under authority of the federal act. No drug defined in an

official compendium shall be deemed to be adulterated under this subsection because it differs from the standard of strength, quality, or purity therefor set forth in such compendium, if its difference in strength, quality or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States it shall be subject to the requirements of the United States Pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.

(3) If it is not subject to the provisions of subsection (2) and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.

(4) If it is a drug and any substance has been:

(a) Mixed or packed therewith so as to reduce its quality or strength; or

(b) Substituted wholly or in part therefor.

**History.**—s. 14, ch. 19656, 1939; CGL 1940 Supp. 4151(677); s. 1, ch. 63-158.

#### 500.15 Drug or device deemed misbranded.—

A drug or device is deemed to be misbranded:

(1) If its labeling is false or misleading in any particular.

(2) If in package form unless it bears a label containing:

(a) The name and place of business of the manufacturer, packer, or distributor. In the case of medicinal drugs as defined in s. 465.031(5), the label shall contain the name and place of business of the manufacturer of the finished dosage form of the drug and the name and the place of business of the packer or distributor. For the purpose of this paragraph, the finished dosage form of a medicinal drug is that form of the drug which is, or is intended to be, dispensed or administered to the patient and requires no further manufacturing or processing other than packaging, reconstitution, and labeling.

(b) An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided, that under this paragraph reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Department of Health and Rehabilitative Services.

(3) If any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(4) If it is for use by man and contains any quantity of the narcotic or hypnotic substances alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marihuana, morphine, opium, paraldehyde, peyote, or sulfonmethane, or any chemical derivative of such substances, which derivative has been by the Department of Health and Rehabilitative Ser-

vices after investigation, found to be, and by regulations under this chapter, designated as habit-forming, unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement, "Warning—May be habit-forming."

(5) If it is a drug and is not designated solely by a name recognized in an official compendium unless its label bears:

(a) The common or usual name of the drug, if such there be; and

(b) In case it is fabricated from two or more ingredients, the common or usual name of each active ingredient, including the kind and quantity or proportion of any alcohol, and also including whether active or not the name and quantity or proportion of any bromides, ether, chloroform, acetanilide, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances contained therein; provided, that to the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the Department of Health and Rehabilitative Services.

(6) Unless its labeling bears:

(a) Adequate directions for use; and

(b) Such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users; provided, that where any requirement of paragraph (a) of this subsection, as applied to any drug or device, is not necessary for the protection of the public health, the Department of Health and Rehabilitative Services shall promulgate regulations exempting such drug or device from such requirements.

(7) If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed therein; provided, that the method of packing may be modified with the consent of the Department of Health and Rehabilitative Services. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States, it shall be subject to the requirements of the United States Pharmacopoeia with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States, and not to those of the United States Pharmacopoeia.

(8) If it has been found by the Department of Health and Rehabilitative Services to be a drug liable to deterioration, unless it is packaged in such form and manner, and its label bears a statement of such precautions, as the Department of Health and Rehabilitative Services shall by regulations require as necessary for the protection of public health. No such regulation shall be established for any drug recognized in an official compendium until the Department of Health and Rehabilitative Services shall have informed the appropriate body charged

with the revision of such compendium of the need for such packaging or labeling requirements and such body shall have failed within a reasonable time to prescribe such requirements.

(9) If it is a drug and its container is so made, formed, or filled as to be misleading; or if it is an imitation of another drug; or if it is offered for sale under the name of another drug.

(10) If it is dangerous to health when used in the dosage, or with the frequency or duration prescribed, recommended, or suggested in the labeling thereof.

(11) If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless:

(a) It is from a batch with respect to which a certificate has been issued pursuant to s. 506 of the federal act and

(b) Such certificate is in effect with respect to such drug.

(12) If it is, or purports to be, or is represented as a drug composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, or bacitracin, or any derivation thereof, unless:

(a) It is from a batch with respect to which a certificate has been issued pursuant to s. 507 of the federal act, and

(b) Such certificate is in effect with respect to such drug; provided, that this subsection shall not apply to any drug or class of drugs exempted by regulations promulgated under s. 507(c) or (d) of the federal act.

(13)(a) If it is a drug intended for use by man which is a habit-forming drug, to which subsection (4) applies; or which because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer such drugs; or which is limited by an effective application under s. 505 of the federal act or s. 500.16 to use under the professional supervision of a practitioner licensed by law to administer such drug, unless it is dispensed only:

1. Upon the written prescription of a practitioner licensed by law to administer such drug, or

2. Upon an oral prescription of such practitioner which is reduced promptly to writing, and filled by the pharmacist, or

3. By refilling any such written or oral prescription if such refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist.

(b) Any drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer such drug, shall be exempt from the requirements of this section, except subsections (1), (9), (11), (12), and the packaging requirements of subsections (7) and (8), if the drug bears a label containing the name and address of the dispenser or seller, the serial number and date of such prescription or its filling, the name of the prescriber and, if stated in the prescription, the name of the patient and the directions for use and cautionary statements. This exemption shall not apply to any drug dispensed in the course of the conduct of a business

of dispensing drugs pursuant to diagnosis by mail, or to any drug dispensed in violation of paragraph (a) of this subsection. Provided further, that the Department of Health and Rehabilitative Services may, by regulation, remove drugs subject to subsection (4) of this section and s. 500.16, from the requirements of paragraph (a) of this subsection when such requirements are not necessary for the protection of public health.

(14) If it is a drug which is subject to subsection (13)(a), unless at any time prior to dispensing, its label bears the statement, "Caution: Federal Law Prohibits Dispensing Without Prescription," or "Caution: State Law Prohibits Dispensing Without Prescription."

(15) If it is a drug which is not subject to subsection (13)(a), if at any time prior to dispensing its label bears the caution statement required in subsection (14).

(16) Nothing in subsection (13) shall be construed to relieve any person from any requirement prescribed by or under authority of law with respect to drugs now included or which may hereafter be included within the classifications of narcotic drugs or marihuana as defined in the applicable federal and state laws relating to narcotic drugs and marihuana.

(17) If it is a color additive, the intended use of which in or on drugs is for the purpose of coloring only, unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive prescribed under the provisions of the federal act.

#### **500.151 Possession of habit-forming, toxic, harmful or new drugs without prescriptions unlawful; exemptions and exceptions.—**

(1) No person shall possess any habit-forming, toxic, harmful or new drug subject to s. 500.15(13)(a), unless the possession of such drug has been obtained by a valid prescription of a practitioner licensed by law to administer such drug; provided that the provisions of this section shall not be applicable to the delivery of such drugs to persons included in any of the classes hereinafter named, or to the agents or employees of such persons, for use in the usual course of their business or practice in the performance of their official duties, as the case may be; or to the possession of such drugs by such persons or their agents or employees for such use: pharmacists; practitioners; persons who procure such drugs for disposition by or under the supervision of pharmacists or practitioners employed by them or for the purpose of lawful research, teaching, or testing, and not for resale; hospitals and other institutions which procure such drugs for lawful administration by practitioners; officers or employees of federal, state, or local governments; manufacturers and wholesalers lawfully engaged in selling such drugs to authorized persons; and common carriers and warehousemen while engaged in lawfully transporting or storing such drugs for authorized persons.

(2) The possession of a drug under subsection (1) not properly labeled to indicate that possession is by a valid prescription of a practitioner licensed by law

to administer such drug by any person not exempted under this section shall be prima facie evidence that such possession is unlawful.

(3) The penalty for the violation of this section shall be the same as that provided in s. 500.24, for the violation of the provisions of s. 500.04.

**History.**—s. 1, ch. 57-167; s. 3, ch. 63-158.

#### **500.1515 Amygdalin (laetrile); manufacture, distribution, delivery, possession, sale, and use lawful; conditions.—**Unless the State Boards of Medical Examiners and Osteopathic Medical Examiners, in a hearing conducted under the provisions of chapter 120, make a formal finding that amygdalin (laetrile) is harmful:

(1) Under specified conditions, the manufacture, distribution, delivery, possession, sale, and use of amygdalin (laetrile) is lawful within this state. No person, however, shall manufacture, distribute, sell, or deliver amygdalin (laetrile) for the purpose of transporting such substance to any other state, district, or territory beyond the borders of this state.

(2) Amygdalin (laetrile) may be delivered or sold only through a prescription issued by a physician licensed under chapter 458 or chapter 459. (3) If the Department of Agriculture and Consumer Services or Department of Health and Rehabilitative Services finds that any article seized under the provisions of s. 500.42, was not subject to seizure under that section, the Department of Agriculture and Consumer Services or Department of Health and Rehabilitative Services or the designated officer or employee shall remove the tag or marking.

**500.46 Wholesale drug and drug manufacturer establishment permits; renewal of permits; inspections.**—

(1) No person shall operate as a drug wholesaler or drug manufacturer in this state unless he has first secured from the Department of Health and Rehabilitative Services a permit for each drug wholesale or drug manufacturing establishment operated by him. Application for such permit shall be made on forms to be furnished by the department showing the name and address of the establishment for which a permit is sought; the name and address of the own-

er or owners; and the names of all employees, agents, or salesmen who are engaged in the wholesaling or the manufacturing of drugs in this state. At the time of filing each such original application, the applicant shall pay to the department a fee of \$50. Upon approval of the application by the department and the payment of the required fee, the department shall issue a permit to the applicant.

(2) Drug wholesalers and drug manufacturers who wholesale or manufacture any substance controlled under chapter 893 shall so notify the Department of Health and Rehabilitative Services when registering pursuant to this section. The department shall, on the forms furnished to registrants, provide an appropriate place for such notification. The department shall immediately notify the Department of Law Enforcement of all persons who register pursuant to this section.

(3) Drug wholesalers and drug manufacturers engaged in such business on January 1, 1972, who meet all the other requirements of this chapter and who, within 90 days of said time, shall pay an original permit fee of \$50 and prove satisfactorily to the department that they are actually engaged in the drug wholesale or drug manufacturing business, shall, upon approval of their application by the department, be issued a permit.

(4)(a) During the month of December of each year, the owners and proprietors of drug wholesale and drug manufacturing establishments for which a permit has been secured shall, on forms to be furnished by the Department of Health and Rehabilitative Services, make application for renewal of such permit together with a \$25 fee. All drug wholesale permits and drug manufacturer permits issued by the department shall expire on December 31. If a renewal application and fee are not filed by December 31 of any year, the permit may be reinstated only upon payment of a delinquent fee of \$5, plus the required renewal fee, within 30 days after the date of expiration. Failure to renew in accordance with the provisions of this section shall preclude any future renewal of the permit. Continued operation as a drug wholesaler or drug manufacturer in this state when a permit for renewal is precluded shall require a new permit application in accordance with the requirements of subsection (1).

(b) The Department of Health and Rehabilitative Services may refuse to issue a permit if it is shown that the applicant is not of good moral character or that it would be a danger to the public health, safety, and welfare if the applicant were issued a permit.

(5) The agents of the Department of Health and Rehabilitative Services and the Department of Law Enforcement shall have the authority to inspect and investigate all drug wholesalers and drug manufacturers during business hours for the purpose of enforcing the provisions of this chapter, chapters 893 and 465, and the rules and regulations of the Department of Health and Rehabilitative Services which relate to the protection of the health, safety, and welfare of the public.

(6) The operation of a drug wholesale or a drug manufacturing establishment in the state is declared to be a practice affecting the public health, safety, and welfare and subject to regulation and

control in the public interest. This act shall be liberally construed to carry out these objectives and purposes.

(c) Violated any of the requirements of this chapter, chapter 893 or chapter 465, or any of the rules and regulations of the Department of Health and Rehabilitative Services as they relate to drug wholesale or drug manufacturing establishments.

(2) If a drug wholesale permit or drug manufacturer permit is revoked or suspended, the owner, manager, or proprietor of the establishment shall cease to operate the establishment as a drug wholesale or drug manufacturing establishment from the effective date of such suspension or revocation until such time as the establishment is again registered with the Department of Health and Rehabilitative Services and possesses the required permit for operation. In the event of such revocation or suspension, the owner, manager, or proprietor shall remove from the premises all signs and symbols identifying the premises as a drug wholesale or drug manufacturing establishment. The period of a suspension shall be as determined by the Department of Health and Rehabilitative Services; however, no such suspension shall exceed 6 months in duration. In the event a permit is revoked, the person owning or operating the establishment shall not be entitled to make application for a permit to operate a drug wholesale or drug manufacturing establishment for a period of 1 year from the date of such revocation.

*History.*—ss. 1, 2, ch. 70-352; s. 456, ch. 71-136.

**501.012 Contracts for health studio services.—**

(1) The Legislature finds and declares that there exist in connection with a substantial number of contracts for health studio services certain practices and business and financing methods which have worked undue financial hardship upon some of the citizens of our state, and that existing legal remedies are inadequate to correct existing problems in the industry. The Legislature finds and declares that the health studio industry has a significant impact upon the economy and well-being of the people of the state and that the provisions of this section regulating health studio contracts are necessary for the public welfare.

(2) For purposes of this section, the following terms shall have the following meanings, unless the context requires otherwise:

(a) "Health studio" means and includes any person, firm, corporation, organization, club, or association engaged in the sale of instruction, training, or assistance in a program of physical exercise, which may include the use of a sauna, whirlpool bath, weight lifting room, massage, steam room, or other exercising machine or device. The term also includes any person, firm, corporation, organization, or association engaged in the sale of the right or privilege to use exercise equipment or facilities, such as a sauna, whirlpool bath, weight lifting room, massage, steam room, or other exercising machine or device. "Health studio" does not include bona fide nonprofit organizations which have been granted tax exempt status by the Internal Revenue Service, including,

but not limited to, the Young Men's Christian Association, Young Women's Christian Association, or other similar organizations, whose functions as health studios are only incidental to their overall functions and purposes.

(b) "Health studio services" means and includes services, privileges, or rights offered for sale or provided by a "health studio."

(3) Every contract for the sale of health studio services shall contain the following, contractual provisions to the contrary notwithstanding:

(a) Provision for the penalty-free cancellation of the contract within 3 days, exclusive of holidays and weekends, of its making, upon the mailing or delivery of written notice to the health studio, and refund upon such notice of all moneys paid under the contract, except that the health studio may retain an amount computed by dividing the number of complete days in the contract's term or, if appropriate, the number of occasions health studio services are to be rendered, into the total contract price and multiplying the result by the number of complete days that have passed since the contract's making or, if appropriate, by the number of occasions that health studio services have been rendered.

(b) Provision for the cancellation of the contract if the health studio goes out of business and fails to provide facilities within 5 miles or moves its facilities more than 5 miles from the location designated in such contract, upon written notice by the buyer, with refund upon such notice of funds paid or accepted in payment of the contract in an amount computed by dividing the contract price by the number of weeks of the contract's term and multiplying the result by the number of weeks remaining in the contract's term.

(c) Provision for the cancellation of the contract if the buyer dies or becomes totally and permanently disabled during the membership term following the date of such contract, with refund of funds paid or accepted in payment of the contract in an amount computed by dividing the contract price by the number of weeks of the contract's term and multiplying the result by the number of weeks remaining in the contract's term. The contract may require a buyer or the buyer's estate seeking relief under this subsection to provide reasonable proof of total and permanent disability or death.

(d) Provision that the contract shall not be for a period in excess of 36 months, but may be renewable at the end of each 36-month period of time.

(4) Upon entering into a contract for health studio services, the buyer shall be provided with a written contract, which shall include the name, address, and primary place of business of the health studio. Prior to entering into any such contract, the health studio shall also provide the buyer with a current copy of any rules and regulations applicable to the buyer's use of the health studio.

(5) The provisions of this section shall not apply to any contracts for health studio services entered into before the effective date of this act, or to the subsequent renewals of said contracts.

(6)(a) Every health studio which sells contracts for health studio services to be rendered at a planned health studio or a health studio under construction

shall maintain a bond issued by a surety company admitted to do business in the state. The principal sum of the bond shall be \$10,000.

(b) The bond required by paragraph (a) shall be in favor of the state for the benefit of any person injured as a result of a violation of this section. The aggregate liability of the surety to all persons for all breaches of the conditions of the bonds provided herein shall in no event exceed the amount of the bond.

(c) In lieu of maintaining the bond required in paragraph (a), the health studio may furnish to the Department of Agriculture and Consumer Services a certified copy of its financial statement, letter of credit from any foreign or domestic bank, or any other documentation establishing sufficient financial responsibility in at least the amount of the bond required under paragraph (a) as will enable the health studio to satisfy the possible claims against the bond allowed by paragraph (b). In the event the health studio is controlled by, under common control with, or controls other corporations, and such other corporations agree in writing to satisfy the claims against a bond allowed by paragraph (b), then the financial responsibility of such other corporations shall be considered in determining compliance of this section.

(7) The amendments to this section by chapter 78-419, Laws of Florida, shall not apply to any contracts for health studio services entered into before July 1, 1978, or to subsequent renewals of such contracts.

History.—s. 1, ch. 77-432; ss. 1, 2, ch. 78-419.

(1) "Division" means the Division of Consumer Services of the Department of Agriculture and Consumer Services.

(2) "Home solicitation sale" means any consumer credit sale of goods or services made pursuant to an installment contract, loan agreement, other evidence of indebtedness, or a cash sale or other consumer credit sale in excess of \$25, which includes all interest, service charges, finance charges, postage, freight, insurance, and service or handling charges, in which the seller or a person acting for him engages in a personal solicitation of the sale at a place other than at the seller's fixed location business establishment where goods or services are offered or exhibited for sale, and the buyer's agreement or offer to purchase is given to the seller and the sale is consummated at a place other than at the seller's fixed location business establishment, including a sales transaction unsolicited by the consumer and consummated by telephone and without any other contact between the buyer and the seller or its representative prior to delivery of the goods or performance of the services. It does not include a sale made at any fair or similar commercial exhibit.

(3) "Business day" means any calendar day except Sunday, or the following business holidays: New Year's Day, Washington's Birthday, Memorial Day,

Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.

History.—ss. 1, 4, ch. 70-363; s. 1, ch. 71-65; s. 1, ch. 77-350.

**501.025 Same; buyer's right to cancel.**—In addition to any right otherwise to revoke an offer, the buyer has the right to cancel a home solicitation sale until midnight of the third business day after the day on which the buyer signs an agreement or offer to purchase. Cancellation is evidenced by the buyer giving written notice of cancellation to the seller at the address stated in the agreement or offer to purchase. Written notice of cancellation shall be effective upon postmarking. Notice of cancellation need not take a particular form and is sufficient if it indicates by any form of written expression the intention of the buyer not to be bound by the home solicitation sale. Notice of a buyer's right to cancel must appear on all notes or other evidence of indebtedness given pursuant to any home solicitation sale.

History.—s. 2, ch. 70-363; s. 1, ch. 77-350.

**501.031 Same; written agreement.**—Every home solicitation sale shall be evidenced by a writing as provided in this section.

(1) In a home solicitation sale, the seller must present to and obtain from the buyer his signature to a written agreement or offer to purchase which designates, as the date of the transaction, the date on which the buyer actually signs and which contains a statement of the buyer's rights which complies with subsection (2).

(2) The statement must:

(a) Appear under the conspicuous caption, "BUYER'S RIGHT TO CANCEL";

(b) Read as follows: "This is a home solicitation sale, and if you do not want the goods or services, you may cancel this agreement by mailing a notice to the seller. This notice must indicate that you do not want the goods or services and must be postmarked before midnight of the third business day after you sign this agreement. If you cancel this agreement, the seller may keep all or part of any cash down payment, not to exceed the lesser of 5 percent of the cash price or \$50."

History.—s. 3, ch. 70-363.

**501.035 Same; exclusions.**—There shall be excluded from the operation of ss. 501.021-501.055:

(1) The sale of insurance; and

(2) The sale of farm equipment or machinery.

History.—s. 5, ch. 70-363.

**501.041 Same; restoration of down payment and retention of cancellation fee.**—Except as provided in this section, within 10 days after a home solicitation sale has been canceled or an offer to purchase revoked, the seller must tender to the buyer any payments made by the buyer and any note or other evidence of indebtedness. If the down payment includes goods traded in, the goods must be tendered in substantially as good condition as when received by the seller. If the seller fails to tender the goods, the buyer may elect to recover an amount equal to the trade-in allowance stated in the agreement. If the seller fails to comply with an obligation imposed by ss. 501.021-501.055 or if the buyer avoids the sale

on any ground independent of his right to cancel as provided by s. 501.025, the seller is not entitled to retain a cancellation fee as provided in s. 501.031(2)(b). Until the seller has complied with the obligations imposed by this section, the buyer may retain possession of goods delivered to him by the seller and has a lien on the goods in his possession or control for any recovery to which he is entitled.

History.—s. 6, ch. 70-363.

**501.045 Same; duty of buyer.**—Except as provided in s. 501.041, within a reasonable time after a home solicitation sale has been canceled or an offer to purchase revoked, the buyer upon demand must tender to the seller any goods delivered by the seller pursuant to the sale, but he is not obligated to tender at any place other than his residence. If the seller fails to demand possession of goods within a reasonable time after cancellation or revocation, the goods become the property of the buyer without obligation to pay for them. For the purposes of this section, 40 days is presumed to be a reasonable time. The buyer has the duty to take reasonable care of the goods in his possession before cancellation or revocation and for a reasonable time thereafter, during which time the goods are otherwise at the seller's risk. If the seller has performed any services pursuant to a home solicitation sale prior to its cancellation, the seller is entitled to no compensation except the cancellation fee as provided in s. 501.031(2)(b).

History.—s. 7, ch. 70-363.

**501.046 Same; duty of businesses conducting home solicitation sales.**—

(1) All businesses conducting home solicitation sales in this state shall:

(a) In the case of personal, face-to-face transactions, provide to the seller proper identification in such form as to be easily recognizable, which shall be presented to the prospective buyer and which shall include but not be limited to:

**501.047 Same; prohibited practices.**—In conducting a home solicitation, no person shall:

(1) Misrepresent the terms or conditions of the sale.

(2) Misrepresent the seller's affiliation with the parent company or sponsor.

(3) Misrepresent the seller's reasons for soliciting the sale of goods or services, such as participation

in a contest, or inability to perform any other job, when such is not a fact.

(4) Allege or imply that the agreement to purchase goods or services is noncancelable, when such is not a fact.

(5) Perform any other act which constitutes misrepresentation.

History.—s. 2, ch. 77-350.

**501.052 Same; enforcement authority; injunctive relief.**—The division shall investigate any complaints received concerning violations of ss. 501.021-501.055 and report the results of its investigation to the Attorney General or State Attorney, and it may institute proceedings to enjoin any person found by the division to be violating the provisions of ss. 501.021-501.055.

History.—s. 2, ch. 77-350.

**501.061 Hazardous Substances Law; short title.**—Sections 501.061-501.121 may be cited as the "Florida Hazardous Substances Law."

History.—s. 1, ch. 70-374.

**501.065 Same; definitions.**—For the purpose of ss. 501.061-501.121:

(1) "Department" means the Department of Health and Rehabilitative Services.

(2) "Secretary" means the secretary of the Department of Health and Rehabilitative Services or his legally authorized representative or agent.

(3) "Person" includes an individual, partnership, corporation, or association, or its legal representative or agent.

(4) "Commerce" means any and all commerce within the state and subject to the jurisdiction thereof and includes the operation of any business or service establishment.

(5)(a) "Hazardous substance" means:

1. Any substance or mixture of substances which is toxic, corrosive, an irritant, a strong sensitizer, or flammable or which generates pressure through decomposition, heat, or other means, if such substances or mixture of substances may cause substantial personal injury or substantial illness during, or as a proximate result of, any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children.

2. Any substances which the department by regulation finds, pursuant to the provisions of s. 501.071(1), meet the requirements of paragraph (a)1.

3. Any radioactive substance, whether as used in a particular class of article or as packaged, which the department determines by regulation to be sufficiently hazardous to require labeling in order to protect the public health.

4. Any toy or other article intended for use by children which the department determines to meet the requirements of subsection (16)(a)1.

(b) "Hazardous substance" does not apply to economic poisons subject to the Federal Insecticide,

Fungicide, and Rodenticide Act or the Florida Pesticide Law, to foods, drugs, and cosmetics subject to the Florida Food, Drug and Cosmetic Law, or to substances intended for use as fuels when stored in containers and used in the heating, cooking, or refrigeration system of a house; but such term shall apply to any article which is not itself an economic poison within the meaning of the Federal Insecticide, Fungicide, and Rodenticide Act or the Florida Pesticide Law, but which is a hazardous substance within the meaning of paragraph (a)1. by reason of bearing or containing such an economic poison.

(c) "Hazardous substance" does not include any source material, special nuclear material, or byproduct material, as defined in the Atomic Energy Act of 1954, as amended, and regulations issued pursuant thereto by the Atomic Energy Commission.

(6) "Toxic" applies to any substance (other than a radioactive substance) which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

(7)(a) "Highly toxic" means any substance which falls within any of the following categories:

1. Produces death within 14 days in one-half or more than one-half of a group of 10 or more laboratory white rats, each weighing between 200 and 300 grams, at a single dose of 50 milligrams or less per kilogram of body weight, when orally administered.

2. Produces death within 14 days in one-half or more than one-half of a group of 10 or more laboratory white rats, each weighing between 200 and 300 grams, when inhaled continuously for a period of one hour or less at an atmosphere concentration of 200 parts per million by volume or less of gas or vapor or 2 milligrams per liter by volume or less of mist or dust if such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner.

3. Produces death within 14 days in one-half or more than one-half of a group of 10 or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for 24 hours or less.

(b) If the department finds that available data on human experience with any substance indicate results different from those obtained on animals in the above-named dosages or concentrations, the human data shall take precedence.

(8) "Corrosive" means any substance which in contact with living tissue will cause destruction of tissue by chemical action; but does not refer to action on inanimate surfaces.

(9) "Irritant" means any substance not corrosive within the meaning of subsection (8) which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(10) "Strong sensitizer" means a substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity which becomes evident on reapplication of the same substance and which is designated as such by the department. Before designating any substance as a strong sensitizer, the department, upon consideration of the frequency of occurrence and severity of

the reaction, shall find that the substance has a significant potential for causing hypersensitivity.

(11) "Extremely flammable" applies to any substance which has a flash point at or below 20 degrees Fahrenheit as determined by the Tagliabue open cup tester, and the term "flammable" shall apply to any substance which has a flash point of above 20 degrees to and including 80 degrees Fahrenheit, as determined by the Tagliabue open cup tester; except that the flammability of solids and of the contents of self-pressurized containers shall be determined by methods found by the department to be generally applicable to such materials or containers, respectively, and established by regulations issued by it, which regulations shall also define the terms "flammable" and "extremely flammable" in accord with such methods.

(12) "Radioactive substance" means a substance which emits ionizing radiation.

(13) "Label" means a display of written, printed, or graphic matter upon the immediate container of any substance or, in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly upon the article involved or upon a tag or other suitable material affixed thereto, and a requirement, made by or under authority of ss. 501.061-501.121, that any word, statement, or other information must appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears on the outside container or wrapper, if there be any, unless it is easily legible through the outside container or wrapper and on all accompanying literature where there are directions for use, written, or otherwise.

(14) "Immediate container" does not include package liners.

(15)(a) "Misbranded hazardous substance" means a hazardous substance (including a toy or other article intended for use by children, which is a hazardous substance or which bears or contains a hazardous substance in such manner as to be susceptible of access by a child to whom such toy or other article is entrusted) intended or packaged in a form suitable for use in the household or by children, which substance, except as otherwise provided by or pursuant to s. 501.071, fails to bear a label which states conspicuously:

1. The name and place of business of the manufacturer, packer, distributor, or seller.

2. The common or usual name or the chemical name, if there is no common or usual name, of the hazardous substance or of each component which contributes substantially to its hazard, unless the department by regulation permits or requires the use of a recognized generic name.

3. The signal word "DANGER" on substances which are extremely flammable, corrosive, or highly toxic.

4. The signal word "WARNING" or "CAUTION" on all other hazardous substances.

5. An affirmative statement of the principal hazard or hazards, such as "Flammable," "Vapor Harmful," "Causes Burns," "Absorbed Through Skin," or similar wording descriptive of the hazard.

6. Precautionary measures describing the action to be followed or avoided, except when modified by regulation of the department pursuant to s. 501.071.

7. Instruction, when necessary or appropriate, for first aid treatment.

8. The word "Poison" for any hazardous substance which is defined as "highly toxic" by subsection (7).

9. Instructions for handling and storage of packages which require special care in handling or storage.

10. The statement "Keep out of the reach of children" or its practical equivalent or, if the article is intended for use by children and is not a banned hazardous substance, adequate directions for the protection of children from the hazard.

- (b) Any statement required under this subsection shall be located prominently and be in the English language in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on the label.

(16)(a) "Banned hazardous substance" means:

1. Any toy or other article intended for use by children which is a hazardous substance, which bears or contains a hazardous substance in such manner as to be susceptible of access by a child to whom such toy or other article is entrusted, which is otherwise hazardous because of the presence of electrical, mechanical, or thermal hazards, or which may cause substantial personal injury or illness by, during, or as a result of, foreseeable use of the toy or article, even if unintended by the manufacturer, when such injury or illness is attributable to electrical, mechanical, or thermal aspects of design, processing, or assembly of that toy or article; or

2. Any hazardous substance intended or packaged in a form suitable for use in household, which the department by regulation classifies as a "banned hazardous substance" on the basis of a finding that, notwithstanding such cautionary labeling as is or may be required under ss. 501.061-501.121 for that substance, the degree or nature of the hazard involved in the presence or use of such substance in households is such that the objective of the protection of the public health and safety can be adequately served only by keeping such substance, when so intended or packaged, out of the channels of commerce.

- (b) The department, by regulation, shall exempt from paragraph (a)1. articles, such as chemical sets, which by reason of their functional purpose require the inclusion of the hazardous substance involved and which bear labeling giving adequate directions and warnings for safe use and are intended for use by children who have attained sufficient maturity and may reasonably be expected to read and heed such directions and warnings. The department shall also exempt from paragraph (a)1., and provide for the labeling, of common fireworks, including toy paper caps, cone fountains, cylinder fountains, whistles without report, and sparklers, to the extent that it determines that such articles can be labeled to protect the purchasers and users thereof.

- (c) Proceedings for the issuance, amendment, or repeal of regulations pursuant to paragraphs (a)2.

and (b) shall be governed by the provisions of s. 501.071.

(17) The term "electrical" pertains to the flow of an electrical charge or to electrons in motion; and the term "electrical hazard" means a condition or circumstance that may cause substantial personal injury or substantial illness from electric shock or electrocution during, or as a proximate result of, any customary or reasonably foreseeable use.

(18) The term "mechanical" pertains to the design, construction, or structure of a substance; and the term "mechanical hazard" means a condition or circumstance that may cause substantial personal injury or substantial illness during, or as a proximate result of, any customary or reasonably foreseeable use, because of sharp surfaces or protrusions, fragmentation, explosion, strangulation, suffocation, asphyxiation, or other mechanical means.

(19) The term "thermal" pertains to the transfer or manifestation of heat energy; and the term "thermal hazard" means a condition or circumstance that may cause substantial personal injury or substantial illness during, or as a proximate result of, any customary or reasonably foreseeable use of articles which contain heated surfaces or which, if ignited, burn so intensely that extremely high temperatures are reached or they cannot be readily extinguished by means ordinarily at hand.

History.—s. 2, ch. 70-374; s. 1, ch. 70-439.

#### **501.071 Same; declaration, variation, and exemptions.—**

(1) Whenever in the judgment of the department such action will promote the objectives of ss. 501.061-501.121 by avoiding or resolving uncertainty as to application, the department may by regulation declare to be a hazardous substance, for the purposes of ss. 501.061-501.121, any substance or mixture of substances which it finds meets the requirements of s. 501.065(5)(a)1.

(2) If the department finds that the requirements of s. 501.065(15)(a) are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, it may by regulation establish such reasonable variations or additional label requirements as it finds necessary for the protection of the public health and safety; and any such hazardous substance intended, or packaged in a form suitable, for use in the household or by children which fails to bear a label in accordance with such regulations shall be deemed to be a misbranded hazardous substance.

(3) If the department finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under ss. 501.061-501.121 is impracticable or is not necessary for the adequate protection of the public health and safety, the department shall promulgate regulations exempting such substances from these requirements to the extent it determines to be consistent with adequate protection of the public health and safety.

(4) If the department finds that the hazard of an article subject to ss. 501.061-501.121 is such that la-

beling adequate to protect the public health and safety cannot be devised or that the article presents an imminent danger to the public health and safety, it may declare such article to be a banned hazardous substance and require its removal from commerce.

History.—s. 3, ch. 70-374; s. 1, ch. 70-439.

#### **501.075 Same; prohibited acts.—**The following acts and the causing thereof are prohibited:

(1) The introduction or delivery for introduction into commerce of any misbranded hazardous substance or banned hazardous substance.

(2) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the label of, or the doing of any other act with respect to, a hazardous substance if such act is done while the substance is in commerce or while the substance is held for sale (whether or not the first sale) after shipment in commerce and results in the hazardous substance being a misbranded hazardous substance or a banned hazardous substance.

(3) The receipt in commerce of any misbranded hazardous substance or banned hazardous substance and the delivery or proffered delivery thereof for pay or otherwise.

(4) The giving of a guarantee or undertaking referred to in s. 501.081(2)(b) which guarantee or undertaking is false, except by a person who relied upon a guarantee or undertaking to the same effect signed by and containing the name and address of the person residing in the United States from whom he received in good faith the hazardous substance.

(5) The failure to permit entry or inspection as authorized by s. 501.105(1) or to permit access to and copying of any record as authorized by s. 501.111.

(6) The introduction or delivery for introduction into commerce, or the receipt in commerce and subsequent delivery or proffered delivery for pay or otherwise, of a hazardous substance in a reused food, drug, or cosmetic container or in a container which, though not a reused container, is identifiable as a food, drug, or cosmetic container by its labeling or by other identification. The reuse of a food, drug, or cosmetic container as a container for a hazardous substance shall be deemed to be an act which results in the hazardous substance being a misbranded hazardous substance. As used in this subsection, the terms "food," "drug," and "cosmetic" have the same meanings as in the Florida Food, Drug, and Cosmetic Law.

(7) The use by any person to his own advantage, or revealing, other than to the department or employees of the department, or to the courts when relevant in any judicial proceeding under ss. 501.061-501.121, of any information acquired under authority of s. 501.105 concerning any method of process which, as a trade secret, is entitled to protection.

History.—s. 4, ch. 70-374; s. 1, ch. 70-439.

#### **501.081 Same; penalties.—**

(1) Any person who violates any of the provisions of s. 501.075 shall be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, but for offenses committed with intent to defraud or mislead, or for second and subsequent offenses, the violator shall be guilty of a misdemean-

or of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(2) No person shall be subject to the penalties of subsection (1) of this section:

(a) For having violated s. 501.075(3) if the receipt, delivery, or proffered delivery of the hazardous substance was made in good faith unless he refuses to furnish on request of an officer or employee duly designated by the department the name and address of the person from whom he purchased or received such hazardous substance and copies of all documents, if there be any, pertaining to the delivery of the hazardous substance to him; or

(b) For having violated s. 501.075(1) if he establishes a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance, to the effect that the hazardous substance is not a misbranded hazardous substance or a banned hazardous substance within the meaning of those terms in ss. 501.061-501.121.

*History.*—s. 5, ch. 70-374; s. 1, ch. 70-439; s. 458, ch. 71-136.

*History.*—s. 5, ch. 70-374; s. 1, ch. 70-439.

**501.091 Same; embargo and seizure.**—

(1) Whenever a duly authorized agent of the department finds or has probable cause to believe that any hazardous household substance is misbranded or is a banned hazardous substance within the meaning of ss. 501.061-501.121, he shall affix to such article a tag or other appropriate marking giving notice that such article is, or is suspected of being, misbranded or is a banned hazardous substance and has been detained or embargoed and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. It is unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission.

(2) When an article detained or embargoed under subsection (1) has been found by an agent to be misbranded or a banned hazardous substance, he shall petition the judge of the circuit court in whose jurisdiction the article is detained or embargoed for a libel of condemnation of such article. When an agent has found that an article so detained or embargoed is not a misbranded or banned hazardous substance, he shall remove the tag or other marking.

(3)(a) If the court finds that a detained or embargoed article is a misbranded or banned hazardous substance, the article shall, after entry of the decree, be destroyed at the expense of the claimant thereof under supervision of the agent, and all court costs and fees and storage and other proper expenses shall

be taxed against the claimant of such article or his agents.

(b) When the misbranding can be corrected by proper labeling of the article, the court, after entry of the decree and after costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled, has been executed, may by order direct that the article be delivered to the claimant thereof for such labeling under the supervision of an agent of the department. The expense of such supervision shall be paid by claimant. The article shall be returned to the claimant on the representation to the court by the department that the article is no longer in violation of ss. 501.061-501.121 and that the expenses of such supervision have been paid.

Before any violation is reported to any such attorney for the institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given appropriate notice and an opportunity to present his views before the department or its designated agent, either orally or in writing, in person or by attorney, with regard to such contemplated proceeding.

*History.*—s. 8, ch. 70-374; s. 1, ch. 70-439.

It is unlawful for any such carrier or person to fail to permit such access and copying of any record so requested when the request is accompanied by a statement in writing specifying the nature or kind of the hazardous substance to which the request relates. Evidence obtained under this section shall not be used in a criminal prosecution of the person from whom obtained. Carriers shall not be subject to the other provisions of ss. 501.061-501.121 by reason of their receipt, carrying, holding, or delivery of hazardous substances in the usual course of business as carriers.

#### 501.135 Consumer unit pricing.—

(1) **SHORT TITLE.**—This act shall be known and cited as "The Consumer Unit Pricing Act."

(2) **PURPOSES; RULE OF INTERPRETATION.**—This act shall be liberally construed to effectively promote the following purposes and policies:

(a) Protect the interests of consumers and encourage constructive and useful competition in the sale of consumer commodities.

(b) Encourage, to the extent that it will facilitate the consumer's choice of consumer commodities, the development and use of a method of unit pricing for consumer commodities.

(c) Prohibit the use of unit pricing of consumer commodities when it would tend to mislead or deceive consumers.

(d) Encourage competition among sellers of consumer commodities through the use of uniform units of quantity for unit pricing of consumer commodities.

(e) Encourage the development and use, by sellers, of consumer education programs with respect to factors which should be considered in the purchase of consumer commodities which are offered for sale or sold on a unit price basis, with special attention to the needs of disadvantaged consumers for such consumer education programs.

(f) Provide for a state-approved program of unit pricing of consumer commodities.

(3) **DEFINITIONS.**—As used in this act:

(a) "Seller" means any person engaged in the business of selling a consumer commodity at retail.

(b) "Consumer commodity" means any article, product, or commodity of any kind or class, other than durable articles, textiles, items of apparel, appliances, paints, writing supplies, and articles specially ordered from the seller, including prescription drugs, which is customarily produced or distributed for sale at retail for consumption by individuals or use by individuals for purposes of personal care or in the performance of routine services ordinarily rendered regularly within the household, and which is usually consumed or expended in the course of such consumption or use.

(c) "Unit price" means the pricing of, or expression of the price of, a consumer commodity as the

(6) **DISPLAY AND ADVERTISING OF CONSUMER COMMODITY UNIT PRICES.**—A seller shall conspicuously and clearly display the price per package or unit and the unit price in close proximity to the display of the commodity in such manner as may be established by rules of the department. However, the display of the prices may not obliterate or conceal any other information required by law or regulation. (b) In the first oral communication with a customer or in the first written response to an inquiry by a customer, other than an oral communication or written response the primary purpose of which is to arrange an appointment with the invention developer for presentation of his invention development services, the invention developer shall cause the following disclosures to be made to each customer:

1. A statement of the fee charged, if known, or a statement of the approximate range of fees charged; a statement, if applicable, that a portion of the fee charged will be paid as a commission or other similar payment to a person inducing, directly or indirectly, a customer to contract for the services of the invention developer; and a statement of the approximate portion of the fee charged, if any, that will be expended for services relating to patent matters.

If your idea or invention is patentable, copyrightable, or subject to trademark protection, or infringes on an existing valid patent, copyright, or trademark or a patent, copyright, or trademark for which application has been made, your failure to inquire into these matters may affect your rights to your idea or invention."

(8) **REMEDIES.**—

(a) The provisions of this section are not exclusive and do not relieve the parties or the contract

subject thereto from compliance with all other applicable provisions of law.

(b) Any contract for invention development services which does not comply with the applicable provisions of this section shall be void and unenforceable as contrary to public policy. However, no such contract shall be void and unenforceable if the invention developer proves that noncompliance was unintentional and resulted from a bona fide error, notwithstanding the use of reasonable procedures adopted to avoid any such errors, and makes an appropriate correction.

(c) Any contract for invention development services entered into in reliance upon any willful and false, fraudulent, or misleading representation by the invention developer shall be void and unenforceable.

(d) Any waiver by the customer of the provisions of this section shall be deemed contrary to public policy and shall be void and unenforceable.

(e) Failure to make the disclosures required by subsection (7) shall render any contract subsequently entered into between the customer and the invention developer voidable by the customer.

(f) Any person who has been injured by a violation of this section by an invention developer; by any false or fraudulent statement, representation, or omission of material fact by an invention developer; or by failure of an invention developer to make all the disclosures required by subsection (7) may bring a civil action against the invention developer for the greater of the following amounts:

1. \$3,000; or
2. Three times the amount of the actual damages, if any, sustained by the plaintiff.

In addition to the greater of the preceding amounts, the court may award reasonable attorney's fees to the plaintiff.

Any person claiming against the bond may maintain an action at law against the invention developer and the surety. If the escrow account for said taxes is deficient, the lender shall notify the depositor within 15 days after the lender receives the notification of taxes due from the county tax collector. (3) Any statement of satisfaction agreed or attested to which is not in compliance with the provisions of this section shall be null, void, and of no force or effect.

(3) Upon motion of the enforcing authority or any interested party in any action brought under subsection (1), the court may make appropriate orders, including appointment of a master or receiver or sequestration of assets, to reimburse consumers found to have been damaged, to carry out a consumer transaction in accordance with consumers' reasonable expectations, to strike or limit the application of clauses of contracts to avoid an unconscionable result, or to grant other appropriate relief. The court may assess the expenses of a master or receiver against a supplier.

(4) If a supplier shows that a violation of this part resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid the error, recovery under this section is limited to the amount, if any, by which the supplier was unjustly enriched by the violation.

(5) No action may be brought by the enforcing authority under this section more than 2 years after the occurrence of a violation of this part, or more than 1 year after the last payment in a consumer transaction involved in a violation of this part, whichever is later.

(6) The enforcing authority may terminate an investigation or an action upon acceptance of a supplier's written assurance of voluntary compliance with this part. Acceptance of an assurance may be conditioned on a commitment to reimburse consumers or to take other appropriate corrective action. An assurance is not evidence of a prior violation of this part. However, unless an assurance has been rescinded by agreement of the parties or voided by a court for good cause, subsequent failure to comply with the terms of an assurance is prima facie evidence of a violation of this part. No such assurance shall act as a limitation upon any action or remedy available to a person aggrieved by a violation of this part.

#### **501.208 Cease and desist orders; procedures.—**

(1) Whenever the Department of Legal Affairs has reason to believe that a person has been, or is, violating this part, and if it appears to the department that a cease and desist order against such violation would be in the interest of the public, it shall issue and serve upon such person a complaint and order stating its charges in that respect and containing a notice of a hearing upon a day and at the place therein fixed at least 30 days after the service of said complaint. Said hearing shall be held in conformity with the provisions of chapter 120.

(2) The department may modify or set aside its order at any time by rehearing upon its own motion when such rehearing is in the interest of the public welfare.

(3) Judicial review of orders of the department shall be in accordance with the provisions of s. 120.68 and shall take precedence over other civil cases pending and shall be expedited in every way.

(4) An order of the department to cease and desist shall not become effective until 10 days after all administrative action has been concluded or, if appeal is made to the district court of appeal and bond is posted, until a final order has been entered by that court.

(5) No cease and desist order shall act as a limitation upon any other action or remedy available to a person aggrieved by a violation of this act.

(6) When a court remands an order of the department for rehearing, such rehearing shall be held within 45 days after the remand.

(7) Any person who violates a cease and desist order of the department after it has become final and while such order is in effect shall forfeit and pay to the state a civil penalty of not more than \$5,000 for each violation which shall accrue to the state and may be recovered in a civil action brought by the state. Each separate violation of such an order shall be a separate offense, except that in the case of a

violation through continuing failure or neglect to obey a final order of the department, each day of continuance of such failure or neglect shall be deemed a separate offense.

History.—s. 1, ch. 73-124.

**501.2091 Stay of proceedings pending trial.**—Notwithstanding anything in this act to the contrary, any person made a party to any proceeding brought under the provisions of this part by any enforcing authority may obtain a stay of such proceedings at any time by filing a civil action requesting a trial on the issues raised by the enforcing authority in the circuit court in the county of said party's residence. All parties shall be bound by the final order of the circuit court.

History.—s. 1, ch. 73-124.

#### **501.2101 Enforcing authorities; moneys received in certain proceedings; Consumer Frauds Trust Fund.—**

(2) There is created in the State Treasury a trust fund to be known as the Consumer Frauds Trust Fund. Money deposited therein shall be disbursed to the enforcing authority responsible for its collection for the funding of activities conducted by enforcing authorities pursuant to ss. 501.201-501.213, inclusive.

(3) Any moneys received by an enforcing authority and neither received as reimbursement for attorney's fees and costs of investigation and litigation nor used to reimburse consumers found under this law to be damaged shall accrue to the state and be deposited as received in the General Revenue Fund unallocated.

History.—s. 6, ch. 79-386.

#### **501.2105 Attorney's fees.—**

(1) In any civil litigation resulting from a consumer transaction involving a violation of this part, except as provided in subsection (5), the prevailing party, after judgment in the trial court and exhaustion of all appeals, if any, shall receive his reasonable attorney's fees and costs from the nonprevailing party.

(2) The attorney for the prevailing party shall submit a sworn affidavit of his time spent on the case and his costs incurred for all the motions, hearings, and appeals to the trial judge who presided over the civil case.

(3) The trial judge shall award the prevailing party the sum of reasonable costs incurred in the action plus a reasonable legal fee for the hours actu-

ally spent on the case as sworn to in an affidavit.

(4) Any award of attorney's fees or costs shall become a part of the judgment and subject to execution as the law allows.

(5) In any civil litigation initiated by the enforcing authority, the court may award to the prevailing party reasonable attorney's fees and costs if the court finds that there was a complete absence of a justiciable issue of either law or fact raised by the losing party or if the court finds bad faith on the part of the losing party.

(6) In any administrative proceeding or other nonjudicial action initiated by an enforcing authority, the attorney for the enforcing authority may certify by sworn affidavit the number of hours and the cost thereof to the enforcing authority for the time spent in the investigation and litigation of the case plus costs reasonably incurred in the action. Payment to the enforcing authority of the sum of such costs may be made by stipulation of the parties a part of the final order or decree disposing of the matter. The affidavit shall be attached to and become a part of such order or decree.

(1) Without regard to any other remedy or relief to which a person is entitled, anyone aggrieved by a violation of this part may bring an action to obtain a declaratory judgment that an act or practice violates this part and to enjoin a supplier who has violated, is violating, or is otherwise likely to violate this part.

(2) In any individual action brought by a consumer who has suffered a loss as a result of a violation of this part, such individual may recover actual damages, plus attorney's fees and court costs as provided in s. 501.210; however, no damages, fees, or costs shall be recoverable under this section against a retailer who has, in good faith, engaged in the dissemination of claims of a manufacturer or wholesaler without actual knowledge that it violated this part.

(3) In any action brought under this section, upon motion of the party against whom such action is filed alleging that the action is frivolous, without legal or factual merit, or brought for the purpose of harassment, the court may, after hearing evidence as to the necessity therefor, require the party instituting the action to post a bond in the amount which the court finds reasonable to indemnify the defendant for any damages incurred, including reasonable attorney's fees. This subsection shall not apply to any action initiated by the enforcing authority.

**History.**—s. 1, ch. 73-124.

**501.212 Application.**—This part does not apply to:

(1) An act or practice required or specifically permitted by federal or state law.

**501.913 Registration.**—On or before July 1 of each year, and before any antifreeze may be distributed, the manufacturer, packager, or person whose name appears on the label shall make application to the department on forms provided by the department for registration for each brand of antifreeze which he desires to distribute. The application shall be accompanied by specimens or facsimiles of its labeling, an inspection fee of \$200 for each product, and a properly labeled sample of the antifreeze. The department may inspect, test, or analyze the antifreeze and review the labeling. If the antifreeze is not adulterated or misbranded, the department shall issue a certificate of registration, authorizing the distribution of such antifreeze in this state for the permit year. If the antifreeze is adulterated or misbranded, the department shall refuse to register the antifreeze and shall return the application stating how the antifreeze or labeling is not in conformity.

address of the manufacturer, packager, or distributor, which states the net quantity of contents (in terms of liquid measure) separately and accurately in a uniform location upon the principal display panel, and which contains a statement warning of any hazard of substantial injury to human beings which may result from the intended use or reasonably foreseeable misuse of the antifreeze.

(2) If the product is to be diluted with another substance for use and the label on a container of less than 5 gallons, or the labeling for a container of 5 gallons or more, does not contain a statement or chart showing the appropriate amount, percentage, proportion, or concentration of the antifreeze to be used to provide claimed protection from freezing at a specified degree or degrees of temperature, claimed protection from corrosion, or claimed increase of boiling point or protection from overheating.

(3) Refuse to permit entry or inspection or to permit the acquisition of a sample of the antifreeze as authorized by s. 501.917.
